REPORT OF OREGON WEATHER CONDITIONS

Weekly Bulletin Issued By Government For Week Ending Monday, July 9 - Hot and Dry

The first five days of the week were very warm and temperatures of one hundred degrees and over occurred in the Willamette valley, Southern Oregon and in the Columbia river counties east of the Cascade Mountains. The winds during this hot spell were generally light, and the damage, therefore, was less than otherwise would have been the case. The last two days were not so warm, although the temperatures continued above the normal. Between the Coast and the Cascade ranges of mountains dry weather prevailed during the entire week. Local rains occurred in a few of the coast counties, and the weather generally in this portion of the state was cool, with considerable fog at night and for a few hours in the early forenoon. During the last three days the weather was partly cloudy in the eastern counties, and thunder showers occurred in many places, but the precipitation attending them was too light to be of any benefit, except over very limited areas.

NEW LOGGING CAMP FOR BROWN COMPANY

The G. & S. E. is putting in a spur on Cane VanSchoelack's land where the Brown mill will have a new logging camp, to cut the VanSchoelack timber. Most of the timber is across the river from the railroad, but a chute will be built across the stream and the logs dragged across by the donkey engine. The upper camp has about cleared the timber where they are out, and will move down to the new camp. Fred Thomas came down from the lower camp Thursday morning to direct the work.—Cottage Grove Leader.

COTTAGE GROVE NOT HURT BY PROHIBITION

Cottage Grove merchants declare their business is steadily growing larger each month, and that a better class of trade is being shown. Every business shows a good increase in trade. Strangers are here daily looking over the town and country and making investments. Cottage Grove is one of the towns that is giving local option a fair show, and is going to make a record for itself while the town is "dry." Even those who thought the town would go to rack and ruin before of its dryness are beginning to think it may not be so bad after all. Practically everyone agrees that the thing to do is to keep pushing and keep the good times going. Cottage Grove is the centre of a good trade and has a future before it. The mines promise to do much to help out this year.—Leader.
