REFERENDUM COST \$23,000 A TIME UNDER NEW LAW

Printed Announcements With Arguments Must Go to Every Voter.
Action of Linn County Grangers Likely to Prove Expensive Luxury to Taxpayers

Salem, Or., April 15.—When the people of Oregon come to realize that it is going to cost between \$20,000 and \$25,000 for the satisfaction of exercising the right of suffrage upon just one question of general legislation, it is very doubtful if they will display such haste in petitioning for this privilege, under the initiative and referendum clause of the constitution.

There are many changes in the process of submitting questions of legislation to the people under the new law over the old, principal among which, from a financial standpoint, is that which requires the secretary of state to mail each legal voter of the state a copy of the measure upon which the initiative and referendum has been invoked, in pamphlet form, together with printed copies of such arguments for and against the passage of such measures as may be advanced by the chief interests concerned. The expense of postage alone for complying with this additional requirement, for mailing such information to over 100,000 legal voters, will amount to over \$3000. The postage, however, is but a small item when compared with printing and addressing envelopes, writing and printing the circular letters and distributing them, which are figured at not less than \$3000; cost of paper, printing and binding of proposed laws in pamphlet form, \$7000; publication of proclamations, \$5000. These estimates do not include the cost of printing and binding arguments, pro and con, concerning the measure or measures that are to be submitted, which is to be paid by the individual or association advancing the same, but to be sent out by the secretary of state, which will not be less than \$5000 more.

TWENTY YEARS OF PARTNERSHIP

When the Greater Norris & Rowe circus gives its annual exhibition in Eugene Friday, April 26, the public who have been so loyal to them in the past will be given something extra besides the show. This year the young circus men are celebrating their twenty years of co-partnership and are issuing a handsome and costly souvenir to every person attending. The gift is one that every one will prize and it will adorn the house for many years. Twenty years ago Norris and Rowe formed a partnership but their policy was one of expansion for they were ambitious to own a circus that would compare favorably with any on the road. The first years were strenuous ones, the profits of each tour going back into show property, but the amusement loving public encouraged them by liberal attendance, and each season they were given a more generous welcome until today the trademark of "The Greater Norris & Rowe Circus, Museum, Menagerie and Hippodrome" is synonymous for all that is high class and worthy of patronage.

The present tour of the Norris & Rowe circus will go down into history as the "jubilee souvenir season." To make the tour more notable the young circus owners have engaged an array of arena features, sensational and novel, picturesque and entertaining, that it is impossible to imitate. They have the first call on the very best talent for the reasons that they can give longer engagements, artists are assured of their salaries promptly, excellent treatment and accommodations, and above all, a season in the glorious West which so many performers covet. The present tour will be watched with great interest by all those interested in the world of the white tents.

A Dandy For Burns.
Dr. Bergin, Pass, Ill., writes: "I have used Ballard's Snow Liniment; always recommended it to my friends, as I am confident there is no better made. Those who live on farms are especially liable to many accidents, cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c. 50c and \$1. For sale by Linn Drug Co.

FEW KNOW THIS

A well-known specialist has stated that kidney and bladder troubles of all kinds are in nearly every instance readily relieved by taking a few doses of the following simple home-made mixture:

Fluid extract dandelion, one-half ounce; compound kargon, one ounce; compound syrup sarsaparilla, three ounces.

The dose is a teaspoonful after meals and at bedtime. These ingredients can be obtained at any good pharmacy, and are mixed by shaking in a bottle. Victims of kidney, bladder and urinary diseases of any kind should not hesitate to make this prescription up and try it. It comes highly recommended and doesn't cost much to prepare.

If not troubled now, save this for future use.

LONG FELT WANT IN EUGENE.

While working in the largest dyeing and cleaning works on the coast and while there seeing lots of garments shipped from Eugene to be dye-cleaned, or dyed, and after investigating and going over the ground thoroughly we saw at once that there was a good opening for a first-class cleaning and dyeing works in Eugene, so we decided to put in a first-class plant and are doing well from the start. We are the only experts in this line north of San Francisco, and have had over 12 years' experience and guarantee all work. All articles dyed and cleaned by us are treated separately for sanitary purposes and done by hand. In this way we obtain good results and as no machinery is used in our work that will tear or injure the fabric.

SYSTEM OF SAVING

These two facts are generally admitted:

First—That it is the duty of every family to save a portion of its monthly income.

Second—That it is important in order to accomplish the best results there should be some system adopted in saving.

As regards systems, we know of no better one than this: Let a certain portion of the family income be appropriated each month for living expenses, a certain portion for clothing, a certain sum for amusements, etc., etc., not forgetting to set aside a stipulated amount each month to add to the savings account. In this way the latter will have a steady and continuous growth.

Remember, we pay interest on both demand and time certificates of deposit.
