Note and Comment

Some of Kansas' good people are offended because Nick Chiles, a negro, has purchased a residence almost against that of the governor of the state. If the governor has the wind on his side and can stand it, his constituents certainly should borrow no trouble on his account.

That must have been a sight worth seeing, the mad stampede of 2500 women after bargains in a Kansas City department store Wednesday. The curiosity of the affair, though, lies in the bargains they were after, the firm having advertised: "Bargains. Men's overalls, 10 cents; men's shirts, 10 cents." Ordinarily they would have cared nothing for the shirts and overalls—that is, without a man in them.

Modern ingenuity made a very pretty display for the Lewis and Clark fair possible today—the freezing of a 63-pound salmon in a block of ice.

It is reported that Japan will ask the cession of Sakhalin island, Russia's right of occupancy of the Liao Tung peninsula, including Port Arthur, the Siberian railroad from the coast to Harbin, the return of Manchuria to China and an indemnity of a billion dollars. All except the last Japan has at present or within her grasp. It is all she can take by force, and it is not probable that Russia will be foolish enough to throw in a billion dollars, even one dollar for that matter. She don't have to—cannot be compelled.

Governor LaFollette, of Wisconsin, on John D. Rockefeller:

He gives lots of money to missionaries. His hands reach out in all directions. They have been in all industries and he is strangling and throttling them one after another. Charity? Great God! If Rockefeller lived a million years he could not expiate the crimes he has committed in robbing his competitors.

A Wart or Pimple MAY BE CANCEROUS.

When a wart, mole or pimple shows any sign of tenderness it is a warning that bad blood is behind it. Often these that are on the face, hands, legs or other part of the body for years, and give no sign to cause uneasiness, and then one day a little rough handling, a slight cut with a little rough handling, a slight cut or bruise will develop into a sore that refuses to heal, and the sufferer finds himself afflicted with a cancerous ulcer.

About three years ago a blister came on the right side of my nose. It grew up the side of my nose. It began to hurt, and the pain was not very severe at first, but increased when the sore began to get well, but the sore would drop off, leaving a red, angry looking ulcer, and almost despairing of ever curing it, I had almost despaired of ever curing it, when my attention was called to S. S. S., when I began to gradually grow smaller, the discharge stopped and I was cured. Owensboro, Ky. JNO. MASSIE.

If the blood is pure and healthy these sores cannot exist. S. S. S. is the ideal blood purifier. It cleanses the blood of all poisons and impurities, making it strong and vigorous and able to supply the body with the strength and nourishment it needs. There is nothing that acts so promptly as S. S. S., toning up the entire system, helping the general health and curing sores permanently.

Do not let a wart or pimple develop into a cancerous ulcer, but purify your blood with S. S. S. It is nature's remedy, purely vegetable, and while driving all poisons from the blood, will build up every part of the system. Book on the blood and any medical advice desired will be given without charge, to all who write.
