Some 3200 Why C. A. Johns Should Be Nominated

He is a native-born citizen of the United States, 48 years old, in the prime of life and a type of the energetic and progressive element in the Republican party. Is a pioneer of Oregon. Has resided twenty-nine years in the Willamette valley, and thirteen years in Baker City. Graduated from the Willamette University with an A. B. degree in 1878 and was admitted to the bar in 1881. He has always taken an active interest in public affairs. Was elected mayor of Baker City in 1891, re-elected in 1902, and again in November, 1904, by the largest majority ever received by a candidate for that office. In June, 1905, was elected school director for the fourth consecutive term and received every vote cast. Has always taken an active, personal interest in educational affairs.

Excluding schools, he has the support and endorsement without regard to party, of practically every business interest in Baker county. Is qualified by nature, learning and experience to fill that position. Has never been a factional man, is not a factional candidate and would not be a factional governor. Has always been a Republican and a loyal supporter of its ticket and principles. His nomination would harmonize and unite the party and insure the election of a Republican governor. He is the choice of Eastern Oregon, which, in the congressional election of 1904, cast nearly seven thousand more votes than Multnomah county. Baker County is one of the largest in Eastern Oregon, and in its whole history has never received any political recognition by the Republican party, either state or federal, by election or appointment.

Charles A. Johns has been a man of affairs in the history of the state and of Eastern Oregon in particular; his integrity has never been questioned; has a clean record and the support and confidence of the people. He is recognized as one of the leading lawyers of the state, and as a campaigner has no superiors and but few equals in the state of Oregon. No man ever had a stronger home endorsement.
