AN INDEPENDENT PAPER.

SATURDAY, APRIL 21

If Schwab doesn't want the Nevada senatorship, other millionaires will not let it go begging.

Massachusetts Republicans want tariff revision, but they want it all headed toward Massachusetts.

Dowie knows how it feels to have to submit to a dictator. He has been in the dictator business himself.

A California convict has made \$1,000,000 while serving a two-year sentence. The man on the inside gets the money usually.

Probably the Chinese have decided that it takes a great deal of missionary work to save Niangua Falls from heathen destruction.

We wonder if the Texas towns are struggling over the problem as to whether Sarah Bernhard is a circus or a dramatic performance.

It is not surprising that Senator Elkins should pose as a grabber in the Philippines. He has grabbed about everything in sight in the way of railroads and coal lands in West Virginia.

Senator Elkins, who recently elected a mayor 70 years old, but the inhabitants might have been under the impression that they were voting for a United States senator.

The new battleship New Jersey made 19.48 knots per hour on her trial trip. While not the biggest fighter afloat she could run away, but the chances are that she would.

Let's see; did Mr. Roosevelt say specifically that he would be the candidate of "neither" the Republicans nor Democrats next time? Or was it merely the Republican nomination?

It is estimated that 600 saloons in Ohio will close as a result of the new \$1000 license, which goes into effect ten days after the bill is signed by the governor. This is not prohibition, but it prohibits considerably.

That is a pretty bad story that comes from St. Joseph, Missouri, of a crowd of white boys killing a 16-year-old negro boy with clubs and stones, the murder being the result of race prejudice agitation in the community. The fathers talked, the sons acted.

The Oregonian seems to take a good deal of satisfaction referring to Eugene's now over typhoid experience, practically asserting that the cases run up "into the hundreds." There seems to be method in the Oregonian's unkindness, and, by the way untruthfulness. There is another very good paper in Portland. We suggest that as the Oregonian seems bent on hurting Eugene, Eugene should reciprocate by hurting the Oregonian.

Human Blood Marks

A tale of horror was told in the home of J. W. Williams, a well known merchant of Dan, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures hemorrhages, chronic coughs, settled colds and bronchitis, and is the only known cure for weak lungs. Every bottle guaranteed by W. L. DeLano, druggist. 50c and \$1. Trial bottle free.
