SECOND DAY OF POULTRY EXHIBITION

Four Hundred and Ten Birds at the Lane County Poultry Association's Show - Elmer Dixon, Judge, Says Some of Them Cannot Be Beaten Anywhere

The second day of the poultry show in the Walton block brought out a larger crowd than the first, and it now looks as if the door admissions will far exceed those at any show ever held here. The actual number of birds on exhibition is 410, the largest collection ever seen in Eugene. Elmer Dixon, the judge, is surprised at the quality of the birds exhibited, and says that some of them cannot be beaten anywhere. He is still busy marking them and awarding the premiums. He makes the markings during the day and foots up the results in the evening. Last evening the following awards were announced:

OUT OF SORTS.

People Not Really Sick Are Often Most In Need of Care.

The people who are actually most in need of kind words and medical treatment are not those who are really sick, but just "out of sorts."

The old-time energy, force, strength and happy spirits are lacking; the physical and mental powers are flagging; there is poor appetite, and they cannot get the good out of the food they eat. In nine cases out of ten, this results directly from a weakened stomach, and no other treatment equals Mi-o-na to restore strength and health.

When the nerves and muscles are weak, if there is sleeplessness, irritability, and specks before the eyes, when the head aches and there is a dull pain in the back, and there is any distress and heaviness in the stomach, dizziness and sometimes nausea, the use of Mi-o-na stomach tablets for a few days will make a world of improvement, and continued use for a reasonable time will restore perfect health.

These tablets are not mere digestives; they absolutely strengthen all the organs of digestion, so that there is good appetite, perfect digestion and strong nerves, when they are used.

A large box of Mi-o-na stomach tablets is sold for 50 cents at Hull's drug store, with an absolute guarantee that they will be successful in curing indigestion and restoring health, or the money will be refunded. Ask Mr. Hull to show the liberal guarantee he gives with every 50-cent box of Mi-o-na. N26d6-12

BAD STORM RAGED IN THE MOUNTAINS

Veritable Cyclone Strikes Timbered Section in Row River Country Above Cottage Grove - C. L. Williams' Logging Crew Narrowly Escapes Annihilation

C. L. Williams, the well-known logging contractor, tells the Guard of a storm that reached cyclonic proportions in the Row river country, 13 miles east of Cottage Grove, last Monday afternoon. He and ten other men were engaged in getting out logs for the Eugene Lumber Company at the time. The wind arose suddenly and after a brief hail storm it struck with great force and fury where the men were at work. Huge trees were broken square off 20 and 30 feet from the ground and as they began to fall the men became alarmed and sought some place of safety. There were some narrow escapes from death, as the trees were falling on all sides of the men in every direction. The storm lasted only about five minutes, but in that time Mr. Williams says at least 200 trees were blown down within a radius of a few few hundred yards. He says this was the worst storm he has seen in the Oregon woods and he has been working in them for the past 40 years.

Shipping Logs

Speaking of his logging operations, Mr. Williams said that the Eugene mill is now receiving logs from the Row River country regularly, the railroad company furnishing all the cars they need at present. Yesterday 23,000 feet of logs were loaded on two cars. This is a record-breaker, the largest load ever brought to the local mill by rail.

I. W. Mitchell, of 245 Jefferson street, Eugene, butchered a litter of pigs a few days ago that averaged 200 pounds dressed. They were of the D. McGuire O. I. C. stock and were a few days under seven months old.

Endorsed By Nations

Several nations have placed their stamp of approval upon savings institutions by establishing government savings banks, realizing in them a safeguard of the people.

The saving habit is the savior of nations and of individuals, and it is easily cultivated. Each day of a man's life brings his nearer to the time when his capacity for earning decreases and finally ceases. The far-sighted man prepares for that time by creating a reserve fund for his declining years.

There is no better or safer way of avoiding poverty and privation in old age than by building up a savings account in this bank, depositing regularly a portion of your income, which, aided by the interest we pay, makes the accumulation of the fund certain.

We solicit your patronage.
