

A New Baby.

A New Baby! What magic, what mystery, what charm the words have for us. Yet, how infinitely more they mean to the mother. A new life; short, to be sure, but full of possibilities. Some one must be patient, hopeful, watchful, proud and never discouraged. That "some one" is the mother. She has heard her baby's first cry, and whether it be her first or tenth, the feeling is the same. Her feeble arms are out-stretched; those arms that will never desert it as long as the mother shall live. And that hand which supports the head of the new-born babe, the mother's hand, supports the civilization of the world.

Is it any wonder, we ask you, mothers, that with all these responsibilities resting upon your all too weak shoulders, we urge upon you the necessity of selecting the babe's medicine with utmost care; the necessity of protecting your babe from worthless, unknown and narcotic drugs as you would protect it from the fire?

U. O. WILL DEBATE AT SALT LAKE CITY

As reported in the Guard several months ago, the university will debate the University of Utah at Salt Lake this spring. The date will be April 28, and the team will probably be J. C. Veatch and F. V. Galloway, leaders of the affirmative and negative teams respectively. The question will be the same as was debated with Washington and Idaho Thursday night, and Oregon will defend the negative. Though the affirmative team won here, the other two teams on the affirmative were beaten in the Triangular League, and that side is considered stronger. Oregon's negative team was considered the stronger in argument before the debates.

The debate at Salt Lake will be for the championship of most of the states of the Rocky Mountain region and the Pacific Northwest. Each speaker will have a fifteen minute speech with a five minute rebuttal.

JUST BECAUSE

your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to pneumonia, bronchitis and consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all.
