AN INDEPENDENT PAPER.

FRIDAY, MARCH 16

Probably there will be a streak of calamity running through Grosvenor's predictions for some time, although he may try manfully to cheer up.

Further testifying to Mr. Longworth's fitness for a career in diplomacy, he has just given Uncle Joe Cannon an eighteen-inch cigar.

Ten minutes after her wedding a Wisconsin bride was told that every time her husband snipped his finger he expected her to jump, so she skipped.

A Milwaukee woman has brought suit for \$750,000 because her husband was persuaded to leave her. It would be hard to produce evidence to establish the value of a husband at that price.

Do you suppose those Idaho prisoners are going to confess to the blowing up of the Maine, the burning of Chicago and the assassination of Julius Caesar before they are through?

Senator Foraker will now be obliged more than ever to scorn the railway pass, lest some one should hint that it caused him to make his great fight for the "preservation of the constitution."

They have some foreign born people back in Wisconsin. A copy of the Madisonian, published at Madison, at hand, bears the announcement: "Only English Democratic paper in Dane county." The advertisements with few exceptions carry foreign names.

That was a big snowstorm out across the mountains through Lake and Klamath counties Sunday. At Lakeview the snow began falling at seven in the morning and continued for thirty hours. Here are the reports from the several localities: Silver Lake and Summer Lake valleys, 42 inches; Chewaucan valley, 22 inches; Crooked Creek valley, 24 inches; Warner valley, 25 to 43 inches; Drew's valley, 30 inches; Goose valley (Lakeview), 18 to 24 inches of snow. Of course stock will suffer unless it thaws.

Eighth Grade Examinations

The final eighth grade examination for the public schools will be held on May 17 and 18, June 14 and 15, 1906.

Teachers who have pupils ready for the examination should notify the chairman of the school board, whose duty it is to conduct the examinations in person or appoint some one other than the teacher, and notify me of the number of questions and who is to conduct the said examination so the examiner may receive the questions in time.

W. B. DILLARD,
County Superintendent.

For the Public Benefit

O. C. Mickelson would like the public to read what Dr. Harris says: "I have had the O. C. Mickelson & Co. dairy examined and find everything in a satisfactory condition."

J. W. HARRIS,
Co. Health Officer,
February 10, 1906.

CAKE OUT FOR UNITED STATES SENATOR

I believe the public service corporations should be subject to governmental regulations and control. The power of regulation should be vested in the Interstate Commerce Commission and should be exercised with due regard to the respective rights of the people and the corporation.

Trusts or combinations of capital organized for the purpose of controlling the utilities and necessities of the country, to the exclusion of legitimate competition, are contrary to public policy, in derogation to the rights of the people, and should come under the ban of the law.

I believe in preserving the dignity of our American citizenship and the freedom of the laboring classes of this country, hence I am opposed to the admission of the Chinese coolie labor of China and the undesirable classes of continental Europe.

The growing commerce of Oregon demands the deepening of the bar of the Columbia river, the construction of The Dalles-Celilo canal, the opening of the upper Columbia, the improvement of Coos Bay, Tillamook and Yaquina harbors, the dredging of the Willamette and the government ownership of the locks at Oregon City and Federal appropriations should be made, securing these improvements.

A tariff should be maintained for the protection of American industries and American labor. Where, however, the necessity for protection is removed by the growth and development of a particular industry, the tariff should be modified to meet the changed conditions.

The reclamation of the arid lands is one of the pressing needs of the Northwest, and a condition necessary to its development, and the efficiency of the reclamation service should be one of the first cares of the Federal government.

The Federal constitution should be amended to provide for the election of United States senators by direct vote of the people, and I am in favor of the establishment of the parcels post.
