Broke Camp at Murray This Morning—Boys Had Three Pay Days in One Week, Something Unusual in Army Life—Big Review an Imposing Sight

Special Correspondence.

Camp Tacoma, Murray, Wash., Aug. 21.—The Oregon troops broke camp Wednesday morning and expect to be home the same evening. The men received U. S. pay Saturday for the extra two days and will receive 10 cents coffee money before leaving camp. Three pay days in one week is something unusual in army life, but it keeps a smile upon the boys' faces.

Sunday was the big review at American Lake, and was a grand sight, five brigades taking part. The First Separate Battalion was assigned to the Fourteenth Infantry, as their third battalion, they having only two battalions in camp. It is a thrilling scene to watch such a large body of troops, composed of infantry, cavalry and artillery, reviewed. Eleven bands furnished music, two being mounted.

An interesting feature was the mountain battery, with their guns mounted on the backs of mules. The men say that Maud has tried several times to join their organization, but the old woman wouldn't let Si come, so they barred her.

The boys have got a companion to the slogan, "Watch Tacoma Grow." It is "Did you see-attle?"

Drills today with some kind of a battle exercise Tuesday.

A large crowd of sightseers from Tacoma and Seattle Sunday. Among the visitors known in Eugene were Mrs. Rogers, nee Lillian Foss, Mrs. Adams, nee Etta Simpson, Mrs. Wesley Pennington, Mrs. Harry Maxwell, Harry Morris, Frank Loomis, Mrs. Maggie Perrine, cousin of Mrs. C. G. Hammond, and Tom McCormick.

During the exercises the dust becomes quite heavy at times. The men are becoming somewhat tanned and will return home with ruddy complexions.

CAR SHORTAGE

SHOTS DOWN
EXCELSIOR MILL

Royce & Peterson's excelsior factory in this city will close down this evening until the present car shortage is over. C. O. Peterson, manager of the plant, stated to a Guard reporter today that he had not taken the matter up with the head officials of the railroad, as he considered it simply a waste of time, but the local representatives of the company could give him no encouragement, and as he has all available warehouse space filled he can do nothing but shut down. The company's plant at Junction will operate about two weeks longer and it too, will close down if conditions are no better by that time.

Your attention is invited to the fact that under the terms of the Meat Inspection Act, approved June 30, 1906, no person, firm or corporation shall, on and after October 1, 1906, transport or offer for transportation, and no carrier of interstate or foreign commerce shall transport, or receive for transportation from one state or territory, or the District of Columbia, to another state or territory or the District of Columbia, or to any place under the jurisdiction of the United States, or to any foreign country, any carcasses, or parts thereof, meat or meat food products thereof, which have not been inspected, examined and marked "Inspected and passed" in accordance with the terms of the law, and with the rules and regulations prescribed by the secretary of agriculture. An exemption may be made by the secretary of agriculture of retail butchers and retail dealers in meat and meat food products, supplying their customers through the medium of interstate or foreign commerce. The above provision of law necessitates either the establishment of inspection or a notice of exemption by the department of agriculture on or before October 1, 1906, for all persons who expect to offer meat or meat food products for transportation in interstate or foreign commerce on or after that date.
