EARTHQUAKE AND FIRE AT SAN FRANCISCO

Continued from page 1.

ed if they cannot stay the flames quickly. General Funston has ordered out
the entire military force to guard property and preserve order. As yet there
is little disorder.

Fire Chief Sullivan and Chief of Police Finner were killed under falling
ruins. All saloons have been closed by order of the mayor, and all business
is suspended.

Howard and Mission streets are blazing furnaces. On Battery the whole-
sale firm of Lery Strauss, Payette, Upham & Co., Dinkelspiels & Hayman
and the California Game Association are destroyed. The Mutual Life Insur-
ance building on Market at the Beal & Rosenbaum Clothing Co., on San-
sone street, are totally destroyed. Bryon & Jackson, pump dealers, Van
Wink & Alexander and the Yost Hardware Co., at Market and Sacramento
streets, are gutted.

Sacramento, April 18, 3 p. m.—An earthquake shook at 5:15 this morn-
ing practically wrecked half of the city of San Francisco. All wires, tele-
phone and telegraph, are down except the private railroad wire to Oakland,
but news just received from the railroad office states: The hotel, Call,
Carondelet and many of the tallest buildings cracked and every building
over three stories high was badly damaged. The Palace Hotel and many other
buildings are on fire. The loss of life is great, and the city water works is
partially wrecked and no water available for drinking fire. The railroad
tracks at Suisun, between the city and San Francisco, has sunk six feet,
cutting off all railroad communication. The shock was very severe in this
city. The Federal building was badly cracked and chimneys were torn
down. Also severe shocks were felt at Stockton and surrounding towns,
but there was no loss of life outside of San Francisco. The earthquake ex-
tended for hundreds of miles. There were severe shocks for three minutes in
Sacramento, but nobody was injured. The electric plants at San Francisco
failed and the gas mains were broken. It is estimated that 2500 are dead.

Sacramento, April 18, 3:30 p. m.—San Francisco south of Market street
in the business portion is a mass of flames. At this hour it is estimated
that the dead will not exceed 1200. Except for the light from the flames the
city will be in darkness tonight. Thousands are made homeless and great
suffering will be experienced, food supplies being scarce. The people are in
a state of horror, expecting a repetition of the earthquake.

FORMER EARTHQUAKES IN CALIFORNIA

During May, 1812, the whole south-
ern portion of California was violent-
ly agitated, shocks continuing through-
out the summer.

In June and July, 1838, there were
numerous severe shocks at San Fran-
cisco.

On October 8, 1855, the re-
gion adjacent to the bay of San Fran-
cisco was violently disturbed and
many buildings thrown down. Hardly
a brick or stone structure escaped
damage. But few lives were lost.

In 1872 the whole Sierra Nevada
mountain range was violently shaken,
the centre of the shock being along
the line of the range, the waves ex-
tending east and west into Nevada
and California.

EARTHQUAKE EFFECTS REACH EUGENE.

The big clocks in J. O. Watts' and
S. Luckey's jewelry store stopped
about the time of this morning's
earthquake. Watts' at 5:11 and Luck-
ey's at 5:16.

A BIG ENGLISH WALNUT SURPRISE

Otto has just received a ship-
ment of California unbleached En-
glish walnuts which are delicious and
sweet. Otto is in the habit of giving
the most and best for the
least. These nuts are being sold at 15
pounds for a quarter. Competitors
wonder how it can be done.

Married

Your Grocer Has..

OLYMPIC FLOUR.

The great bread maker of the coast is now
available for Eugene housewives. It's a flour
of the most perfect color and the choicest flavor.
Made of selected hard wheat, it produces
many more loaves of bread than any other
flour and the loaves are lighter. Because of the
increased quantity of bread produced the cost is
no higher than other flours.
