C. F. Walker, of the late firm of Campbell & Walker, was brought home on a stretcher Tuesday evening. He had been assisting his men at Divide, who were loading a car with round lumber. CURED LUMBAGO.

A. B. Canman, Chicago, writes March 4, 1907: "Having been troubled with Lumbago, at different times and tried one physician after another, then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of sufferers."

- Fairmount Department -

In responding to the call for Fairmount items the writer will not attempt fanciful sketches. What is written will be the plain, unvarnished truth.

Fairmount is a part of Eugene and hopes to be a part of a still greater Eugene. To this end we will all strive. The sentiment seems to be here: First, the upbuilding of our own immediate neighborhood, and thus the whole city. We have no sectional or class feeling, but this section seems naturally somewhat distinct from the city proper. There is considerable that concerns us that does not materially affect the rest of the city. Some things happen in the social line that do not get into the papers because we are remote.

The farewell reception given Mr. and Mrs. A. C. Godard last week was a worthy tribute to a worthy couple. The spacious and pleasant home of Councilman Garrett was thrown open and friends to the number of one hundred or over assembled. Pleasing music, songs, speeches and dainty refreshments caused all to enjoy the occasion. Mr. and Mrs. Godard have gone to South Dakota to make their home. Mr. Kilborn purchased their neat little cottage with furnishings complete.

James Randle recently purchased the Gillette residence.

Our good people are trying to get a reputation for doing things if they "don't watch out." The tree planting bee of this section was reported even in the Portland papers. Well, it deserved commendatory notice. The way to improve is to improve. We have our street names made visible now. The posts should have been smoothed and painted.

City mail delivery is promised us. The mail collection boxes will be the greatest convenience.

We want and need something in the line of fire protection out here. If proper to do so would ask the city fathers to give us a chemical engine. Our young men could easily form a crack company.

Mr. Fuller and family have recently moved into the Svarverud residence on Moss avenue. Mr. Fuller

is now in the employ of the Register.

A small colony of some twelve people have moved here from Oklahoma.

Mr. and Mrs. J. L. Marsh have returned from their outing in a logging camp. John did not lose any flesh.

H. F. Hornstra came home over Sunday to see his new son.

Our houses are all numbered ready for the city delivery of mail.

If the Southern Pacific Company is to build a new depot in Eugene this summer, why not move the old one out here? It would just about meet our needs. By the way, we want that local train schedule, soon to go into effect, to include a stop at Fairmount.

Ed Judkins is evidently preparing to take some comfort by the way he is fixing up his home on Columbia avenue.

Just count the small army of children wearing out shoe leather attending the Patterson school from this section and see if there is not justice in our urging a new school house for Fairmount.

Our Improvement Club is doing good work. The effort is right. Organize and then push.

The next meeting of the club will be Monday, March 25. Professor Young will be the speaker of the evening. General topic, "Assessment and Taxation." Members of the club will take subordinate topics. Something may come of this.

"All things come in time to him who can but wait." Well, we have been waiting for things to come and now if they don't we are going to howl.

The Guard kindly offers space for our needs and happenings to be made known.

Chas. Marsh and Mrs. J. L. Marsh carried off the honors at the recent poverty ball as the best sustained characters. Neither have ever experienced grinding poverty and it is a tribute to their ability:

LONG FELT WANT IN EUGENE.

While working in the largest dyeing and cleaning works on the coast and while there seeing lots of garments shipped from Eugene to be dry-cleaned, or dyed, and after investigating and going over the ground thoroughly we saw at once that there was a good opening for a first-class cleaning and dyeing works in Eugene. So we have decided to put in a first-class plant and are doing well from the start. We are the only experts in this line north of San Francisco, and have had over 12 years' experience and guarantee all work. All articles dyed and cleaned by us are treated separately for sanitary purposes and done by hand. In this way we obtain good results and as no machinery is used in our work that will tear or injure the fabric.

Everything possible in cleaning or dyeing. Eugene Dye Works, 659 Willamette street. Phone Red 2561. C. Marx, Jr., manager.

and remember the next time you suffer from pain—caused by damp weather—when your head nearly bursts from neuralgia—try Ballard's Snow Liniment. It will cure you. A prominent business man of Hempstead, Texas, writes: "I have used your liniment. Previous to using it I was a great sufferer from Rheumatism and Neuralgia. I am pleased to say that now I am free from these complaints. I am sure that I owe this to your liniment."
