That Electric Railway

The electric railway franchise is the most important matter before the people of Eugene at this time. The die will be cast for or against the building of a city here in the acceptance or rejection of the proposition now pending before the council.

Recently a prominent Eastern Oregon mining man said to the Baker City Democrat:

"The electric interurban railway is the thing that is making the country today. It makes travel where was none before and adds to the profits of the steam railroad. The electric lines make as good or better time than steam railroads, even for hauls of 100 miles."

Eugene must soon decide for or against the building of an electric road, since the capitalists who are ready to begin the work of construction are becoming impatient over the delay.

State of Oklahoma

The new state of Oklahoma will be a real gem in the Union. It will come in with a population of 1,300,000, and with 45,000,000 acres of land.

The genuine farmer can get his investment back off his land in three years. Then there is very much iron and coal of a fine quality.

Bradstreet's gives an account of the crops of Oklahoma for this season. Where seventeen years ago nothing was being done, this year "the crop statistics will be indicated by figures running into the millions, and by millions again when the aggregate value of the products is computed."

It furth r says that: "In no other state do corn, cotton and wheat grow side by side with yields for each which compare favorably with those in states where any one crop is cultivated."

David Ellington, of New York, won the title of world's champion telegraph operator and the silver trophy offered by Andrew Carnegie at the international tournament of telegraphers, held at Tremont hall in Boston Friday.

The New York American says over-indulgence in salt is dangerous to health. It avers that the North American Indian in his former healthy state never used salt or whiskey.

Admiral Rojostvansky is willing to die for any dereliction of duty in his operations as a naval commander. It is an especially brave act to die for such a country as Russia.

San Francisco's spasm of virtue was short lived. Already 2000 saloon licenses have been granted, and there are more coming.

Most men who took a day off yesterday feel the need of a vacation worse this morning than before.

The worst thing about the Thaw White tragedy is some of the newspaper editorials it has inspired.

It was rather a dull Fourth—only one man killed in Oregon so far as the returns are in.

Cottage Grove Items

John Barker is building a building for a saloon at Yoncalla, and will open up there as soon as it is finished, but in the meantime will probably sell soft drinks at the old stand.

S. K. Lewis, a government forest ranger, whose home is in Cottage Grove, left Saturday for his camp on the McKean, thirty miles from Eugene, where he is stationed during the summer.

D. T. Awbrey returned from Portland on Saturday, and is back at his old place. His health is much improved and he hopes to be able to take care of the Wells Fargo Express from now on himself, unless his health gives way.

Dr. Van Valzah is building a fine new barn on his place about two miles east of Goshen.

The extra gang of Japs has been removed but to our great sorrow Greeks came in to replace them.

Copley Prints

Our annual Copley Print display is open and the public is welcome to enjoy it during the week.

Twenty Year Battle

"I was a loser in a twenty year battle with chronic piles and malignant sores, until I tried Bucklin's Arnica Salve; which turned the tide, by curing both, till not a trace remains." writes A. M. Bruce, of Farmville, Va. Best for old ulcers, cuts, burns and wounds. 25c at W. L. DeLano, druggist.

A Poem for Today

ORCHARD LANDS OF LONG AGO

By James Whitcomb Riley

THE orchard lands of long ago! Ah, drowsy winds, awake and blow The snowy blossoms back to me And all the buds that used to be!

Of grain that float and overflow The orchard lands of long ago!

Blow back the melody that slips In hazy laughter from the lips That marvel much that any kiss Is sweeter than the apple is. Blow back the twitter of the birds, The lisp, the thrills and all the words Of merriment that found the shine Of summer time a glorious wine That drenched the leaves that loved it so In orchard lands of long ago!

Oh, memory, might and sing Where rosy bellied pippins cling And golden russets glist and gleam As in the old Arabian dream— The fruits of that enchanted tree The glad Aladdin robbed for me! And, drowsy winds, awake and fan My blood as when it overran A heart ripe as the apples grow In orchard lands of long ago!

