NATIONAL GUARD WILL ENCAMP THIS SUMMER

Will Go to American Lake,
in Washington, Again This
Summer

Third Regiment and First Separate
Battalion Will Go into Encamp-
ment With Federal Troops
Aug. 16 to 22

Infantry troops of the Oregon National Guard, including the twelve companies of the Third Regiment and the four companies of the First Separate Battalion, and the hospital corps, will go into summer encampment with the federal troops at American Lake, Washington, August 16 to 22 inclusive, and the First Battery field artillery will take a practice march through the Willamette valley. The dates of the latter maneuver will be determined later.

This information was given out by Adjutant-General Finzer at the conclusion of a meeting of the state military board. This meeting was held in pursuance of the receipt of a dispatch from the war department informing the state military authorities that there would not be sufficient funds available to permit all of the state troops taking part in the joint maneuvers at American Lake, but that provision has been made whereby a portion of the troops of the states of Washington and Oregon could take part for seven days of the entire encampment, which will be held by the federal troops from August 1 to September 3, and asking that a selection be made as to which troops should take part and the dates which would be most satisfactory to the state militia.

The state military board decided that it would be best to have the infantry take part in the encampment, and selected the week beginning August 6 and ending August 22, and the officials of the war department were so informed by wire. The reply also requested that the state troops be allowed to remain in camp and take part in the maneuvers for three days longer at the state's expense and this request will probably be granted.

ACCIDENT IN A DORMITORY RUSH

Dell McCarty Got an Arm Cut by a
Broken Window Glass—Doctor
Took 18 Stitches

A rush between the students of the second and third floors of the dormitory at the State University came off last night. Pillows were used as weapons and the dormitory this morning in places looked as if some old woman had been plucking geese there, besides there was other pillow stuffing material in evidence.

A rather serious accident marred the otherwise sportive event. Dell McCarty, a second floor man, was pushed into a window, the broken glass cutting two of the tendons of his right arm, making a gash of six inches. Dr. DeBar took eighteen stitches in closing the wound.

Brevities

Marriage licenses were issued this afternoon to the following: David R. Alford and Mrs. Mary L. Harper; Charles E. Turk and Maud E. Perkins.

Weather prediction: Showers tonight; fair and warmer Thursday.

A library has been installed in the lobby of the Hoffman House for the benefit of the traveling public.

Go to Andrews at depot lumber yard for the Lake Creek shingle. 15

Garden seed of all kinds in bulk. Chambers' Hardware.

SPRINGFIELD WILL HOLD NO CELEBRATION

Saloon Men Refuse to Subscribe
Money Since the County Went
Prohibition

Jas. L. Clark, of Springfield, who was in Eugene today on his way to Portland, informed the Guard that the big Fourth of July celebration which had been planned to be held at Springfield has been given up. The reason for this is that the county voted for prohibition. The saloon men had subscribed \$250 toward the celebration but since the result of the election has been learned they have withdrawn their names from the subscription list. As the amount cannot very well be replaced and as a celebration cannot be conducted without money, the committee decided to make no further arrangements and give up the proposition.

General News Notes

The body of H. Jones, the boy who was drowned in the Willamette at Albany Saturday, May 26, while at work on the steamer Oregon, has been found two miles below the city.

Colonel Andrew C. Dickinson, born in Bowling Green, Va., in 1835, died Monday. During the war he was chief of staff in the Confederate army under General J. B. Magruder.

Mrs. Mary Whetzel, wife of Charles Whetzel, committed suicide by jumping into Hood river, about two miles south of town, Saturday. She was insane.

Fred Fisher, of Albany, a brother of County Surveyor Fisher, of Linn, has been promoted from consul at Formosa to consul at Harbin, Manchuria, an important place, calling for a salary of \$4000 a year.

An injunction has been served on Judge Bell and Commissioners Stearns and Powell, of Crook county, enjoining them from letting any contract for the construction of a new courthouse. The suit to enjoin is brought by Charles S. Benson, of Bond, acting for numerous taxpayers throughout the county, who oppose the building of a new courthouse at this time.

Tacoma is to have the largest powder manufacturing plant in the United States. It is to be built by the Dupont Powder Company at the mouth of the Nisqually river. Active construction work on the plant will begin the early part of July. It is estimated that about 200 men will be employed in the work.

Protect Your Vitality

Hull's Drug Store Sensible Advice
To Take Care of the Digestion

The vital part of the human machine is the stomach. When it is strong and is naturally, so that digestion is perfect and the food that furnishes our steam power is stimulated, and the waste properly removed, then we can do our best work and get the most enjoyment out of life.

On the other hand, if the stomach gives out, all the vital organs will soon become weakened and diseased. There will be headaches, back aches, pains in the sides and limbs, specks before the eyes, loss of appetite, sleeplessness, weakness and debility.

Mr. Hull very sensibly advises people to take care of the digestion by strengthening the stomach with M-i-o-n-a tablets, a remedy which he absolutely guarantees is a positive cure for all stomach troubles, except cancer of the stomach, and sells it with the understanding that it costs nothing unless it cures.

Ask Mr. Hull to show you the guarantee he gives with every 50 cent box of M-i-o-n-a. J 11
