

BABY TORTURED BY ITCHING RASH

Face and Feet Covered—Rest Broken and Would Cry Until Tired Out—"Cradle Cap" Added to Baby's Torture—Tries Cuticura Soap and Cuticura Ointment.

IMMEDIATE RELIEF AND SPEEDY CURE

"My baby was nine months old when she had rash on her face and feet. Her feet seemed to irritate her most, especially at night. She would cause her to be broken of her rest, and sometimes she would cry until she was tired out. I had always used Cuticura Soap myself, and had heard of so many cures by the Cuticura Remedies that I thought I would give them a trial. The improvement was noticeable in a few hours, and before I had used a box of the Cuticura Ointment her feet were well and had never troubled her since. I also used it to remove what is known as 'cradle cap' from her head, and it worked like a charm as it cleaned and healed the scalp at the same time. Now I keep Cuticura Ointment on hand in case of any little rash or insect bite, as it takes out the inflammation at once. Perhaps this may be the means of helping other suffering babies. Mrs. Hattie Cooper, Thomaston, Me. June 9, 1906."

WILLIAM JENNINGS BRYAN'S BUSY DAY IN EUGENE

(Continued from Page 4.)

ings of Confucius, which he condemned very severely. He said:

"Before I went to China I thought very much of the teachings of Confucius as a religion, but when I returned I did not like them. I had seen them in practice. Confucius had, I thought, before my trip, much the same teachings as Christ, only they were negative in form. But when I had seen the practices I realized what a gulf there was between the positive and the negative.

"The Chinese say that they live up to the ideals of Confucius, and that is so, for when any one overtakes his ideal, his progress stops, and the Chinese have been that way for a thousand years. Our ideals, our Christianity, are still so high above the noblest and purest that we have attained that we may keep on advancing forever.

"In Japan we found many interesting temples. In one temple a Buddha, according to some versions, while another paper was thrown at an idol or image of Buddha, and if they struck the power was heard. From the appearance of the idol a good many prayers had been heard.

"I believe Japan is going through a crisis, not in her army or navy, or of material civilization. It is one of religion, on which the Western innovations are founded. The religion of Buddha is dying in Japan and Shintoism, the state religion now, is only a worship of ancestry. The question is one of religion, whether Japan be a nation of agnostics, of infidelity or Christianity.

"The further advance depends on her course and her choice.

"We went to many places in India. Never before have I gotten such ideas of idolatry and superstition. I saw temples in Europe, great churches and I wondered how many worked on them and unnumbered thousands who died before they were finished. So when we got back to the small church which we attend at home I thought how much better it was than those which cost so much labor."

Bryan then told of various ways of burial over the world, dwelling on the repulsiveness of some of the fashions.

In India one tomb, the Tashmaha, which was erected three centuries ago because of the love of a prince for his favorite wife.

"Before going I thought," Bryan said, "how fine this sentiment was, but when we got there and saw the tomb I thought how terrible."

After that he told of the troubles concerning food and water here and his wife experienced in Asia, much to the amusement of the audience.

Bryan told next some amusing and pathetic experiences with royalty the sultan of Sulu, Dato Prang, emperor of Japan, czar of Russia. Concerning the czar Bryan said that he considered the time spent there as the most valuable he had ever spent.

"Sometime ago it was said that I was an anarchist. Well, I talked with the czar over an hour and I guess I know I am not an anarchist now."

In regard to Roosevelt and the opinion of him abroad Bryan said:

"Everywhere I went I heard our president's name; I heard it in connection with treaties, especially the Russian-Japanese peace treaty, and I am proud of the prestige it has given our country toward a stand for peace. I believe our nation has a chance today to lead the world to a stand in which war will be almost unknown."

Bryan then contrasted the old world with our country. First he took up the condition of women in the United States. He illustrated the awful condition of the women in Japan, India and Turkey.

"In Europe the extremes of the sexes is not so far, yet it is not as near as here" was one of the speaker's strong statements in regard to women. He said further that "I could not convince many that a double standard of money was good, but I am sure that I can convince all that a double standard of our domestic plan is the best."

He then spoke of the condition of the laboring men in the different parts of the world, comparing them very unfavorably to the American circumstances. He said, however, that there was a chance for improvement here.

