NICKELL IS CONNECTED WITH LAND FRAUDERS

Newspaper Publisher and Ex-Land Commissioner Took Active Part in Rounding Up Suckers for the Gang - Testimony of Several Victims Heard

Portland, July 21.—The connection of the defendant, Charles Nickell, former land commissioner at Medford, with the conspiracy to defraud the public, was brought out this morning in the land fraud trial in the federal court by the testimony of George Inlow, of Ashland, a victim. His contract with the mythical company was guaranteed by Nickell, who informed him that it was not necessary to know the description of the land to make a filing.

Charles C. Doughty, foreman, and F. W. Riggs, a printer, in Nickell's printing office at Medford, testified to printing the bogus agreements.

Adam Croford told how he, his wife and son filed on claims at the instance of the defendants, who refused to show them the land after their filings had been made.

E. F. Winkle, of Medford, stated that after being victimized he was offered two dollars a head for rounding up other locators.

Mrs. Rufus Langley and daughter testified as to being victimized by the conspirators.

UNCLE SAM MAY WAR WITH MEXICO IN SHORT TIME

Fort Worth, July 21.—E. J. Mather, of Ohio, an official of the Mexican National Railroad, is here, enroute home, taking his family to safety. He says that war between the United States and Mexico is inevitable. He says that Americans, Germans and Englishmen hold the best positions, and that the jealousy of the natives has been aroused and their hatred of foreigners is growing, the government being unable to cope with the situation.

Mather declares that these conditions will cause a war within six months.

SENSATION IN NASTY HARTJE CASE

Pittsburg, July 21.—Much excitement was aroused in the Hartje case this afternoon by some one telephoning to police headquarters that Augustus Hartje had shot himself. An investigation disproved the report, Hartje being alive and well at his attorney's office at the time the rumor started.

It is expected that Hartje will place the negro coachman Clifford on the stand to show the manner in which the confessions were obtained from him by counsel for the libelant.

JOHN D. MUST FACE THE MUSIC

Toledo, O., July 21.—Prosecuting Attorney William David says that if John D. Rockefeller reaches Ohio he must submit to arrest or appear and give a bond to answer the charges against him. He says he will arrest the oil magnate, even on his own golf links.

GUARD'S ELECTRIC MOTOR ARRIVES

The Guard's new five-horsepower motor with which to run the big new press just installed arrived from Portland this morning and will at once be placed in position.

The new press will be in operation Monday.

A social will be held at the Baptist church tonight.

PEACE TREATY WAS SIGNED ON HIGH SEAS

Belligerent Central American Republics Arrange for Lasting Peace--Future Disputes to Be Arbitrated By Presidents of United States and Mexico

Washington, July 21.—The government has been officially notified that the Central American belligerents have signed a treaty of peace on board the cruiser Marblehead on the high seas. The three republics have agreed to disarmament within eight days, to exchange prisoners and release political prisoners, also to negotiate treaties of friendship, commerce and navigation within three months and any difficulties over the treaties and all future complaints among the three countries are to be arbitrated by the presidents of United States and Mexico.

Costa Rica and Nicaragua have also approved this arrangement and will be bound by it in the future.

DREYFUS IS HONORED BY FRENCH ARMY

Paris, July 21.—Upon the spot where he was degraded twelve years ago Alfred Dreyfus appeared this afternoon in his new uniform of major. In the presence of the assembled troops he was officially decorated with the cross of the Legion of honor.

MILITIAMEN RECEIVE SERVICE MEDALS

Major G. O. Yoran, Captain J. M. Williams, of Co. C, First Lieutenant and Adjutant P. E. Taylor and Second Lieutenant and Quartermaster F. L. Chambers have each received from O. N. G. headquarters a handsome service medal, each having served 15 years in the Oregon National Guard. Quartermaster Sergeant M. B. Huntley of Co. A is also entitled to a 15-year medal and will probably receive it within a few days.

