THURSDAY, JULY 13.

Four Republicans down in Marion county have made it known that they would willingly take the seat in congress now held by good-natured, smiling Binger Hermann. No use. When Binger was kicked out of the big position of commissioner of the general land office back at Washington by a Republican president what did he do? Just came back to his dear old Oregon, got the nomination for congress against a lot of clean candidates in the convention, and then the Republicans whose president had kicked him out of office just sent him back to keep at least official company with that president. Few men could withstand such political jolts as have at one time and another fallen to Binger's lot.

A circumstance occurring near New York the other day shows that being "born with a silver spoon in the mouth" is not all that it is popularly supposed to be. A millionaire woman went off automobiling, leaving her only child, a two-year-old son, in charge of a nurse. Wheeling it about the grounds the nurse left the carriage, in which the child was securely strapped, on the gentle slope of the bank of a lake while she gossipped with the laundress. Returning there was no sign of the carriage, but its tracks led into the lake. Grappling irons were secured and the carriage with the baby was soon taken from a ten-foot depth of water. While they hopelessly worked to resuscitate the child the mother returned and became hysterical and inconsolable. She has something to think about the rest of her life.

The latest news from Paris is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Varleed, Tenn. "I had a cough for fourteen years. Nothing helped me until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequalled quick cure, for throat and lung troubles. At W. L. DeLano's drug store; price 50c and $1.00, guaranteed. Trial bottle free.

A Correction

Editor Guard —In your issue of yesterday you mention a certain little dinky firm shipping carloads of pianos and organs direct from the factories to Eugene and thus "skinning" those who handled consigned goods.

In the first place I wish to say that that firm never has shipped a carload of pianos or organs from the factory to Eugene, and I don't believe it ever will.

By insinuation you might lead some to think that that little concern did not handle consigned goods, but to a thoughtful person it would look as if said firm's bank account was not large enough to pay the freight on a carload of pianos from the East, much less pay for the pianos themselves. How does he get them? If that firm does any "skinning" it is done to their customers and not to other dealers, except, perhaps, when they send a new salesman to other dealers' stores to spy on them and learn how to sell a piano and then by misrepresentation try to break the sale, as no honorable man would do.

I do not ship pianos from the factory direct to Eugene because Eugene has not "terminal freight rates." By having these shipped to Portland (a terminal) I manage to save my customers $15 to $20 freight on each piano.

By being a stockholder I am the manager of the business of Eiler's Piano House in Lane county and they are known to be the second largest dealers in America, and handle several of the finest class of pianos, such as Chickering, Weber, Decker, Steck, Hazleton and others, which take rank far above any that said little dinky dealer represents.

Please to investigate and see if all the leading teachers of music use pianos from my line or from the other man's. It is a well known fact that all first-class pianos are controlled on this coast by the large dealers and must be obtained through them and not "from the factory."

Yours truly,
F. A. RANKIN.

MALARIA

UNDERMINES THE HEALTH

When the germs of malaria enter the blood the entire health is affected, and if the blood is not purified of these germs and microbes, Chronic Sores and Ulcers, Liver Splotches, Chills and Fever, Boils, Aches and Pains, and a great variety of troubles manifest themselves, and soon the entire system is undermined, leaving the sufferer a prey to a most miserable, weak and nervous condition.

913 W. Market St., Louisville, Ky.

For several years I suffered with Chills and Fever, caused by Malaria in my system, and each summer for several years I would have a relapse. Finally my physician prescribed S. S. S. I took a few bottles; this was about six years ago. It entirely cured me, and I have never been troubled since. I am sure no other medicine could have given me so complete and immediate relief, and I cannot speak too highly of S. S. S. My partner in business is now taking S. S. S. for an eruption of the skin, and a general run-down condition of the system, and although he has taken but one bottle, already commences to feel better.

I. SHAPOFF.

S. S. S. counteracts and drives all the poison from the blood and builds up the system by its fine purifying qualities and tonic effects. It strengthens every part, increases the appetite, helps the stomach and digestion, and by supplying the body with rich, pure blood, cures Malaria and all its disagreeable ailments. Unlike most blood medicines S. S. S. is purely vegetable. It does not contain a particle of mineral of any kind to disagreeably affect the stomach, digestion and bowels, but by cleansing and strengthening the blood, puts every part of the body in healthy condition. Book on the blood and any medical advice desired without charge.
