MENINGITIS CASES IN ONE MONTANA TOWN

MISSOULA, Mont., May 20.—The sudden death of Miss Helena Murphy from spinal meningitis Friday and the existence of not less than 18 cases in this city are causing consternation among parents. Several deaths have already occurred from the dread disease during the past two weeks and while there does not seem to be an epidemic the cases are becoming so numerous as to excite terror and general apprehension. The majority of the cases seem to be among girls and young women and several are very low at this time with small hope of recovery. It is likely that during the present week an effort will be made to see that in the future the funerals of those dying from the disease shall be private.

The swiftness with which the visitation has descended is shown in the fact that 18 cases have developed in the time required for the one fatal case, that of Miss Murphy, to run its course.

FREIGHT SMASHUP IN JUNCTION CITY RAILROAD YARDS

Special to Daily Guard.

Junction City, May 21.—Four freight cars were badly wrecked in the yards here this morning. The freight crew were making up the train, and in switching some cars from the storage yards in Ed Bailey's field they got out onto the main track. When the engineer tried to check his train the couplings between the cars next to the engine gave way and let the freight cars go down the main track at a speed of about ten miles an hour. They bumped into more cars standing on the main track in front of the hotel and demolished four cars loaded with sulphur and lumber. The brakemen who were on the wild cars tried to stop them with the hand brakes, but as the air brakes were set the hand brakes would not check the speed of the heavy train. The boys finding they could not stop it jumped off to save their lives. There was no one hurt.

The loss to the S. P. Co. will be about $2000. The freight crew are not to blame for this wreck.

The wrecking train has been sent for and it will take about three hours to clear the track. In the meantime the trains will have to pass on sidetracks.

GOES INSANE OVER HOMESICKNESS

Charles Whiteman, aged 20 years, residing at Springfield and being a carpenter by trade, was examined by a lunacy commission this afternoon and committed to the insane asylum at Salem. The commission consisted of County Judge Chrisman, and Drs. Prentice and DeBar. The cause of the young man's insanity is given as nortalgia (homesickness). He takes long walks in the country, being unable to explain why he does so, and appears to be homesick all the time. His home is in England.

ARMS FOR CHINESE REBELS ARE SEIZED

Tientsin, May 21.—Eight thousand rifles, 300,000 rounds of ammunition and 8000 bayonets intended for revolutionary purposes have been seized by the customs authorities, causing a great sensation in the native portioin of the city. An European firm, in conjunction with Chinese merchants, made the importation.

BRONCHIAL TROUBLES

Yield Readily to Soothing, Healing Treatment of Hyomei.

Bronchial troubles are purely local. They cannot be cured by stomach dosing. They are caused by irritation in the air passages and can be relieved and cured by medicated air alone. In this lies the secret of the great success of Hy-o-mei in the treatment of bronchial troubles.

The Hy-o-mei medication, laden with nature's remedies, is breathed through the neat pocket inhaler that comes with every outfit, reaching every part of the bronchial tubes and killing at once the disease germs. It allays all irritation and heals the inflammation of the mucous membrane with astonishing rapidity.

Treatment with sprays, douches and atomizers in bronchial troubles is condemned by the best physicians, as they cause further irritation.

The first breath of Hy-o-mei's medicated air seems to sooth the inflammation, stop the cough, and thus relief soon becomes permanent and a cure results.

Hy-o-mei has made many remarkable cures in the worst and most chronic forms of bronchial trouble, and is sold by Hull's drug store with the same guarantee they give when Hy-o-mei is purchased for catarrh, that is, to refund the money unless the remedy gives satisfaction. The complete outfit costs but $1. m29

Wonderful Eczema Cure.

"Our little boy had eyzema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors, but no benefit resulted. By chance we read about Electric Bitters; bought a bottle and soon noticed an improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at W. L. DeLano's drug store. 50c.

MOTHER'S KITCHEN

Seventh and Oak streets, has opened under new management. Good board and room by the day, week or month. First-class home cooking. Chicken dinner every Sunday.

We have plotted, planned and figured, working from morning until night, seeking for a medicine that will take the place of Rocky Mountain Tea, but we can't find it. Tea or tablets, 35 cents. Linn Drug Co.

R. M. PRATT BUYS THE PICKETT BRICK BLOCK

Eugene Capitalist Prefers to Invest Property Here Rather Than Go To Portland - Becomes Owner of One of Best Properties in City of Eugene

Robert M. Platt, a well-known Eugene capitalist, has purchased the two-story Pickett brick block on Willamette street, in this city, from the heirs of the late G. W. Pickett. The price is not given out for publication, but it is understood that the building was secure dat a good bargain, although at a sharp advance over what had been offered for it during the past few years, showing that property values are advancing steadily.

Mr. Pratt had been contemplating going to Portland to invest in real estate there bu thaving faith in the future of this city and seeing a good bargain in the Pickett block, decided to remain here.

The building is one of the best for business purposes in the city, having a frontage of 47 feet on Willamette street. The lot is 160 feet deep. One of the lower rooms is occupied by Quiner & Learned's millinery store and McDougall's tailor shop, and the other one is empty, although Mr. Pratt has already had several offers for its lease. The upper story of the building is divided into living rooms and they are all occupied at present.

AMUSEMENTS

On Monday evening next, May 27, Eugene theatregoers will be given a chance to see one of the best musical comedies that has been staged on the Pacific coast this season, when "The Bogus Prince" will be put on at the Eugene theatre with Willie Robinson, that clever comedian, in the title role and May Burton as leading lady. "The Bogus Prince," unlike many of the musical comedies of the present day, has a distinct plot running through it, involving numerous funny complications, while the music is catchy from start to finish. May Burton, the leading lady, has a remarkably good voice, and the other singers in the prominent roles are way above the average. The chorus is excellent and the costumes are all fresh and handsome, something which cannot be said for every attraction which is put on here.

