COTTAGE GROVE FIRE LIMIT LAW INVALID

(Special Correspondence.)
Cottage Grove, June 13.—Last Saturday M. Hubbel, contractor and builder, was arrested on complaint of J. C. Porter for violation of the ordinance establishing fire limits in the city of Cottage Grove. A demurrer was interposed to the complaint which attacked the validity of the ordinance establishing the fire limits. The demurrer was argued by attorneys Johnson and Medley, on the part of the defendant, and by John M. Williams for the city, before A. H. King, city recorder, and the matter was taken under advisement by him until Monday morning, at which time he sustained the demurrer, holding the ordinance to be invalid.

Everybody Glad it Rained.
And the Lord said let there be rain and there was rain, and the dust disappeared from the face of the earth and the clouds of the valley were softened and the farmers were made to rejoice in the thought of abundant harvest. Let all the people praise the Lord for his goodness toward the webfoot people forever.

Cut Foot With Ax.
Wilbur Kelly met with a painful accident at the Disston sawmill yesterday. He was swamping, when his ax glanced ad split his foot open. He was brought to Cottage Grove and Dr. Oglesby dressed the wound.

GATHERING PRODUCTS FOR FAIR EXHIBIT

E. M. Warren Asks Farmers to Help Him Out and Lane County Can Win First Prize This Year—Won Second Last Year.

E. M. Warren, a member of the committee which has charge of the work of collecting a Lane county exhibit of resources at the state fair, requests the Guard to ask all farmers who have anything in the fruit, grain or vegetable line suitable for the exhibit to let him know and he will call for it or they can bring it to him at his residence on West Seventh and Lawrence streets. The county commissioners' court has appropriated \$250 for this exhibit and it is desired to get up the best possible with that amount. Mr. Warren would like to get some currants and gooseberries, especially currants, and asks those who have some good samples of that fruit of any variety to bring them to him. He also wants other fruits, in fact, anything in the line of farm products that will make a good showing at the fair. Last year Lane county won second prize on its county exhibit and can easily win first this year if the proper effort is made.

C. R. NEAL NOW IN KANSAS AND PROSPEROUS

Former Resident of Lane County, Where He Had Nothing, is Well-to-Do in the East.

Editor Guard—I know that you and your many subscribers well and favorably remember C. R. Neal, who used to live up on Parsons creek, on a little stony, lonesome 80 acres. That was about all he had except a wife, four children and a mule team. He left Oregon in 1900, moving his family to Thomas county, Kansas, where I found him a few weeks ago, the owner of more than 800 acres of which is now in grain, and when I last saw it it indicated a bumper crop. C. R. is president of the Farmers' Elevator Company, located on the Rock island railroad at Colby, the county seat of Thomas county, five miles from C. R.'s wheat ranch. He is also treasurer of the Farmers' Telephone Company. His daughter Grace is one of the teachers in the city school at Colby. C. R. teaches school in the winter and works on his father's farm in summer time. Joe, nearly 21 now, is always on the farm. Both boys are excellent baseball players. Lizzie, now 18 years old, is one of the best baseball pitchers in the girls' ball team for many miles around. Mrs. Neal is the same home caretaker that she was in Oregon, an eye out to everything going on on the farm. While there I saw many examples of industry that would pay well to emulate. Their modern, up-to-date farming machinery is a Chinese puzzle to me, but little Joe, as I used to call him, would manipulate it better than the average boy would the old-fashioned bull tongue plow 40 years ago. They have harness hanging in the barn when the teams are idle (which is seldom) that would make one think they had walked into Preston's shop on Williamette street. They have a grain header, four different kinds of four and six-horse discs, large feed grinder, cultivators, four wagons, which is not enough when hauling grain from the thresher to the elevators, mowers, a riding harrow that covers the ground 36 feet wide every round. All would make one think they had stumbled into Duncan's implement yard. Then the big wind mill one hundred and thirty feet below the surface forces the water up into three large tanks, one of them so large that by going round and round one could swim for miles. C. R. and the boys keep 36 head of horses and mules on the ranch. Mrs. Neal uses a cream separator and in the summer time makes butter from fourteen cows, and all that I have mentioned from acre to calf has not a dollar's indebtedness against them.

The General Condemnation of So-Called Patent or Secret Medicines

have established more clearly than could have been accomplished in any other way

The Value and Importance of Ethical Remedies.

Remedies which physicians sanction for family use, as they act most beneficially and are gentle yet prompt in effect, and called ethical, because they are of

Known Excellence and Quality and of Known Component Parts.

To gain the full confidence of the Well-Informed of the world and the approval of the most eminent physicians, it is essential that the component parts be known to and approved by them, and, therefore, the California Fig Syrup Company has published for many years past in its advertisements and upon every package a full statement thereof. The perfect purity and uniformity of product which they demand in a laxative remedy of an ethical character are assured by the California Fig Syrup Company's original method of manufacture, known to the Company only.

There are other ethical remedies approved by physicians, but the product of the California Fig Syrup Company possesses the advantage over all other family laxatives that it cleanses, sweetens and relieves the internal organs on which it acts, without disturbing the natural functions or any debilitating after effects and without having to increase the quantity from time to time.

This valuable remedy has been long and favorably known under the name of Syrup of Figs, and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of Syrup of Figs and Elixir of Senna, as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs; and to get its beneficial effects, always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for Syrup of Figs, or by the full name, Syrup of Figs and Elixir of Senna, as Syrup of Figs and Elixir of Senna is the one laxative remedy manufactured by the California Fig Syrup Company, and the same heretofore known by the name, Syrup of Figs, which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.
