MANY CHANGES IN RAILROAD DEPOT FORCES

J. B. Taylor, of Junction, Will Succeed A. J. Gillette at the Eugene Depot—Adair's Successor Will Not Be Chosen Until August 14

This week's Junction City Times tells of some S. P. depot changes as follows:

Claud Pengra has been transferred from Junction to Yoncalla, where he will hold the position of agent. This is in the line of promotion and at an increased salary of about \$25 per month. At present the successor of Mr. Pengra is unknown.

J. B. Taylor has been transferred to Eugene and will succeed A. J. Gillette in the passenger department. The family will move to Eugene as soon as the necessary arrangements can be made.

Mr. Riley goes south and will be succeeded by Mr. Nelson, of Albany. J. C. Clark, of Creswell, succeeds Leon Parks, who was advanced to night agent at Junction, and Harvey Morse, also of Creswell, succeeds Otis Pitney, resigned, on the night shift.

The successor of L. G. Adair at Eugene will not be known until August 14th, when the bids will be opened. It is not generally believed that seniority will prevail in the selection for this office, but the one possessing the necessary qualifications aside from the length of service will be selected for the place.

WILL OPERATE STREET RAILWAY BY WINTER

Work Will Commence on System in Eugene Within Few Weeks

Force of Men Now at Work on Reservoir and Gas Plant Will Be Employed at Building the Line As Soon As the Plants are Completed

A Guard representative while in Portland yesterday visited the office of A. Welch, manager of the Willamette Valley Co., and learned some interesting facts in regard to the enterprises in which the company is promoting in Eugene and vicinity.

Mr. Welch stated that just as soon as the present work on the new water system and the gas plant in Eugene is completed the regular force of men, together with others, will begin the construction of the street railway system. He thought that the work on the reservoir would be done within three or four weeks. The work from now on will be rushed and if possible a larger force of men will be put on.

The work on the gas plant will also proceed rapidly, as it is desired to get to work on the street railway system as quickly as possible. Mr. Welch said that if weather conditions are favorable he expects to have the system in operation by the latter part of the fall or the fore part of the winter. The line to Springfield will immediately thereafter be built.

Mr. Welch, accompanied by L. W. Anderson, of Spokane, Northwest representative of Rhodes, Sinkler & Butcher, the Philadelphia firm backing the Willamette Valley Co., E. W. Hall and other representatives of the company, will be here next Tuesday and will make a trip up the McKenzie. It is presumed the trip is for the purpose of examining sites for an electric power plant. As before announced by the Guard, the company intends building numerous trolley lines to outlying districts, and it is probable that a line up the McKenzie will be constructed some time in the near future.

WATER IS NOW PURE.

Mr. Welch stated that since the filters at the new pumping station have been put to use the water furnished the city is absolutely pure. He said a great many of the dead ends in the mains have been eliminated and those that remain are being constantly flushed. They will all be done away with as soon as possible.

MARION COUNTY CONTRACTS.

Hop growers are yet to reap a harvest from their crop. It reports current here are true George Dorcas, representing Klable, Wolf & Netter, has had no takers on his offer of 12 cents for the 1906 crop. E. Collard, of Independence, has sold 20,000 pounds at 12½ cents, but growers at Independence and here have refused to sell at that price.

Several hop contracts were filed in the office of the county recorder yesterday. The price paid in all cases but one was 12 cents per pound. The Hop Yink Co., of Independence, was

contracted for 50,000 pounds at 11½ cents to the Chas. S. May & Co., of New York.

Other contracts were made with Charles Green & Son, Bealnard & Co., as follows: Edward Kavanaugh, of Woodburn, 6000 pounds at 10 cents; C. Kavanaugh, of Woodburn, 7000 pounds at 10 cents; J. A. Ferschweller, 7000 pounds at 10 cents; J. A. and C. A. Whitney, of Woodburn, 7500 pounds at 10 cents; Nick Serres, of Woodburn, 8000 pounds at 10 cents. —Salem Journal.

GIRL FINED \$5 FOR INSULTING OLD MAN

Jr. R. Sellers, Mrs. Bell and Lillie Bell Arrested - Outcome of a Neighborhood Row in Northwestern Part of City

A neighborhood row in the northwestern part of the city culminated last evening in the arrest of J. R. Sellers and Mrs. Sarah Bell, each charged with assaulting the other, and Lillie Bell, charged with using insulting language toward Sellers. The trio appeared in the police court at 8 o'clock this morning. Judge Dorris, after advising them to hereafter curb their tempers, dismissed the cases against Sellers and Mrs. Bell, but warned them that if any further trouble occurred they would have to suffer the penalty. The girl was fined \$5 and costs, but execution of sentence was suspended pending good behavior.

H. Snook, a Salem contractor, well known in Eugene, has been awarded the contract for the erection of the woman's building at the O. A. C. for \$20,000.

Miss Maude Morris has opened her Dressmaking parlors in the Dunn building. Reception room 3. Phone 1731.

Wouldn't Stand For It. "Why did you start a fight with that boy?" "He said I couldn't swear any better than his uncle's parrot."

Doubtful Praise. "This is what I call a good cigar." "It does smell as though it were all wool."

PERT PARAGRAPHS.

Some people couldn't keep from taking trouble even if they were vaccinated for it.

An emergency is something that the heavy villain carries up his sleeve which, to his surprise, gives the hero a chance to make good.

SPRINGFIELD ORDERS LOT OF FIRE HOSE

Fifteen Hundred Feet Ordered This Morning - Water Mains Will Be Ready for Service July 25

The officials of the Willamette Valley Co. announce that the water mains on Main street in Springfield will be ready for service by July 25. The city today ordered 1500 feet of good three-inch fire hose, and when it arrives the city will be well protected from fire and a repetition of this morning's blaze can be prevented. The reservoir is high enough to give a good pressure and with the amount of hose that will be ready for use three or four good streams can be played on any fire that breaks out in the business section of the city in the future.

The Presidio.

The Presidio of San Francisco, which was one of the principal places of refuge for sufferers from the earthquake and fire in that city, was established as an army post by the Spanish about 100 years ago. It was first occupied by

American troops in 1840 and is now the division headquarters for the department of California. It is situated on a slope overlooking the city from the northwest and has one of the largest and most important military hospitals in the world. The reservation embraces over 1,500 acres.

Herbert H. D. Petree.

Herbert H. D. Petree, whose controversy with Robert M. McWade, former consul general at Canton, China, has attracted attention, was not long since appointed vice consul of the United States to the kingdom of Norway.

He was "sent back" in 1904 from Norway with N. H. in summer while the Russo-Japanese peace negotiations were in session, as he was then third assistant secretary of state and in special charge of the department of the negotiators. It was just prior to this that Mr. Petree had visited China on a commission to investigate the situation in the country. He made a report on the situation which Consul General McWade was dismissed from the service. McWade afterward made a counter-charge against Mr. Petree. The latter is fifty years of age, is a native of Vermont and has been in the service of the United States for

Many a View Disclosed to You

- From car windows, via the Rock Island, that you must not fail to see.
- Go East via El Paso and you see New and Old Mexico and Arizona—that tawny Southwest land of sunshine, where sun and air rejuvenate with marvelous power.
- Go via Salt Lake City and Colorado and for the better part of two days you ride thru the finest scenery on the American continent.
- Go "Tourist" and in addition to the delightful scenery you'll experience the added advantages of a restful trip made at a great saving over first class, luxurious (but no more comfortable) accommodations.
- Our folder, "Across the Continent in a Tourist Sleeping Car," gives full information. Sent upon request.
