## MORMONISM IS THE SOLE ISSUE IN GEM STATE

EX-SENATOR DUBOIS SEES VIC-TORIOUS ANTI-ZION COALITION IN IDAHO—HAYWOOD TRIAL NOT FACTOR IN POLITICS.

Boise, Idaho, June 7.—Ex-United States Senator Fred T. Dubois, who was in the city several days ago, has left for his home near Blackfoot, where he will remain a short time on his large ranch and then go on the lecture platform for the season. The senator is very much enjoying private life and looks very well.

He talked, in answer to a question, on the effect the trials of the leaders of the Western Federation of Miners might have on the politics of this state.

He promised with very decided emphasis as follows: "It will make absolutely no difference politically in Idaho whether they are convicted or acquitted. It is not a political question and cannot be made one."

Where Roosevelt Blundered. Governor Gooding endeavored in the last campaign to make political capital out of the unfortunate affair, and succeeded, with some of his political dependents, in deceiving President Roosevelt into believing that there was a reign of disorder and lawlessness in Idaho. The president unwisely sent Secretary Taft to the state to instruct the people to vote for Governor Gooding in order to uphold law and order. The people of the state resented this, and resent it yet. There was but one issue in the last campaign, and the people expressed themselves very plainly on that. Governor Gooding was the recognized friend, advocate and apologist of the Mormons, and he and the entire Republican ticket were elected by the Mormons. Had the Mormon vote been eliminated, none of the Republican candidates would

situation, and it will not be tolerated much longer.

Anti-Mormon Coalition. "The Mormons are about one-third of the voting strength of the Republican party, in state convention and at the polls, and if the Republican leaders who make their combinations with them, through their federal and state patronage and organization, can control enough votes in addition to the one-third to make a majority in state convention, and exercise that power, the rank and file of the party will not support the unholy alliance. This was plainly evidenced by the last election, and by the last session of the legislature."

"There will be a strong effort made by the anti-Mormon Republicans to control the next Republican state convention. If they succeed they will demand the re-enactment of the 'test oath' and adequate laws to put a stop to polygamous living. The Democrats will have the same platform on this subject, and in this way only can the question be eliminated as the one controlling issue of our state politics."

### COMMENCEMENT AT PACIFIC COLLEGE

Newberg, Or., June 7.—The fifteenth annual commencement of Pacific College will take place on June 19. The ten graduates are: Clarence M. Brown, F. Huber Haworth, Cecil F. Hoskins, Perry D. Macy, Paul V. Mavis, Clement L. Niswanger, Nellie Mae Paulson, Ralph W. Rees, Walter L. Spaulding, Ruth Wiley.

Out of a class of thirty only four, passed from the eighth grade in the public schools. Eleven were conditioned. The four are: Rosa Dunlap, La Verne Miller, Gladys Trew and Ralph Coffin. The high school graduating class will have exercises on June 14.

### JUNCTION CITY ITEMS FROM THE TIMES

John F. Hesselfield and Thos. Cox, of Iowa, are guests of E. Cooper. Mr. Hesselfield enlisted in the 33d Iowa at the age of 13, and he must therefore be about the youngest old soldier on record. He was a drummer, and has just recently visited the battlefield in which he took part. W. R. Summers and Bernice Hyland left Saturday evening for Aber-

have been successful. Governor Gooding carried but three Gentile counties in the state, and these only by small majorities.

### Predicts Republican Defeat.

"The significance of this can be appreciated by the mere statement of the fact that if the Mormon vote of Idaho were eliminated, and the people voted their own party principles, the Republicans would carry every county in the state with the possible exception of Custer county, which casts the smallest vote of any county in the state. Idaho is naturally, and reckoned in percentage, the strongest Republican state in the Union, yet the Republican party is doomed to disastrous defeat if the alliance between its leaders and the Mormon hierarchy continues their attempt to dictate and control in politics."

### Says Polygamy Is An Issue.

"In the recent session of the legislature notwithstanding the fact that there were but 13 Democrats in the lower branch, a majority of the Republican members, some 19 or 20 in number, joined with them and passed a 'test oath' bill, also an act against those living in polygamous relation. The power of Governor Gooding and the Mormon senators prevented these measures from becoming laws, yet the issue has been made so plain and the temper of the people is so pronounced that there will be no other issue in Idaho to speak of until the Mormons are compelled to live in accordance with the provisions of our state constitution and to quit their polygamous practices."

"The people of Idaho will not submit to the continued domination of the Mormon in our politics. No one can be elected now, senator, congressman or governor, or even nominated for these offices, without the sanction of this Mormon hierarchy. No one can receive their support if he opposes the practices of the hierarchy. This is the undisputed political

## NEW BUILDINGS IN PROSPECT FOR SPRINGFIELD

The building fever in the city of Springfield has not yet subsided, and promises to last all through the summer. There are prospects for a new brick in the near future, although final arrangements have not been completed. Another frame store building will be started soon and numerous dwelling houses are in course of construction, and in contemplation. The town is steadily growing and is expected to grow for a long time to come. The postoffice receipts have greatly increased during the past year, a sure indication of a good growth, causing the postmaster's salary to raise a hundred dollars a year.

B. B. McKinley, a Eugene furniture and second-hand goods dealer, has concluded to erect a new frame store building on the lot south of the new Browning building and it will be occupied by a Corvallis man, who will open a general merchandise store.

The Washburn residence is being moved from its old location to the north side of the lot, leaving the corner lot, a very desirable location, empty. It is here that the brick building spoken of at the commencement of this item, will be erected. Mr. Washburn will erect it if he secures the right kind of a tenant.

The old John Powers house on the opposite corner, owned by E. L. Smith, is also being moved west a considerable distance. This was recently sold to Paul Bettelheim, the merchant. This leaves another very desirable corner building lot, and it is said Mr. Bettelheim will some time in the future erect a brick there.