ADVENTISTS LOSE BIG PRINTING PLANT

San Jose, July 21.—The entire plant of the Pacific Press Publishing Company, at Mountainview, was burned at midnight, the cause being unknown. It had been considerably damaged by the earthquake. It was the best equipped religious plant west of Chicago, and was conducted by the Seventh Day Adventists. Loss, \$300,000.

General News Notes

Francis J. Heney, assistant United States attorney general, has announced his engagement to Mrs. Rebecca McMullen Belvin, of San Francisco. The wedding will occur next fall.

The people who drew land selections on the Crow reservation at Billings, Montana, are not anxious to take up their land. The first man to file was Owen B. Williams, who drew No. 1, and he made his entry on a quarter section a short distance east of Custer, the place where he resides. No. 2, Henry Johnson, of Sheridan, Wyo., filed on a tract in the Sanders townsite. No. 3, John Schwartz, of Chicago, located near Huntly, a small place 12 miles from Custer, and No. 4, Joseph Reinert, of Dietz, Wyo., appeared but made no filing. Neither did No. 5. Several women took advantage of their right and made their filings.

Cottage Grove Western Oregon: W. S. Bennett and family and Mr. and Mrs. Win Bennett are home from a few days' outing on Row river. Mr. and Mrs. Win Bennett extending their outing to the picturesque banks of the McKenzie.

WHITE'S FRIENDS AND MRS. THAW WORK TOGETHER

Anxious to Get Harry Sent to Insane Asylum Without Trial - Young Thaw is Obstinate, However and Refuses to Agree to Plan of His Mother

New York, July 21.—It is stated on good authority that the friends of Standford White will cooperate with Harry Thaw's mother in an effort to suppress a trial and incarcerate Harry in an insane asylum. Should the prisoner persist in the retention of personal counsel and oppose the endeavor of his mother it is likely that Mrs. Thaw will apply for guardianship papers, declaring her son incapable of caring for himself.

It is thought that White's friends do not care to have the life and character of the dead man exposed in open court.

TREPOFF'S IRON SWAY RULES RUSSIAN LAND

St. Petersburg, July 21.—The revolutionary elements today are completely cowed as the troops poured into the city during the last two days show no signs of being disloyal. For the most part the soldiers have kept out of sight, but at every sign of pending disorder an overwhelming force appears instantly from the court yards, being quartered in the most unexpected places, and the rioters are easily dispersed without the resort to ball cartridges.

General Trepoft dominates the government, and leaders of the douma admit it is impossible to do anything against the troops. They fear the socialist members will issue a proclamation which will cause the czar to dissolve the douma, which will bring on a conflict, with the people unprepared to do anything but to die in an unavailing struggle for liberty.

ICE FACTORY WANTED AT JUNCTION CITY

Effort Being Made to Establish Plant There - News Notes From the Railroad Division Down the Line

There will be another vacancy in the city council when J. B. Taylor removes to Eugene. This will leave only Houston and Kreuger elected by the people.

Mrs. Harry Millern, accompanied by her daughter, Miss Kitty, and Miss Wanda Logan, left Wednesday morning for Newport to spend a few weeks at the sea shore.

Mrs. Frank Moorhead, who underwent an operation at the North Pacific Sanitarium, Portland, is expected home Sunday evening, provided conditions are favorable. Mr. Moorhead will go down to Portland Saturday.

An effort is being made by our enterprising business men to establish an ice plant in this city. W. C. Washburne and C. F. Hurlburt made a partial canvass of the town and secured some \$1200 in subscriptions. It will require probably twice that amount to establish the plant, and as ice factories are money makers it is believed that the necessary capital can be secured.—Times.

SHAW WILL ALLOT PANAMA CANAL BONDS

Washington, July 21.—Secretary Shaw will today make partial allotments of the Panama canal bonds to all national banks that bid higher than 103. Fifty of these will be designated as government depositories. Fisk & Robinson, of New York, got the bulk of the bonds.
