Binger Hermann

The placing of Binger Hermann's trial at the foot of the list in the land fraud trials, at Portland, indicates that the genial hand shaker will first have to face serious charges before a Washington, D. C. court. If Mr. Hermann is convicted at Washington it will be hard sailing and he will be fortunate indeed should he escape with a heavy fine.

Pathetic Incident

The most pathetic incident of the land fraud trials is connected with the death of the late Judge Bellinger. When Judge Bellinger fully understood the magnitude of the cases against his life-long firm and faithful friend, Senator Mitchell, he asked the president, under the circumstances that they had been virtually raised together, were the best of friends, and fellow lodge members, to excuse him from sitting in the trials. The president firmly refused and upon receiving the word, tears fell thick and fast from the late honored judge and burying his head in his arms, between his sobs he said: "They should have granted me this one favor. I would rather die than hear these trials." Such was the noble, honored character of the deceased judge, who was maligned and misrepresented by a few Oregon papers before his death, and who has been followed to his grave by vituperative unprincipaled few writers of Oregon.

The Diamond Cure

The latest news from Paris is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Varleed, Tenn. "I had a cough for fourteen years. Nothing helped me until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequalled quick cure, for throat and lung troubles. At W. L. DeLano's drug store; price 50c and $1.00, guaranteed. Trial bottle free.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all that this morning. You can use this in behalf of suffering humanity." B. F. Fisher, Roanoke, Ill.

THE HOP CROP SHORTAGE

Serious Conditions Over the Pacific Coast— Lane County Hops in Good Condition

The Oregonian has a long article on the seriousness of the present condition of the hop crop. The Guard gave this news to the public 10 days ago when the conditions became alarming. The fact of the matter is that in many parts of the state spraying has never been resorted to and this season the lice have taken the yards in the northern part of the state. The Portland paper has interviews with leading hop-yard men and all acknowledge that irreparable damage has been done and the many yards where spraying will not be done will practically be annihilated unless a long hot, dry season should occur, which is not likely. Taken into consideration that in many yards missing hills are very numerous the situation is grave.

Lane County hops have but few missing hills and have not been seriously effected by lice. In the Campbell & Walker yards spraying commenced nearly two weeks ago and the yards are nearly clear of lice and are in the best condition for years.

Lane county will produced a normal yard, but no other section in the United States will do so.

SSS FOR THE BLOOD

"S. S. S. for the blood" has become a household saying. When the blood ... needs treatment from any cause, this great remedy is the first thought and used by thousands of people all over the country, because it is superior to all other blood purifiers. It is a purely vegetable remedy which penetrates the circulation and forces out all poison and impurities, and also builds up the entire system by its fine tonic effect. During the winter months the natural avenues of bodily waste have become dull and weak and failed to perform their full duty, the blood has been sluggish and an extra amount of poisons and waste matters have accumulated in the system and been absorbed by it. With the coming of Spring and warm weather the blood is aroused and set in action and in its effort to throw off these acids and poisons ... fers. Boils, pimples, blotches, rashes and eruptions ... tinue until the blood is cleansed and made pure. S. S.
