

MATCH WORKS FOR CITY OF SPRINGFIELD

Plant to Be Erected That Will Probably Employ 12 or 15 Girls.
More Business Building in Prospect—Other Notes of Interest

Within a very short time, says Thom. F. Duffy, Springfield will have a large match factory, as a building for that purpose has been leased and the machinery necessary for the operation ordered and expected to arrive at any time. Mr. Duffy is an expert match maker, having had many years' experience in some of the largest factories in the country. He says that he has had a great deal of encouragement and has already contracted his entire output to two wholesale firms. The capacity of the factory was not learned but it will require from 12 to 15 girls to do the work. A contract has been made with the Willamette Valley Co. for electric power to run the motor and all the latest machinery will be installed. The factory will manufacture nothing but strictly high-grade matches and expects to get the raw material from Cedar Plains.

The News was reliably informed this week that Emil Etter, the gentleman who purchased the J. L. Clark property on Main street, will soon start the erection of a fine two-story building on the west corner of the block. The building will have two large store rooms. One will be occupied by the postoffice and the other, we are informed, has been leased for a term of five years for a general merchandise store.

The News was informed this week that a two-story building would soon be erected on the corner of Seventh and Main streets, the dimensions being 30x60 feet. We are unable to learn who will occupy the building or who is the owner, but J. R. Chozem has the contract and work will be commenced at once.

Another fine residence for Springfield will be erected by Banker Hy Stewart on the vacant lot south of his Second street residence. Judging

from Mr. Stewart's plans the cottage will be one of the neatest and most conveniently arranged in town.

Dan Humphreys informed the News this week that by November 10 he would again be engaged in the blacksmith business. He has leased the building on Second street, opposite Henry Stewart's residence, and is now fitting it up for a shop.

C. E. Russell shipped a car of prunes from Springfield Monday. He reports having dried about 75,000 pounds this season. His dryer is located at Thurston.—News.
