NEW CATHOLIC CHURCH IS DEDICATED

Beautiful House of Worship Just Completed is Consecrated to Religious Services With Most Impressive Ceremonies - Splendid Sermon by Rt. Rev. Abbott of Mt. Angel

The new Catholic church was dedicated yesterday morning with most impressive ceremonies. The imposing ritual of the Catholic church was carried out in most solemn manner.

At 10 o'clock Archbishop Christie, accompanied by the Rt. Rev. Abbott, of Mt. Angel, and the Rev. president of Columbia University, proceeded by the long line of surpliced sanctuary boys, proceeded around the grounds, and entering the church they marched around the inside and blessed the four walls. After the benediction the mass of Palm Sunday was celebrated by the pastor, Rev. Father J. M. O'Farrell.

The sermon, preached by the Rt. Rev. Abbott, was a masterpiece of English and sound common sense. The preacher pointed out the fallacy of the objections raised against the Christian religion. His words were listened to with great interest by the audience, which filled the church to overflowing. The music, furnished by the male choir, was most solemn and impressive, and reflected great credit on the organist and leader, Mr. Scherzinger.

At 7:30 p. m. the Most Rev. Archbishop Christie addressed a congregation of nearly 800 people, and in his usual eloquent style proven conclusively from the Scriptures that Christ founded a church to which all who wish to be saved must belong. The church must exist today and must teach the doctrines which Christ commanded his apostles to teach. His text, "He who believes and is baptized shall be saved," was most clearly explained and the sermon was a distinct treat, both from an eloquence and a logical standpoint.

History of the Church. A history of the church, as furnished by Father O'Farrell, is as follows:

When Eugene was only the embryo of the city of today, the untiring missionary archbishop, Most Rev. F. A. Blanchett, visited and established the nucleus of the present congregation. Its numbers were then small, and its progress slow but continuous.

In the homes of two of these families he found private altars upon which to offer up the holy sacrifice of the mass. This mission, thus established, was attended at sundry times by Fathers Goons, Deliman, Nespliler, Macken and Gibney. A more convenient room was required to accommodate the growing church. The old courthouse, through the kindness of the municipal authorities, was offered. Father Gibney gladly accepted the offer, and from that time the church continued to progress. February 24, 1873, the site of the present building was purchased from Geo. B. Dorris. From '73 to '86 the mission was attended by the Benedictine Fathers Winegar and Barnabas. The year '86 is memorable in the history of the mission. Father Mettayer, who then had charge, purchased the old Methodist church and had it transferred to the site so long vacant. The following year Father Beck took charge and built the school house. For seven years he was rector of the church.

Father Stravens was in charge from '94 to August, '95; Father Black to May, '97; Father Daly to August, '98; Father Pryzbylski to September, '01; Father Buetgen to March, '04; Father Reidhaar to February, '06. J. M. O'Farrell, the present rector, took charge on February 17, 1906, and immediately began arrangements for the erection of a new church. Plans drawn by J. Hunzicker were approved by His Grace, Archbishop Christie, and the contract was let on September 19, 1906.

STATEMENT TO THE VOTERS OF EUGENE

We, the undersigned, nominees of the people's mass convention, believe that the only way to redeem our city from the blight of bad water is for the city to own and operate its water system. The people of the state demand it, by reason of our having the state university. Contemplated residents demand it. Investors of capital demand it. We have tried and begged for corporate relief, but failed.

If elected we pledge our sacred honor to enact laws whereby the city will own and operate its own water system.

A BUSINESS PROPOSITION

The boom in mining interests throughout the country during the past two years has greatly increased the number of investors in this class of securities and holders of large and small amounts are eagerly seeking daily news of the market and of the mining districts. In such matters the New York Commercial has grown to be known as the leading authority and investors can do no better than read its columns daily.

The financial and insurance departments are among the strongest in the country, and the dry goods, grocery, drug, metal and provision market reports are accepted by those in the various lines as most valuable and authoritative.

One druggist who owns two or three stores in New Jersey states that he has saved thousands of dollars by keeping in touch with the market through the columns of the Commercial. As a business proposition business men will find in a subscription to the New York Commercial a valuable asset.

MARRIED.

The marriage of Charles Nathan Griswold to Miss Freda Lorane Peterson took place at the home of the bride's parents, Mr. and Mrs. A. A. Peterson, on Olive street, Saturday evening at 6 o'clock, Dean E. C. Sanderson, of the Divinity School, officiating. The wedding was a very quiet affair, only the immediate relatives of the young people being present. Mr. and Mrs. Griswold left on the local train Sunday morning for Portland and other points north on a short honeymoon trip, after which they will go to housekeeping in rooms in the Hall block on East Ninth street. Mr. Griswold is the popular second deputy at the county clerk's office, and his bride has been employed for several years as bookkeeper for S. H. Friendly, the dry goods merchant. Both have hosts of friends who tender sincere congratulations.

500 COMING

At the age of 39 your protection policy costs you about \$16 annually, and no dividends will ever be declared after you pay in for 60 years (if rates are not increased). You will have paid in \$960 and supposing death to occur then, your heirs would receive \$1600—see?

But now see again. In 1847 James Cassidy took out a policy in the Mutual Life of New York for \$1000; it was a life protection policy, but drew dividends. His annual premium was \$22.40. Cost of protection being equal, deduct same (\$16 from \$22.40), leaving an investment over cost of protection of \$6.40 annually. After the recent death of Mr. Cassidy his claim was paid as follows: Original face of policy, \$1000 Dividend on investment, \$1555 Dividend drawn in cash by Cassidy, \$386

Total, \$2941

We are now giving the same results on 20, 25 and 30 year endowments by paying a little more each year and then draw the same in your own old age.

This ought to bring 500 young men to my office, Room 2, Savings Bank building, within the next 24 hours. No tax.
