**A TERRIBLE ACCIDENT OCCURS AT DRAIN**  
 Wednesday night a crowd of merry young normal students were coasting down the steep hillside south of the schoolhouse. A dozen or more of them were on a sled coming down with the speed of a cannonball, when the front footboard broke, catching one of Miss Rena Elleburg's legs underneath and badly crushing the bone between the knee and ankle. The unfortunate young lady, who is 18 years of age, was taken to the home of Professor and Mrs. O. C. Brown and physicians dressed the wound and set the bone. It is the intention of her father, William Elleburg, to take her on today's train to the hospital in Eugene, where she can have the very best of treatment. It is feared that the bone is broken in several places, and in that event she may remain a cripple for the remainder of her life.—Drain Nonpareil.

**ROBERT R. HAYS SENT TO INSANE ASYLUM**

Well-Known Capitalist and Hop Grower Examined Before An Insanity Commission Today.

Robert R. Hays, the well-known capitalist and hop grower, was examined by Drs. F. W. Prentice and L. W. Brown before County Judge Chrisman this afternoon as to his sanity, and committed to the asylum at Salem. An attendant will arrive here tonight and take him to that institution in the morning. The cause of the present condition of the unfortunate man is officially given as alcoholic excesses. He is aged about 59 and single. This is his first attack of insanity, and it has been of ten months' duration. R. O. Brady, who conducts his farm at Creswell, was appointed his guardian several months ago, as he became unable to handle his business. It was hoped that the attack would not last long, but he gradually grew worse and finally it became necessary to commit him to the asylum. Mr. Hays' home is nominally in Eugene, but he has been staying on his farm for the past year or more.

**MONEY FOR LEASE ON LIFE**

Andrew Carnegie Would Give \$220,000,000 for Ten Years.

New York, Jan. 18.—A Philadelphia dispatch to the Sun says that near the end of the Clover Club's 25th anniversary dinner (here last night Colonel A. M. McClure, the aged editor, dean of the club and its ex-president, made a speech in which he declared fear of old age. He said: "Old age has nothing in it to fear. When death calls me I shall not be afraid."

Colonel McClure continued: "After dining with Mr. Carnegie once he said to me that he would give \$200,000,000 for a lease on age. 'Two hundred millions,' he said to me, 'that's what I'd give for a lease on this life. I'm not hogish, either. I'd give it for ten years only.' I don't think Carnegie is afraid of death, but he clings to life. There is a difference, I said. 'Andy, if you would you would be buncoed at that price.'"

Which Extended From Canada to Mexico—Bad Weather at Los Angeles While They Were There.

Mr. and Mrs. Bruce L. Bogard arrived home last night after an absence from the city since July. They have been in the Canadian country, in the Eastern States and in Mexico, coming up from Los Angeles, Cal., on their last trip. Mr. Bogard informed a reporter today that while they were in Los Angeles the weather was very bad, the rain coming down in torrents for several days. The day they left there it rained so hard that the principal business street was flooded and the water was flowing into the stores. He says Oregon climate is better than any he was in during his trip and he is glad to be back where there are no extremes in the weather.

**CURRENT NEWS NOTES**

A sensational scene was enacted in the house at Boise, Idaho, Friday, when Representative McCracken rose from his seat and flourished a Short Line pass, saying it had been given him last night to influence railroad legislation. The anti-pass bill takes effect a year hence. A report was favorably received, and amended, and on McCracken's motion it will go into effect at once. It carried by almost unanimous vote.

The National Woolgrowers' convention at Salt Lake City Saturday selected Helena, Montana, as the next place of meeting. Senator F. S. Warren was re-elected president. Similar action was taken in regard to Dr. J. M. Wilson, of Douglas, Wyoming, the Western vice president of the association. Colonel George Truesdale, of Warrington, D. C., was selected as Eastern vice president, and G. S. Walker was reappointed secretary and A. J. Knollin, of Chicago, treasurer.

**The Spirit of Winter**  
 The spirit of winter is with us, making its presence known in many different ways—sometimes by cheery sunshine and glistening snows and sometimes by driving winds and blinding storms. To many people it seems to take a delight in making bad things worse, for rheumatism twists harder, twinges sharper, catarrh becomes more annoying, and the many symptoms of scrofula are developed and aggravated. There is not much poetry in this, but there is truth, and it is a wonder that more people don't get rid of these ailments. The medicine that cures them—Hood's Sarsaparilla—is easily obtained and there is abundant proof that its cures are radical and permanent.
