

**EGLIN SUES
MINISTERS FOR
WHISKEY BILL**

Portland, Jan. 18.—G. F. Eglin, who was in the U. S. House, Rev. W. H. Wood, Fred Fisher and N. J. De-
... ..

Mr. Eglin was a private detective for the Oregon Anti-Saloon League. For months he journeyed about the state, gathering evidence against the saloon men and druggists in local opium precincts. Now, as he avers, his whiskey and other bills have not been paid by the league, he brings suit in the West Side justice court against the league and the ministers, members of the board of trustees.

Eglin wants in all \$163. He asserts this is due him as back salary and expense account. This amount the defendants have, it is alleged, refused repeatedly to pay. Some of the items in the bill follow:

Florence trip, May 25 to June 6, 1906, whiskey bill for 13 days at \$2.50 a day, \$32.50.

Sherman county trip, August 2, lemonade at Rufus, 10 cents; August 5, at Rufus, 20 cents; August 6, lemonade, 20 cents; August 12, lemonade at Grass Valley, 40 cents; lemonade and soda at Kent on August 14, 60 cents.

Whiskey alternates with soda and lemonade through this bill, but as a rule a dozen lemonades a day and several whiskeys seem to have been the bill of fare of the detective. Some of the latter items for which the ministers are asked to pay are as follows:

August 16, lemonade at Grass Valley; August 18, lemonade, 30 cents; August 19, two flasks of whiskey at Wasco, 50 cents; August 20, soda water at Biggs, 40 cents; August 24 appears to have been a mixed day for Eglin for carfare for a day and brandy are included in a bill of 25 cents; later items show the soda trail to have continued through McMinnville, Carlton, Corvallis, Harrisburg, Mt. Tabor, Sunnyside, Portland and St. Johns, with quinine, headache powders, brandy, whiskey, lemonade and tablets bobbing in and out through the mass.

Joseph profited by the detective's stay above all the rest of Oregon, for there is one bill for whiskey of 50 cents, another for soda water of 20 cents, still another soda account, it is stated, at places for 50 cents, and final lemonades worth 30 cents. Mt. Tabor and Sunnyside, St. Johns and Montavilla appear to have been expecting the visitor, for nothing but headache tablets were discovered there, though the Palace Pharmacy of the city is credited with a quarter's worth of brandy.

NOVEL CURE FOR COLDS

Healing Medication That is Breathed Giving Quick Relief.

It seems just as ridiculous to put medicine into the stomach to cure a cold in the head or lungs as it does to go out in the rain if we want to keep dry.

The fact that many people right in Eugene cough and hawk and snuffle for days and weeks after they treat a cold with the usual stomach dosing, shows how valueless are the ordinary cough and cold cures.

The right way to cure a cold in the head or a cough or irritation in the throat and lungs is by breathing Hyomel's medicated air. Put a few drops of Hyomel in the neat pocket inhaler that comes with every outfit and breathe this healing air for a few times and immediate relief will be noted. The medication goes right to the spot where the disease germs are located and renders them harmless in the future.

At the same time the soothing and healing effects of Hyomel on the irritated mucous membrane give quick relief, and the cold is broken up. The best evidence of the great value of Hyomel in curing colds, coughs and all bronchial troubles is the fact that Hull's drug store gives an absolute guarantee with every outfit they sell that if it does not give satisfaction the money will be refunded.

A complete Hyomel outfit, consisting of a bottle of Hyomel, the inhaler and a medicine dropper, costs but \$1, while extra bottles of Hyomel, if needed, can be obtained for only 50c.

FIVE DOLLAR LUMBER RATE IS RESTORED

It has been announced by the Southern Pacific Company that the old rate on lumber—\$5 per ton from Oregon to all California points, will be restored as soon as a new schedule can be made out and the present rate of \$3.10 will be abolished. The \$5 rate prevailed several years ago and was ruinous to the lumber manufacturers. From all over the valley a great protest was raised and the company was finally induced to lower the rate to \$3.10, but now, it appears, the railroad is determined to again throttle Oregon's leading industry.

The information that the rate would be raised was given out by H. E. Lounsbury, of the Southern Pacific Company, who was here yesterday afternoon, and a confirmation was had by the Booth-Kelly Company in a wire from San Francisco last evening.

A DANDY FOR BURNS.

Dr. Bergin, Pana., Ill., writes: "I have used Ballard's Snow Liniment; always recommended it to my friends, as I am confident there is no better made. It is a dandy for burns. LINN AND LANE ARE NOW AGREED

Salem, Jan. 17.—At a conference today the legislators from Linn and Lane counties in the state legislature agreed to a satisfactory adjustment of the boundary line between those two counties. By the terms of the compromise, the disputed territory is divided about equally between the two counties.

The new boundary line as agreed upon follows the divide between the McKenzie and Calapooia rivers. The division of the district decided upon is the natural distribution of the disputed territory, which includes the Blue River mining district, that is now restored to Linn county. That part of the territory on the McKenzie water shed, sloping towards Lane county, is awarded to that county, and that on the Calapooia side of the divide is given to Linn county.

Those attending the conference were: Senators F. J. Miller and M. A. Miller and Representative Brown, Upmeyer and Holt, of Linn; Senators Booth and Bingham and Representatives Eaton, Washburne and Edwards, of Lane.
