

SUCCESSFUL INSTITUTE CLOSED THIS AFTERNOON

Congressman-Elect W. C. Hawley, of Salem, Spoke This Afternoon and Will Deliver an Address Tonight--Several Interesting Addresses Today

The most successful teachers' institute ever held in Lane county came to a close late this afternoon. The three-days' sessions have been full of interest to all the teachers in attendance and not a few towns people have been present to listen to the excellent addresses. County School Superintendent Dillard is to be congratulated upon securing such bright instructors and brilliant speakers as Professor Hartranft, Professor H. C. Sam, son, Dr. H. D. Sheldon, Congressman-elect W. C. Hawley and others.

This morning's session began with an address by Miss Marvin on "How to Care for School Libraries." Some important and practical information was imparted. Professor Hartranft followed with "Primary Reading," and Professor Sampson with "Grammar." Professor Sampson then delivered his address, "Traces of a Man," which was pronounced as excellent and one of the best addresses of the institute.

This afternoon Miss Marvin spoke on "How to Use School Libraries," Dr. Sheldon on "Nature Study," and Professor M. H. Arnold on "School Hygiene." Mr. Hawley's address followed.

The subject of Mr. Hawley's address this evening will be "The Making of the Declaration of Independence." The public is invited to attend.

FORMER JUNCTION BOY DIED AT PORTLAND

Howard Casteel, aged 16 years, died at the residence of his parents, Mr. and Mrs. M. F. Casteel, 92 North Seventeenth street, Portland, at 11 o'clock Wednesday night, of meningitis. The lad was for more than a year employed as bell boy at the Belvedere hotel and was a favorite with his employers as well as his fellow employees. He was exceptionally bright and won his way into the hearts of all the guests who stopped at the hotel. Traveling men who came regularly to the Belvedere were especially fond of him and he was one of the first they enquired for when they arrived.

Howard was sick five days and despite the care and attention given him by physicians and friends he was unable to recover from the malady that overtook him. His remains will be shipped to Junction City, Oregon, the old family home of the Casteels, for burial.—Portland Journal.

FOUND TREE 65 FEET UNDER GROUND

J. E. Kilborn, who is drilling a well on J. V. Reed's residence property on East eleventh street, formerly the C. H. Park place, had reached a depth of 85 feet last evening encountering bed rock at that depth. When down 65 feet the drill went through a tree that had been buried beneath the ground perhaps hundreds of years, yet not long enough to become petrified. Pieces of wood and leaves were brought to the surface, the latter being well preserved. They resembled in shape the poplar leaf.

ROSEBURG WATER AND LIGHT PLANT

Says yesterday's Roseburg Review: No further developments are reported today in the negotiations for the sale of the local water and light systems. Mr. Hall, of the Willamette Valley Co., is still in the city, but so far as can be learned matters today were at a standstill regarding the proposed transfer. While neither party to the transaction had anything to say for publication, reports were in circulation on the streets today that they had not been able to reach an agreement upon terms.

RANCHER MURDERED IN BAKER COUNTY

Baker City, Or., Sept. —One of the foulest murders ever committed in Baker county was done Saturday night, when some unknown persons shot and killed Willard Moody, a

prominent rancher of Pine valley, about 60 miles from this place. The slayer had shown fiendish cruelty in his work. He pounded the dead man's head to a pulp with a club or the butt of a gun, and left the body lying in the brush less than a quarter of a mile from Pine.

The body was discovered by a small boy, the authorities were notified and a search for the murderer was immediately started.

There is no known direct cause for the murder, but surmises are heard on every side. Between the Moody family and the neighbors there has been trouble for years.

The dead man was married twice and separated both times from his wife. His brother, Henry Moody, aged 40 years, was acquitted by a jury in the criminal court last week of a statutory charge preferred by the father of a 14-year-old girl of Pine.

The feeling in the neighborhood was dangerous at the time and violence was threatened if Moody should be acquitted.

When the body of Willard Moody was found the eyes had been gouged out, the nose and lips were cut off and other marks of fiendish hatred were made.

COBURG GENERAL STORE CHANGES HANDS

F. B. Sackett Has Sold Out to M. C. Bond, Geo. A. Drury and Lea Jarnagin -- Items of General Interest

Special Correspondence.
Coburg, Sept. 20.—G. O. Bassett, the superintendent of the mill here, is expected back from Portland tonight. He has been having his eyes treated by a specialist.

Harry Coleman brought in another bear yesterday. This makes three for him in a week.

F. B. Sackett has sold his stock of general merchandise to M. C. Bond, Geo. A. Drury and Lea Jarnagin, all of Coburg. Mr. Bond is at present station agent for the S. P. people, Mr. Drury has been with Mr. Sackett as clerk since the opening of the business here under Sackett's name, and Mr. Jarnagin has owned and run the City drug store for three years. They are all tried business men, and we expect them to do a good business. They will take possession as soon as the invoice is taken.

Mrs. Stacey is visiting her people at Brownsville this week.

John Hayworth, who lives on the river road toward Harrisburg, brought to town some apples that weighed 17 ounces each. They may be seen at the butcher shop and Taylor's barber shop.

Professor Maxwell, who will have charge of the Coburg schools the coming year, is in town getting his house in order for the reception of Mrs. Maxwell.

H. F. Becknum and family were in Harrisburg Sunday.

Clive Taylor and wife returned from a trip up the McKenzie river this week. They had been gone for about a month. It will be remembered that Mr. Taylor had his leg broken in June and when he left on his trip he was just able to get about on crutches, but a few days before he returned he walked two miles, killed a deer and packed it to camp.

