BEING OUT  
AFTER TWELVE**

**Three More Arrests for Violation of  
New "Blue Law" - Lou Marshall  
Breaks Away from Officers and  
Disappears - Doc Haskett Fined  
Six Dollars**

The police officers seem determined to enforce the new "blue law" to the letter. This morning about 1 o'clock Louis Marshall, Doc Haskett and a fellow named McCarty were arrested by Officers Croner and Purdy as they were emerging from the alley in the vicinity of the Rankin block for loitering about without any apparent excuse. The officers saw the three were drunk. The trio was marched to the city jail, but just as they reached there Marshall broke away and was chased by Officer Purdy as far as East Eleventh street, but Marshall has floated on foot and succeeded in eluding his pursuer.

Haskett and McCarty were brought before Judge Dorris this morning. Haskett was fined \$6 but McCarty declared he was not drunk, despite the statements of the officers and Haskett to the contrary, and his case was set for this afternoon, when the night officers could appear against him. The men said they had just come from the Hazelwood restaurant when arrested, being let out at the rear door, the front door being locked in accordance with the new ordinance. McCarty was fined \$20, but not having the money, he will serve ten days on the streets. Marshall has not yet been found.

**J. C. BRANSTETTER BUYS  
HERMAN BREYER'S PLACE**

Will Conduct it as a First-Class Cigar Store and Will Put in a Soda Fountain.

J. C. Branstetter has purchased the cigar store and soft drink place of Herman Breyer in the Hodges building and will take charge tomorrow. He will conduct it as a first-class cigar store, and next summer intends to put in a soda fountain and serve the season's most popular temperance drinks and ice cream. He will also carry a fine line of confectionery. Mr. Branstetter needs no introduction in Eugene. He has been in business here at different times for years past, but more recently in Portland and St. Johns, where his family is now located, but who will remove to Eugene as soon as possible.

Mr. Breyer has not yet determined what he will do in the future, but will remain in Eugene. Since he succeeded Mr. Hodges in the business he has conducted an orderly place and retired with a very good record.

**Portland Market Report.**  
Portland, Or., Jan. 31.—The advance announced today in city creamery butter was the chief subject of discussion among country produce dealers this morning.

Country butter comes in so badly packed and in such diversity of shapes as to preclude its use for anything except cooking. There are a few country creameries that put out a quality of butter that sells alongside of city creamery and at about the same price.

Very little storage butter is held in Portland, but if the local make remains long at the record advance there is little doubt Eastern dealers will bring in Eastern stock to meet the wants of buyers of cheaper grades.

Eggs continue strong, the price today named along the street being 33 @ 34c. Receipts have fallen off on account of bad weather and interruption of transportation.

Poultry is still in light demand, so that the small receipts were not an important factor in the market.

**Vegetable Supply.**

Steamer vegetables were received in fairly good condition, but a car of mixed stuff was not as good as the last few previous ones. Another one is on the way, and a car of Los Angeles cabbage is about due.

Reports from the south state that cabbage is becoming rather scarce, both in the San Francisco and Los Angeles markets. The next lots will be quoted here at 2 1/4 c for the Los Angeles and 2 1/2 c for the "Frisco."

Cauliflower is improving in California in quantity and is coming in better condition also.

The last steamer brought up supplies of oranges, pineapples and tomatoes along with the mixed vegetables referred to.

**Fresh Meats Squady.**

There were pretty good supplies of veals and hogs this morning, but the demand for hogs is showing some indications of falling off.

Pigs are steady, butchers wanting veals at the prevailing quotations.

**Wholesale Trade Notes.**

Steamer rates were advanced last Friday, as previously announced, and the result will be that staple commodities will feel the effects. Such commodities as come from California—sugar, salt, beans, dried and canned goods—will be up

to cover the new cost of transportation.

Olives in bulk have been advanced 15 @ 20c.

Washboards are 25c per dozen higher.

A lot of 700 boxes of Hood River apples is going on the next steamer to Vladivostok.

At the Salt Lake convention of the National Wool Growers' Association Helena, Mont., was chosen as the next meeting place. The date will be decided upon at some later time. The convention adopted resolutions endorsing the tariff on wool and woolen fabrics.

**LONG FELT WANT IN EUGENE.**

While working in the largest dyeing and cleaning works on the coast and while there seeing lots of garments shipped from Eugene to be dry-cleaned, or dyed, and after investigating and going over the ground thoroughly we saw at once that there was a good opening for a first-class cleaning and dyeing works in Eugene. So we have decided to put in a first-class plant and are doing well from the start. We are the only experts in this line north of San Francisco, and have had over 12 years' experience and guarantee all work. All articles dyed and cleaned by us are treated separately for sanitary purposes and done by hand. In this way we obtain good results and as no machinery is used in our work that will tear or injure the fabric.
