NEWS NOTES FROM LOWELL VICINITY

Joshua Cain Has Experience With a Cougar—Marrage of Rosa Stiers and Steve Harris.

(Special Correspondence.)

Lowell, April 4.—March, 1907, is past, with her blusters and storms, and we may confidently predict a change in the weather and get ready for an active and prosperous season. The grain prospect is good, and farmers are well up with their work. Gardens are beginning to look well, corn planting will soon begin, and as a general way of speaking the prospects are for a season of prosperity. The Coast Fork and Rush Island

communities, respectively five and eight miles east of Lowell, were somewhat excited on account of the livery outfit passing up the road Saturday, March 30, but the news of a wedding soon settled the minds of the people. Miss Rose Stiers and Steve Harris were made one and have started with the best wishes and congratulations of a host of friends to sail the ocean of life together. They took the train for Washington, where they will reside in the future.

The logging camps are in full blast now and will be until July, as the call for logs is greater than the supply.

Charley Pogue, of the Middle Fork district, made a flying trip to Eugene last week and returned with a spraying outfit and material to spray their fruit trees. There are several orchards being sprayed along the river between Lowell and Hazel Dell.

Roy Humphrey started work the first of April at his logging camp on the Kelsay place, six miles above Lowell.

During the month of March we had 19 rainy days, 2 clear days, 9 cloudy and partly cloudy; 3 light frosts; average temperature, 55.

Joshua Cain will carry the mail from Lowell to Hazel Dell for a while. Mr. Cain had an experience a few days ago, he says, with a large cougar that he will not soon forget. While attending some traps he had set in the foothills near Middle Fork school house he spied a large cougar track in the snow that looked fresh. His shepherd dog was with him, and he showed him the track and away he went on the hunt in a short time. He heard the dog whine, as he thought, but after waiting some time and the dog not returning Mr. Cain followed in the direction the animal went and found it in the throes of death, having been bitten on the back of the head, the skull being crushed and the back broken. The dog soon expired and the cougar escaped. Mr. Cain is wanting another good cougar dog to get revenge.

CHANGES IN UNIVERSITY BASEBALL TEAM

The university baseball team, which will make an extended trip through Washington and Idaho, playing Multnomah at Portland during the April vacation, has undergone considerable change in the last two or three days. Two Portland boys have won places in the infield who it was thought would make only the outfield. Huston, who was making an excellent utility man, is one, and "Dad" Clark is the other. Clark will play at shortstop, which Ramp held down last year, and Huston will go to second. Both men have shown up wonderfully in the last two practices, their "wings" being especially speedy and accurate, as well as their ability to stop grounders being good. Smith, it was generally understood, had second base clinched, but according to the present announcement he will go to the outfield.

Wistar Johnson has made good over Kelly behind the bat, though the latter will act as change catcher and play in the outfield. Kelly is a strong batter, as well as a fast fielder. Captain Paine, of this city, will hold down the first bag during the trip, and the Portland trio, Hathaway at third, Clark at short, and Huston at second, will take care of the rest of the diamond.

The outfield will be made up of Kelly, Kestley, Ramp and Smith, and the pitchers will be Clifford, Beck and Hurd. On the trip twelve men outside of the manager and coach will be taken.

HIGH SCHOOL TRACK TRYOUT TOMORROW

The high school track team holds a tryout tomorrow for the Columbia University meet at Portland Saturday of the coming week. This meet is held for nearly all the schools and colleges of Western Oregon. There will be a classification according to rank of the schools, so each will be on an equal basis. The high school will enter four events, as follows: The 50-yard dash, the 50-yard high hurdle, the 220-yard dash and the half-mile relay.

Training for this meet has been carried on with the utmost faithfulness for a long time, and the tryout will afford quite a relief to many.

Those who try out will probably be: For the 50-yard dash—Kestley, Bean, Creiger and Elspass; for the 220-yard dash and relay—Elmaker, Elspass, Bean, Watson, Creiger, Kestley, Farrington, Chrisman and Bidle; and for the high hurdles, Elspass, Knox, Kuykendall and Rash.

This try out will be held with that of the university, which will choose men for the same events.

Doing Business Again.

"When my friends thought I was about to take leave of this world, on account of nervousness, indigestion and general debility," writes A. A. Chisholm, of Treadwell, N. Y., "and when it looked as if there was no hope left, I was persuaded to try electric Bitters, and I rejoice to say that they are curing me. I am now doing business again as of old, and am still gaining daily." Best tonic on earth. Guaranteed by W. L. DeLano, druggist, 50c.

WM. E. GLADSTONE'S PALM

Taken By Grant Chesterfield During His European Tour in '95

Scattered about his parlors at 642 Willamette street, are the imprints, photographs and plaster paris casts of the palms of the most noted personages on either side of the Atlantic. They were taken by Professor Grant Chesterfield, the noted mind-reader and palmist, who has written blind-folded through the crowded streets of either hemisphere, who has opened time locks and needle-pointed combination safes while blindfolded, who has appeared night after night in the theaters throughout the land giving strange and startling exemplifications of his most marvelous and incredible powers of reading unuttered thought and who stands to-

day the acknowledged peer of all palmists. It is said that during his stay in Portland, 3000 people passed through his parlors to have their palms read.

By examining your palm he tells the condition of your health, what ails you and whether or not you can be cured. If you will soon make changes in your business conditions. If you will be fortunate in love affairs. If you will travel. If absent friends will return, and if you wish he will also tell you when you are to die.

Prof. Chesterfield's parlors remain open to the public until 10 o'clock at night.