The Christian Science Church is going up quite fast. Mac Burns is doing the work, with the assistance of Mr. Hoeflin and son.

Mrs. Flynn, of Wendling, spent Sunday with Mrs. Hallin.

Mr. Sidwell finished picking his hops yesterday, losing much less by mold than was feared.

Shlewalks are beginning to appear in all parts of town. The people are responding to the calls of the council quite readily.

J. D. Wigle is getting his house well along, having the floors in and all enclosed.

Ed Cooper, who had two fingers taken off in the edge, is at the hospital in Eugene. His wounds are not doing as well as they should. We hope he will be better soon.

New type faces at the Guard job office. We print everything from a visiting card to a full sheet poster. Prices reasonable.

PEDAGOGY AT THE STATE UNIVERSITY

Senator Wright, of Yamhill County, Will Work at Next Legislature to Establish Chair of School Teaching and Abolish All of the Normal Schools

Dr. G. S. Wright, state senator from Yamhill, states that he will work in the next legislature for a chair of pedagogy at the state university. The Telegram says:

"Senator Wright has three things he wishes to see accomplished by the next legislature. First, he wishes to see a board of control, to be appointed by the governor, established, to have control over all the state educational institutions. He thinks that this board should consist of business men, to have only their expenses paid. He holds that this would result in saving and proficiency. His second plan is to have a chair of pedagogy established in the State University to take the place of all the normal schools. His third plan is that a bill ought to be passed, taxing all lodge and church property not used directly for benevolent purposes."

ORGANS, ORGANS, SLIGHTLY USED ORGANS

Do you know the Morris Music House is headquarters for the Lane county music loving public? Yesterday we disposed of three pianos and satisfaction and good goods was the result in each sale.

We have a lot of almost new organs taken in exchange for pianos.

We are going to sell these organs at almost any price to get rid of them in order to make room for two carloads of pianos now on the way from the factories. You can find among them Estey, Newman Bros., A. B. Chase, Chicago Cottage, Weaver, Clough & Warren, Mason & Hamlin and many other reliable makes.

It seems that every home will have a piano or organ this fall. We have sold sixteen pianos in the last two weeks.

Two cars of pianos coming direct from the factory. Come in and select one.

HELMET AMUSEMENT CLUB REORGANIZED

Popular Organization Composed of Members of Local Lodge Knights of Pythias Will Give Card and Dancing Parties

At the regular meeting of Helmet lodge No. 33, Knights of Pythias, last evening, the Helmet Amusement Club, a very popular social organization in existence about ten years ago, was reorganized. The temporary officers chosen were: President, Harry A. Dunbar; vice president, G. Walter Griffin; secretary, I. T. Nicklin; treasurer, Darwin E. Yoran.

The officers constitute a committee to draft constitution and by-laws and will report at the next meeting of the lodge.

The membership of the club will be confined exclusively to members of the lodge. It is the purpose of the organization to give a series of parties during the winter, probably once every fortnight. Dancing and card parties will probably alternate.

This club during its previous existence was one of the most popular social organizations ever formed in Eugene. Some splendid parties were held and outsiders who received invitations to attend considered themselves very fortunate.

BABY COVERED WITH SORES

Would Scratch and Tear the Flesh Unless Hands Were Tied—Wasted to a Skeleton—Awful Suffering for Over a Year—Grew Worse Under Doctors—Skin Now Clear.

WOULD HAVE DIED BUT FOR CUTICURA.

"My little son, when about a year and a half old, began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad I had to tie his hands in cloth at night to keep him from scratching the sores and tearing the flesh. "He got to be a mere skeleton, and was hardly able to walk. My Aunt advised me to try Cuticura Soap and Ointment. So great was her faith in it that she gave me a small piece of Soap to try and a little of the Ointment. I took it home without any faith, but to please her I tried it, and it seemed to dry up the sores a little. "I sent to the drug store and got a cake of the Soap and a box of the Ointment and followed the directions, and at the end of about two months the sores were all well. He has never had any sores of any kind since. "He is now strong and healthy, and I can sincerely say that only for your most wonderful remedies my precious child would have died from those terrible sores. I used only one cake of Soap and about three boxes of Ointment. (signed) Mrs. Egbert Sheldon, R. F. D., No. 1, Woodville, Conn., April 22, 1905."

La Salle Street Station—Used by Rock Island-Frisco Lines.

Have YOU ever been in CHICAGO?

If so, you know the extremely convenient location of La Salle Street Station. If you are a stranger in the city, however, it is of great importance that you learn about this magnificent and comparatively new terminal, used jointly by Rock Island-Frisco Lines.

It is nearest the heart of the city—closely adjoining the business section—within easy walking distance of State Street shopping center and all the principal hotels—the only depot on the elevated loop. The Rock Island right-of-way into Chicago is elevated for more than eight miles out through the suburbs. Prompt arrival at Chicago terminal is thus assured. Englewood Union Station, seven miles out, affords ready access to southern suburbs—all through trains stop there.

WHO DOES YOUR PRINTING

THE best work should go to the best printers. Our job office is the best equipped in Western Oregon. Let us give you an estimate on your work. Every time you dress a job with out-of-date type or send out a job that is poorly done you send out a yellow dog to bark against you. As long as he barks you will lose business. Your business associates and your patrons are apt to form a poor opinion of you if you use cheap and poorly printed stationery. "Cheap" printing is dear in the long run. Our work is artistic and the price is reasonable. When you want any work see us and we will save you money and give you better work than you can get elsewhere in Eugene. If you are "from Missouri" come around and we will "show you." Don't send away for your printing when you can get better work for the same money here at home.