EUGENE IS O.K.

Ellers Piano House of Portland Pleased With Success of Eugene Branch.

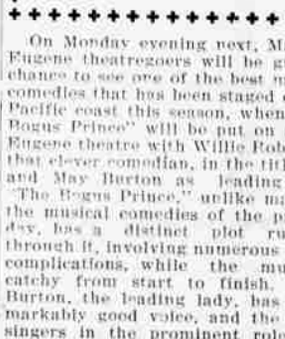
The record made by the Ellers Piano House in Eugene during the past year has been one of great activity. Already it has become one of the most important music centres in the city and many of the best musicians are frequent callers at the place. Two very successful recitals have already been given this season, and another will occur early in June.

Upon entering the store you will notice the "Roll of Honor," which is the Lane county list of bona fide purchasers, and has grown to nearly 400, many of Eugene's most prominent citizens having been recently added to the list.

A Special Offer.

At this date there are on hand 45 pianos and organs, and the plan is to make a stock reduction sale **for 12 days only, commencing Monday, May 20,** when **nine** fine pianos will go at prices lower than ever before heard of.

The list includes such well-known makes as the Kimball, Schumann, Marshall & Wendell, Haddorf, Whitney, Cook, Weser and Eller Bros.



If you have no piano NOW is your chance, as the special will last but 12 days, ending June 1. Call and investigate at once, for it will pay you. You can buy on easy terms if you desire. m20

CEMETERY NOTICE.

All persons interested in the Oak Hill cemetery will please turn out May 25, the Saturday preceding Decoration Day, to clean up and do needed work.

BENEFICENT SHOWERS PREVAILED

Following is the regular weekly bulletin issued on Oregon weather conditions for the week ending Monday, May 20, by the bureau at Portland:

General Summary.

The weather during the week was favorable. Following the rains of last week there were from three to four warm, sunshiny days, which were followed Thursday by increasing cloudiness and light showers in the eastern counties. By Friday the rain area had spread to include practically all sections of the state, and the showers were not only heavier but in some places they were attended by thunder. The rain continued throughout Saturday and Sunday. The rainfall was heaviest in southern Oregon and the Columbia river valley. In the districts where the droughty conditions were only partially relieved by the rains of last week, the rains of this week have been wholly sufficient to break up the drought, and the situation is greatly improved. Temperatures averaged above normal, and it was unusually warm during the fore part of the week. During the showery period the afternoons were cooler, but there was very little change in the night temperature. The amount of sunshine was below normal, and there were no damaging frosts or high winds.

Coast District.

Bay City, Tillamook county.—On Tuesday the sky was overcast, but about noon the cloudiness disappeared and the remainder of the day was clear. On Wednesday and Thursday dense fogs prevailed during the mornings. The afternoons were cold and cloudy.

Toledo, Lincoln county.—The week began clear, with low night temperatures. The latter part of the week was cool and cloudy.

Marshfield, Coos county.—The week was cloudy.

Fairview, Coos county.—Clear skies prevailed up to Thursday evening; the remainder of the week was cloudy.

Port Orford, Curry county.—The week began clear and warm, but later on cloudiness increased, which was followed by rain.

Willamette Valley.

Portland, Multnomah county.—The fore part of the week was clear, with afternoon temperatures decidedly above the normal. On Friday the sky became cloudy and remained so during the remainder of the week, with temperatures somewhat above the average. Light showers were frequent during this period.

Welch, Clackamas county.—The week was warm and clear until Friday, when a sudden change to cold, cloudy and showery weather occurred.

Salem—Marion county.—The forpart of the week was clear and warm which was followed by cloudy weather, with showers Saturday.

Corvallis, Benton county.—Tuesday, Wednesday and Thursday were clear and very warm; Friday and Saturday were partly cloudy, with light showers on Saturday. No frosts nor high winds occurred.

Southern Oregon.

Roseburg, Douglas county.—The sky was partially overcast during the week except Tuesday, which was clear throughout. Saturday was showery.

Kerby, Josephine county.—The week was cool and dry. The prevailing winds were from the south.

QUARTER MILLION TO PAVE LEWISTON

LEWISTON, Idaho, May 20.—Surveys preparatory to advertising for bids for the paving of two miles of streets in the business section of the city are being made under the direction of Engineers William B. Chase, ex-City Engineer of Portland. The petitions of the property-owners were received by the city council last week. The petitions asking for the proposed improvement contain 90 per cent of the property-owners who will pay for the work, and other sections of the city adjacent to the improvement district are circulating petitions asking that their portion of the town be included in the first contract.

The estimated cost of installing the pavement in the district now being surveyed is between $250,000 and $275,000 and it is expected all preliminaries will be completed in time for the work to commence by early fall. It is understood the council will consider bitulithic, asphaltum and vitrified brick, and it is probable the proposals for bids will invite estimates for installing the three kinds.

ATTENTION, MODERN BROTHERHOOD OF AMERICA!

Members are requested to be present at regular meeting Wednesday, May 22; business of importance; work in E. A. T. degree. State Manager Applegate will be present.

TEETH ARE TO MAN WHAT HANDS ARE TO HIS BODY

EACH tooth has a duty to perform, just as each finger does. It's impossible to see each and every tooth and the decay that will destroy the usefulness of one or more or a great many, hence the importance of a careful look at your teeth by trustworthy experience. If you'll allow me to look at your teeth, you will gain some information that you will never have cause to regret. It will save the loss of one or more, perhaps many teeth.
