**CYCLONE HOSE
COMPANY MEETS**

Installed New Officers—Vote of
Thanks to Ladies Who Decorated
Cart

At the regular meeting of the Cyclone Hose Co. last evening the newly elected officers were installed. Two new members, Harry Hobbs and Fred G. Stickle, were admitted. A vote of thanks was tendered Mrs. A. W. Livermore, Miss Grace Mount and Miss Huffer for decorating the company's hose cart for the celebration parade and to little Gertrude Livermore for riding on the cart. The company will make her a beautiful present for her services. After the meeting the members partook of refreshments.

**A RUNAWAY
THIS MORNING**

Coleridge McKelroy's team attached to a light hack, while standing on Park street in the rear of Hall's grocery store this forenoon about 10 o'clock, became frightened and ran away. They circled around the west park and were going west on Eighth street at a lively gait when they were stopped a little west of Willamette street. The tongue of the vehicle was down and dragged on the ground the entire distance, but luckily was not broken. No material damage was done. Mr. McKelroy was thrown under the wheels of the hack when the horses first started but aside from several bruises he was unhurt.

**REBEKAHS HELD

Mollie Whitmore; secretary, Jack Willoughby; treasurer, Georgiana Svarverud; wardens, Arminia Heller; conductor, Ellen Green; chaplain, Sadie Stiles; I. G. Mattie Inman; O. G. May Ballman; R. S. N. Acknowledgement

We desire to publicly acknowledge our grateful thanks to the following persons who so nobly stood by their conviction of right and justice and humanity in our recent trouble. We trust that we may further vindicate their confidence in the honesty and uprightness of our purposes and intentions during all their future acquaintance and relations with us.

These are the names we shall ever hold in grateful remembrance: Witnesses O. B. Hale, W. D. Taylor, A. E. Anderson, Arthur Jones, A. L. Frasier, Emmett Withrow, Ernest Duckworth, John Hise and Chas. McCutcheon; Justice Wintermeier and Constable Jack Smith for courtesies; Bondsman J. C. Richardson, E. H. Hawkins and B. M. Manville, Attorneys Kissinger, Chazem and Ladd, for their untiring faithfulness. Deputy District Attorney Williams and District Attorney Brown for their unswerving honesty. Judge Haris for his kindly advice and the grand jurors for their recommendation to the court.

With the measure they have meted out to us may friendship and sympathy in time of need be measured to them. "Good measure, pressed down and running over," and that we may be constantly permitted to add deeds to these inadequate words is our earnest desire.

W. B. SMITH and FAMILY.

VIBRATION

Electricity is a force resulting from the vibrations of ether waves. Owing to the fact that life force is also vibratory ether, the effect of electricity on the human body is very pronounced. If from any cause the vibratory rate of the etherical life waves in the human body is lowered, vitality is weakened and sickness is the result.

An application of electricity by a skillful physician who understands the law governing its action is the most powerful healing force that can be applied. It raises the vibratory rate to its normal condition, and health is restored. As to results, read the case appended, cured by Dr. Darrin, at Hotel Smeede.

Miss Anderson is very well-known and is living at the Hoffman House, Eugene, and will answer all questions concerning the treatment and cure.

MISS ANDERSON'S CARD.

Dr. Darrin: Dear Sir: It gives me pleasure to express my grateful appreciation of your skill in successfully curing me of deafness and catarrh. I had for some time been afflicted with catarrh in the head, which affected my hearing. I am gratified to say that after a few electrical treatments by you my hearing has been entirely restored and the catarrhal condition has passed away.

I am very gratefully yours,
MISS ANNA ANDERSON,
Hoffman House,
Eugene, Or.

Tomorrow evening the boys will give an entertainment in the opera house to help defray the expenses of the trip.

**FELT LIKE HE HAD

A Eugene party writing the Guard says the fair is a disappointment, but found good rooms and board cheap at the rate of \$1 a week for board and lodgings.

He thinks the California building the best and found the Trail a frost. In speaking of Homer Davenport's farm he said "I felt like I had put 50 cents in the collection box at church—contributed to charity."

**WATER
TANK FOR
EUGENE**

May Mean Construction
of Springfield-Henderson Cutoff

Material on Ground for Steel
Tank at West End of Southern Pacific Yards
Here

Material is on the ground for the erection of a steel water tank at the western end of the Southern Pacific Co.'s yards in this city.

At present a tank is not necessary at this point, all trains watering at Junction. The erection of the tank probably means that the company's plans to make Eugene the terminal of the Weeding-Springfield branch by the construction of the connecting link between Springfield and Henderson will be consummated this summer or fall.

Local employees of the company say that they do not know the meaning of the building of the tank.
