AN INDEPENDENT PAPER.
THURSDAY, AUGUST 30

Growth of the Guard
 The circulation of both the Daily and Weekly Guard has grown very rapidly during the past four months, the daily edition having passed the 1400 mark, which we think is the largest paid circulation ever attained by any daily in the state outside of Portland and Salem. On the accepted basis of five readers to each subscriber, the Daily Guard is in a position to guarantee its advertisers not less than 7000 readers each issue of the paper. Our weekly circulation is 1800, practically all yearly subscriptions, or 9000 regular readers.
 The Guard has no circulation secrets. It offers its advertisers a known quantity of publicity—that is, a combined daily and weekly circulation of 3200 regular subscribers, or 16,000 readers, upon the accepted basis of calculation among newspaper experts. Since over three-fourths of this entire circulation is in Lane county, we are well satisfied that advertisers should answer for themselves the question of whether the Daily and Weekly Guard cover this field.
 That the Daily Guard has been much improved during the past four months is patent to all readers of the paper. With the arrival of our new folder, which will be here in probably two weeks, we will be prepared to run a six-page edition, neatly folded and pasted together, in place of the present four-page paper, which is crowded with advertising matter. The Saturday Guard will continue as an eight-page edition. With this improvement and enlargement in the near future there will be no newspaper or more up-to-date paper in the state than the Daily Guard.

And all these improvements are due to the splendid patronage of the public, for which we are duly grateful.
 In the Russian capital and elsewhere the scenes resemble the worst deeds of the French revolution when the guillotine was kept busy beheading the aristocrats. Within a few days the Russian news has included the hurling of a bomb into Premier Stolypin's house, causing awful slaughter, the murders of General Min and General Von Liarliarski and their attempt upon the life of Baron Stahl. These deeds are accompanied by the indiscriminate killing of minor police officials who are odious to the people. It is improbable that the proposed military dictatorship would crush the conspirators who are committing such deeds. Death has no terrors for them. They are always ready to take their chance.

A postmistress at Gold Beach is to be arrested because she had a habit of reading all the letters that came to the place before delivering them to the patrons of the office. Even with this diversion allowed, her we should think that woman brave enough to endure the monotony of life at Gold Beach is entitled to a better reward than prosecution at the hands of Uncle Sam.

Bandera, the Cuban insurgent leader, is dead. But Pino Guerrera is active and defiant. He is willing to have President Roosevelt arbitrate on President Palma's right to govern, but he will not accept a Cuban tribunal. President Roosevelt is a general

peacemaker, but he may decline this proposition, even if President Palma accepts it, which is highly improbable. It is deplorable that Cubans should be slaughtering each other, under such circumstances. The war must cause grave concern to President Roosevelt, who is empowered by treaty with Cuba to maintain order in that country.

BOOTH-KELLY CO.
LOOKING FOR MEN
 F. M. Jackson, of Saginaw, representing the Booth-Kelly sawmills in that section came down yesterday afternoon in search of men to work in the sawmills and lumber woods. He is offering good wages to the men in different positions, and is especially anxious to secure a couple of engineers for donkey engines, a hooktender, mill men and timber men and is offering from \$3.25 to \$3 per day. Labor has been especially scarce in the woods this summer, and operations at the mills are somewhat hampered on this account.—Albany Herald.

Cottage Grove Items
 A big steel car arrived in the Grove Tuesday loaded with a dozen steel girder spans for the new S. P. bridges over the Coas Fork, near town. It is expected that the steel work of the bridges will be put in place before winter.
 The Willamette Valley Co. is fixing its plant at this point up in good shape. The building has been given a coat of red paint without, and it is understood that the inside will be fixed up by ceiling and painting it. The two boilers have been set on heavy foundations and cement floors laid in front of them. As soon as business justifies it the company expects to install an engine, the duplicate of the present one, on the big foundation right along side of it. The company expects to have power and light for all purposes when needed.—Nugget.

EXTENSION OF C. & E. RAILROAD TO NEWPORT
 Manager Talbot and President Weatherford and party, of the Corvallis & Eastern, returned during last night from Newport, where they had been to attend a session of the city council of Newport. The council passed an ordinance granting the railroad a franchise as desired, and the work of extending the road from Yaquina will go ahead, an improvement greatly desired and justified by the immense summer travel of the Bay. Representatives of a proposed saw mill were present, but there seemed to be nothing definite in the proposition, the outlook not being for a mill nearer than in two or three years, and it did not interfere with the affairs of the road.—Albany Democrat.

STICKS IN THE STOMACH
 Feeling That Often Comes to People With Weak Digestion
 A poor sufferer from indigestion once said that his stomach felt as though it was filled with sticks and as though some of them were on fire and burning him up inside.
 When the stomach and the organs of digestion and nutrition are weakened and do not act properly, the symptoms of ill health that follow are many and varied. There is often a feeling of heaviness in the stomach, there is distress and nervousness, dizziness, nausea, nervous and sick headaches, inability to sleep well, pains in the side and limbs, specks before the eyes and a general peevish, irritable condition.
 All these troubles are the direct result of indigestion. Cure this by strengthening the stomach and digestive system with M-i-o-na stomach tablets and your symptoms of ill health will vanish like a shadow before the morning sun; life will be joyous, and digestion will be so natural that you will forget you have a stomach.
 M-i-o-na stomach tablets cost but 50c extra a box and are sold by Hall's drug store under an absolute guarantee that they will be successful in every case where used according to directions or money will be refunded. a20 30