The Present Tendencies Of Our College Students

By Dr. S. WEIR MITCHELL, Author and Specialist, Philadelphia

WE old fellows get a little impatient about the all absorbing interest the college man has in bodily contests and his general indifference to the triumphs of the MENTAL ATHLETE. It was not so when I led my class—one end of it.

I fear, too, that the like of our disputes and enthusiasms over the new writers like Tennyson, Dickens, Thackeray, are not of the college life of today. I fear that athletics, the papers and the stir of the vivid, eager outside life too much disturb what should be the thought filled quiet of HALF MONASTIC DAYS of collegiate experience.

I have really seen men enthusiastic about Socrates. What college men talk of in their rooms is a fair test of the true collegiate conditions. Is it of the great of the past? Is it of the cinder path and how Jones punted? When in America things get to be excessive and past endurance, we set about doing something RADICAL.

IT IS TIME FOR SOMETHING RADICAL IN THE MATTER OF COLLEGE ATHLETICS.

Goshen Items

Goshen, July 3.—We are sorry to state that, while driving a spirited horse, Misses Fay and Hazel Hampton's horse ran away. Miss Fay jumped and was not hurt, but Miss Hazel was thrown out and hurt quite severely.

A dance was held at Goshen in the Stewart hall June 23. A fine time was enjoyed by all.

Born—To Mr. and Mrs. R. G. Love, on July 1, a daughter.

Angie Matthews, who has been in Eastern Oregon for the past five years, has come to the valley to visit his father, V. B. Matthews.

We see S. E. Elliott has his barn completed.

J. Johns is building a new barn on his place 1 mile south of Goshen.

Dr. Van Valzah is building a fine new barn on his place about two miles east of Goshen.

The extra gang of Japs has been removed but to our great sorrow Greeks came in to replace them.

Stock Selling at 20c

Just think—stock selling at only 20 cents. The Business Men's Association of Eugene has endorsed it. Have you read it?

Never since the organization of the Spencer Butte Coal and Petroleum Co. has their prospects been better than at present with a perfect formation, a six-foot opening and in good financial circumstances. The Stock will advance in price as work progresses which from recent showing will be very soon.

Do not neglect this the greatest of all investments the in entire Willamette Valley.

Notice

All persons having bills against the Eugene Ice Works will present the same to me for payment at once. Those indebted to the ice works will kindly call and settle their accounts at once.

J. PIRONI, Manager Eugene Ice Works.

Wool and Mohair

Geo. T. Hall & Son will pay the highest price for wool and mohair.

Lowell Items

Lowell, June 3.—Mr. and Mrs. A. D. Hyland returned home from a visit to his daughter, Mrs. McFarland, of A. land.

Mr. and Mrs. H. and wife are ransporting at the Kitson Springs.

Mr. Fletcher, of the North Fork mines, passed down enroute to Eugene. He was very enthusiastic about his prospects in the mine.

We now have a prospect of two railroads, the Oregon Short Line and the Southern Pacific. Let them come; there will be business for all.

John Cain has sub-contracted of Will Kelsay the mail route from Lowell to Hazel Dell and will leave Hazel Dell Mondays, Wednesdays and Fridays. He will carry passengers and packages to accommodate the people along the route.

The Hills Bros' drive of logs is in the vicinity of Lowell.

Joshua Cain has sold out near Rush Island and is moving to the Thomas Crail place near the Middle Fork school house.

Thomas Blakey is preparing logs by cutting and peeling to put in the river next winter for the Eugene Lumber Co.

Master Willie Michael, of Rush Island is suffering with typhoid and pneumonia fever. Dr. DeBar is the attending physician.

Fishing parties are common along the river nowadays and strings of trout are common.

Mrs. Maggie Cain, of Rush Island, is on a visit to Roseburg to see her sister, Mrs. Mary Harlow.

Johnnie Ferrier and wife, of Mabel, are visiting at Mr. Kelsay's. Mrs. Ferrier's father.

Maek Crow is raising a barn. The old one is not large enough to hold this year's hay crop, which is a bumper.

A Tragic Finish

A watchman's neglect permitted a leak in the great North Son Dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vancouver, Me., permitted a cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by the neglected cold. Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at W. L. DeLano's drug store. 50c and \$1.00 Trial bottle free.
