Track Team Has Secured University Grounds for Training - Debating Team Will Be Put Out - Amateurs to Hold Mock Senate in Near Future

After a successful basketball season, which followed a championship series of football games, the high school has taken up track athletics with unusual energy. A year ago, too late in the season to do any effective work, the school changed its spring athletics from baseball to track, resulting in a poor showing in its work. This year, with an early start and plenty of spirit, it has a fair chance to live up to its reputation of success in everything. Manager Kuykendall has secured the U. O. track to train on, and about 35 have started training, with more to follow. An initial meet has been arranged with the sophomores of the university, and in May the team will meet Baker City high school here.

Sophomore Team.
The sophomores met one day this week and decided to put out a track team. Robert Kuykendall was selected manager and B. Sheridan captain. The class has some very good material for this enterprise. At the same meeting the class decided to also put out a baseball team to compete with the freshmen, who already have a team in practice.

Debating Team.
This year the school is going to show that athletics is not its only accomplishment by putting out a debating team. The teams which were chosen about two weeks ago are now preparing to meet the Astoria high school. They will have other meets later, probably the next with Salem.

Mock Senate.
The Amatician Literary Society will hold a mock senate soon and a committee is now organizing details. Although at present not much is known of it, from all given conditions, and from previous senates it is expected to be a big success.

Assemblies.
The regular assembly planned to have been held today has been postponed until Monday morning, when Major Gustav Hendrich Schoof, the noted explorer and missionary, will speak. The public is invited to attend these assemblies which, as the plan is now, will be held weekly.

Basketball.
The basketball team is practicing hard with the second team to beat the Roseburg team, which comes here March 8. The boys were outplayed and defeated at Roseburg last week, but their hopes are high for the coming game.

The Fraternal Brotherhood.
All members are urged to be present at the special meeting held in Eagles' hall Saturday night, March 2, at which time Mrs. Neidig, supreme vice president of the organization, will pay an official visit. Large class of candidates. Springfield lodge will attend in a body.

AMUSEMENTS

After a remarkable career of prosperity in both New York and Chicago, Messrs. Khaw and Erlanger will present at the Eugene theatre tonight Geo. M. Cohan's brilliant success, "Forty-Five Minutes From Broadway," which will be seen here with all its wealth of gorgeous stage settings, presented by a company of well established reputation, headed by the peerless Corinne, so long and favorably known as one of America's famous comedienne. She is surrounded by such capable and well-known people as Scott Welsh, Eugene McGregor, Claire Granville, Elphye Snowden, Susan Chisnell, Arthur V. Gibson and an excellent ensemble of many pretty girls. In this play Mr. Cohan has succeeded in doing what many authors have tried to do, but with little success.

ED. HANSON

He has given to the stage a semi-serious play with a musical setting. The musical numbers are all big favorites. "So Long, Mary," is now probably more famous than any other song of recent years, while "Mary is a Grand Old Name" is giving it a close race for popularity. With the success of this play Mr. Cohan immediately established himself as the best writer of this style of stage entertainment in America. The play divided the entire past season and most of the summer between New York and Chicago, having played twenty consecutive weeks in the former and over thirty weeks in the latter city.

SCHOONER ALPHA WILL HAVE TO BE ABANDONED

Vessel is High and Dry on Beach at Mouth of the Umpqua—Some of the Rigging May Be Saved.
The schooner Alpha is high and dry on the beach near the mouth of the Umpqua, and it will be necessary to abandon the hull of the boat, although some of the rigging may be saved, says the Coos Bay Times. The faithful captain is still with his boat and is alone. Last night one of the sailors of the wrecked schooner came to Marshfield, intending to get a place on the steamer Plant. The sailor said he was the last to leave the captain's side, and has been on board the stranded boat with
