

SPRINGFIELD HAPPENINGS OF THE PAST WEEK

City Election Occurs on Monday, Dec. 3, at Which Time Two Councilmen, a Recorder and a Treasurer Will Be Elected

Born—To Mr. and Mrs. Lee Davis Saturday morning, November 17, a girl.

Fred Walker received several loads of goods for his undertaking establishment this week. He has one of the neatest and most conveniently arranged parlors in the state.

Our annual election will be held on Monday, December 3d. Only ten days more. Two councilmen are to be elected to serve two years and one recorder and one treasurer to serve one year each. As yet there are no tickets in the field and but little interest seems to be taken in the approaching election.

Postmaster Roberts is corresponding with eastern cabinet builders and postoffice supply houses, getting prices on new fixtures for the postoffice, which will be installed in the new building that is to be erected for that purpose by E. Etter.

J. A. Cox, of the firm of Cox & Cox has recently invented a new and useful fabric-measuring device. This machine is for measuring fabrics of various kinds for the retail trade and will also prove a wonderful time saver when the dry goods merchant comes to doing his annual invoicing. The device is simple in construction, convenient in use, and may be readily adapted to all purposes for which devices of this character are employed. Mr. Cox will no doubt realize a handsome sum from his late invention, as he has already interested some prominent Portland men.—News.
