Cottage Grove Citizens Formulate Forceful Protest to Senator Fulton

Assert That Land Is Not Agricultural—Only Valuable for Timber. Favor Sale of Timber By Government

Cottage Grove, March 29.—In view of the general resentment of the people of this section regarding the circular letter recently received from Senator C. W. Fulton relative to the throwing out of 50,000 acres now in the reserve and advocated by Judge G. R. Chrisman in a letter of recent date to the senator, a mass meeting was held in this city on Monday evening. The meeting was well attended, and a number of short addresses antagonistic to such a procedure were made by prominent citizens, after which by unanimous consent of those present a committee on remonstrance was appointed to draft a letter denouncing any attempt to molest the present boundaries of the forest reserves of Lane county. The following is the text of the letter drafted and forwarded to Senator Fulton:

Cottage Grove, Or.,
March 27, 1906.

Senator C. W. Fulton,
Washington, D. C.
Honorable Sir:—Relative to your letter of March 13, in which you call attention to the advisability of releasing possibly 50,000 acres from the forest reserves in Lane county, and in which you invite the expression of the public, taking the affirmative that said area is more valuable for "other than forestry purposes," we, a committee on remonstrance appointed in mass meeting assembled on the evening of March 20, 1906, beg leave to say:

We are opposed, positively opposed, to any act that treats upon any attempt, in whatsoever manner, to open any part of the government reserve in Lane county, Oregon, to settlement.

We hold that there is not in the reserve above mentioned 500 acres that, in the true meaning of the law, is fit for settlement for agricultural purposes.

We advocate the purchase of matured timber on the reserves, by mill operators, at reasonable prices, in reasonable quantities, with reasonable limitation of time as the essence of the contract, without discrimination, always bearing in mind that the small operator is entitled to the same protection and consideration as the large one, but we do not believe that it is sound policy on the part of the gov-

ernment to throw a single acre out of the protection of the government reserve.

We believe, in opening this land to settlement at this time, the government would invite another land fraud scandal as, in our judgment, in nearly every instance a man to lay title to said land, from an agricultural viewpoint, would be obliged to perjure himself in the strict meaning of the term.

We beg of you to use every energy in your power to discourage every movement pointing to the molestation of the present boundaries of the forest reserves in Lane county, Oregon. Respectfully submitted,
(Signed by Committee.)

Goshen Items

Goshen, March 27.—Friday of last week our town received quite an accession to its population, when the tracklaying crew of the S. P. R. R. laid the new rails into Goshen. There were about one hundred and fifty men in the crew.

Last Friday the Goshen school debated the question, "Resolved, That it would be a benefit to the state if women have equal voting privilege with men." The affirmative won.

Saturday the executive committee of the district Sunday school convention held a meeting at the U. B. church to formulate a program and assign subjects for the Sunday school convention to be held at Trent April 22, 1906.

Saturday evening about 60 or 80 of the classic tracklayers were moved to a temporary sidetrack a mile north of Goshen and the sound of festivities has somewhat abated.

Sunday the section crew were busily engaged in driving home the few spikes the warlike Greeks had stayed the rails with and adding the remainder of the quota and otherwise making the track safe.

Mrs. Joseph Smith and daughter Rubie boarded Monday's northbound train for Harrisburg and Halsey on business and pleasure bent.

Mrs. V. B. Mathews returned Monday from Coburg, where she has been visiting her sister since Thursday.

Saturday at Pickett's

Bargain day comes once a week. Last Saturday we sold flour at 85 cents per sack. Next Saturday, March 31, we place on sale 50 sacks BEST CANE SUGAR, 18 LBS. FOR \$1.00. Also your choice of our entire line of Universal stoves and ranges at cost. One day only and for cash:

WILL WORK GRAVEL BAR AT ONCE

Southern Pacific Is Securing Right-of-Way to Land Across the River

Will Commence Work on Spur and Trestle Within a Few Days. Gravel Is to Be Used As Ballast.

J. B. Eddy, right-of-way agent of the Southern Pacific Company, was in Eugene today making arrangements to secure the lease of land on which is situated the gravel bar across the river from the old tannery.

As previously stated by the Guard, the company will use the gravel from this bar for ballast in the reconstruction work of the main line in the Willamette valley, which will be done this summer and it is probable that this gravel will be used in ballasting the proposed Drain-Coos Bay line and the Natron-Klamath Falls extension.

A temporary trestle will be built across the river, extending from the main track near the old tannery to the gravel bar. Mr. Eddy says the trestle will be torn out as soon as the work now in contemplation is completed.

Mr. Eddy told a Guard reporter that just as soon as arrangements for entering upon the land in question are finished, the company will begin to build to the gravel bar. He thought it would be a week or ten days before the matter is settled.

The taking of gravel from this bar by the railroad people will mean the expenditure of a large sum of money in Eugene this spring and summer. There will be a large crew of men employed on the bar and this city will be made the terminal point for several gravel trains, their crews making this their headquarters.

McPHERSON MAY BE A CANDIDATE

For Councilman of First Ward in Opposition to W. W. Calkins, Ownership Nominee

P. J. McPherson, at the earnest solicitation of his friends, will probably run for the office of councilman in the first ward, in opposition to W. W. Calkins, the municipal ownership candidate. Because of the fact that Mr. McPherson's petition was not filed within the required time his name will not appear upon the ballots at the election, but it is understood that his name will appear as an independent candidate and those who desire to vote for him may write his name on the ballot and put a cross opposite.

SERMON-LECTURE AT PLEASANT HILL

Mr. Horn is to give a sermon-lecture at the Pleasant Hill Christian church Sunday, April 1, at 11 a. m. on the subject, "The Ideal Young Woman." Among the questions that have been handed out to several young men of this neighborhood are the following:

1. Will the ideal young woman be a Christian?
2. Will she use slang or profane speech?
3. Are dancing, card playing or wine drinking accomplishments which you admire in her?
4. Shall we judge her by the same moral standard by which we judge young men?
5. What one quality do you most admire in her?
6. What is the most common fault of young women?
7. Would she cease to be ideal if she had the privilege to vote at all elections?

Merchants Attention

There will be a called meeting of the Merchants' Protective Association tonight at 8 p. m. All members urged to be present.

D. E. YORAN, Pres.

R. R. KNOX, Sec.

Governor—George E. Chamberlain, Multnomah.

Justice of the Supreme Court—T. G. Bailey, Umatilla.

Representative in Congress—First district, Charles V. Galloway, Yamhill; P. A. Cochran, Marion.

Representative in Congress—Second district, James Harvey Graham, Baker.

United States Senator—John M. Gearin, Multnomah.

State Printer—J. Scott Taylor, Klamath.

Secretary of State—P. H. Swat, Marion.

State Treasurer—J. D. Matlock, Lane.

Note and Comment

Some of the municipal ownership advocates claim that the Guard misrepresented facts in its editorial yesterday. It is claimed that there is no contention on the light question at the present time and it should be eliminated from the contest, although it is admitted that future circumstances may cause this to be taken up again. A vigorous denial is made that the municipal ownership ticket is lining up with the temperance voters and the statement is made that there is no intention of meddling with the present state of affairs as regards saloons. The editorial as given was an impartial view as it was seen by the editor of the Guard, and we trust that the questions named are not involved. That this matter may be settled the Guard invites each of the candidates to state his position on these matters, so the public will be exactly acquainted with the situation.

Cheap as Dirt

For this week only you can buy 40 cents' worth of the best 5-cent soaps made for only 25 cents, 25 cents' worth to a customer. See window full of soap.

HULL'S DRUG STORE.