"Education," he said, "is growing, and if before I took my trip I had been a pessimist, I would have turned me an optimist."

He described the educational conditions in Japan and China, showing the great improvements and advance

ST. LOUIS BECOMES ENTHUSIASTIC OVER COOPER

St. Louis, Jan. 24.—In view of the enormous sale of Cooper's preparations now going on in this city and the intense interest which Mr. Cooper has stirred up since his arrival, a representative of the Globe-Democrat spent Thursday afternoon at the young man's headquarters watching the swarm of humanity come and go.

During the afternoon the reporter interviewed many of the callers and obtained statements from all who cared to give them, as to their experiences with Cooper and his preparations.

The following are selected from the general expressions of the people seen:

Mr. W. T. Bray, living at 1120 Angelle street, when interviewed, said: "I had suffered for years with stomach, liver and kidney trouble, seven years, in fact. I had tried many remedies, but obtained no help from any medicine I took. I bought one bottle of the New Discovery medicine and one of the Quick Relief. After using them one week I was so wonderfully improved that I can hardly believe it possible. I am very grateful to Mr. Cooper. He has a wonderful medicine."

Another caller was Mrs. Clara Yohe, living at 1610 Locust street. She said: "I had suffered with stomach trouble for years. I was so bad the last year I could not eat anything at all. I could not digest my food and had a severe pain in my stomach most of the time. I did not sleep well and had severe headaches at times. I have tried many remedies and have been to a number of physicians. I bought some of this man Cooper's preparations. I feel greatly benefited and have gained steadily in flesh since using the medicines. I have not a trace of stomach trouble left and have come here to thank Mr. Cooper."

Mr. C. A. Taylor, of 4220 Finney avenue, said: "I have been suffering with stomach trouble for several years, and owing to the nervous conditions caused by this trouble I could not sleep. The only relief I obtained was when up and walking around. I tried everything I heard of for stomach trouble but nothing gave me any relief. I heard so much of this man Cooper that I decided to try his medicine. I have used several bottles and noticed a decided improvement almost immediately. I am now entirely cured, and feel happier than I have for several years."

Mr. John Schenck, of 2111 North Twelfth street, when questioned, said: "I had eight years of suffering and sleepless nights on account of stomach trouble and headaches. I have used one bottle of Cooper's preparation and now rest every night. I have not a trace of stomach trouble left and have been immensely benefited every way."

Mr. S. P. Hitchings, living at 2425 Franklin avenue, made the following statement: "I have suffered with rheumatism for thirty years. I was stiff in all my joints so that I could hardly use them. I used Cooper's remedy and have come here to thank him and purchase more, as I can handle myself perfectly after using the preparations one week. I feel better than I have for years."

Amelia Leonard, living at 1530 Salisbury street, said: "I have suffered for the past ten years with stomach trouble, headaches, dizziness and kidney trouble. I have been treated by a number of physicians and have used all kinds of medicine, but nothing did me any good. My appetite was irregular, and my back pained me greatly. In fact, my life was a misery to me all the time. I suffered with nervousness and loss of sleep. I have used two bottles of the New Discovery medicine. This morning an immense tapeworm passed from my system. This has undoubtedly been the cause of all my sufferings, and I am very grateful to this man who has relieved me."

In spite of assertions made by various physicians that Cooper is a fake, who will soon die out, the young man seems to be gaining even greater headway as his visit draws to a close. It is estimated that four thousand people called on him yesterday, which is being made.

Prominent Democrats.

Among the prominent Democrats in Eugene yesterday accompanying Mr. Bryan were the following: F. Matlock, of Pendleton; J. O. Booth, of Grants Pass; Alex. Swann, of Clatsop; Robert A. Miller, of Portland; Senators M. A. Miller, of Lebanon; W. H. Wehrung, of Salem; Judge William Galloway, of McMinnville; R. M. Veatch, of Cottage Grove; C. P. Hooton, of Junction.

ADVICE TO COOKS

Oyster Talks

If you want your oyster stew to be good, you must first be sure that your oysters are good. Always use Sealship Oysters and then you can be sure of their quality. All others are so full of stale water and foul "embalming" powders that they are apt to make the milk curdle.
