JOHN M. ROBERTS DIES SUDDENLY OF HEART TROUBLE

John M. Roberts, a well-known citizen of Eugene, and a native son of Oregon, died suddenly of heart trouble at his home, 676 Olive street, at 3:15 o'clock this morning. He had been in poor health for several years and was worse the past few months, but he was able to be around town and his condition was not considered serious. He retired as usual last night and this morning about 3 o'clock, being unable to sleep, he arose and walked to the lounge in the sitting room. He lay down and expired a few minutes afterward. Mrs. Roberts heard him walking around, and got up to see what was the matter, when she was horrified to find him breathing his last. Physicians were summoned, but they arrived too late.

The deceased had lived in Eugene and vicinity practically all his life, and had many friends who will be pained to hear of his untimely death. For several years he was in the cigar business, being a partner in conducting the Roberts Bros. store, now owned by Hartley & Kuthe. He was born in Benton county, Oregon, October 18, 1851, and moved to Lane county in early boyhood with his parents, Mr. and Mrs. G. W. Roberts. They settled a few miles south of Eugene and the son lived here practically ever since. Besides his wife, who is almost prostrated with grief, he leaves a sister, Mrs. J. E. Richardson, living a few miles west of Eugene; two half sisters, Mrs. Weatherford, of Portland, and Mrs. M. A. Brown, of Grants Pass; two half brothers, Isaac Eddy, of Baker City, and J. M. Eddy, of Eugene; two sons, Otho V. and Elmer O. Roberts, of Eugene, and one daughter, Mrs. Pearl Carroll, of Grants Pass. The funeral will be held tomorrow afternoon at 2 o'clock at the family residence, where a short service will be conducted by Rev. O. C. Wright. The remains will be interred in the Pearl Carroll, of Grants Pass.

Y. M. AND Y. W. C. A. FINISH SUCCESSFUL YEAR

The Y. M. and Y. W. C. A. of the university have finished what has been probably one of the most successful years of their existence during the last two semesters of college. In the book exchange over \$200 worth of books has been traded off. These are second-hand books, not new. Besides religious meetings, the chief work of the organizations is to look after the needs of new students, and to provide social and entertainments where they will become acquainted.

Financially it took about \$500 the last year to provide for the Y. M. C. A., and from the present plans \$700 will be required the next year. Practically all of this is raised by private subscriptions, some from students and alumni and faculty, and part from philanthropic people down town. The rest comes in from dues.

The smaller religious colleges of the state claim that the moral well-being of the students is neglected in all schools but those backed by religious organizations. This is vigorously denied by University of Oregon supporters, and they point to the organizations of Y. M. C. A. and Y. W. C. A. to refute the charges. On this account these two organizations are probably the most important side issues of the institution.

The following delegates have been chosen from the Y. M. C. A. to attend the annual conference at Gearhart park and they will leave Friday evening: Pres. Gardner, Harold Duzell, H. Scullen, Earl F. Kilpatrick, Homer Lackey, C. G. Steele, Harold Rounds, H. Wheeler, Reuben Steelquist, Prof. Terrill, and Doctor Leonard. Ulysses Ellmaker, president of the High School association, will accompany the crowd to Gearhart.

W. H. ALEXANDER GETS CONTRACT FOR NEW HOSPITAL

The directors of the Eugene General Hospital Association opened the bids for the erection of the new hospital building on College Hill last night and awarded the contract to W. H. Alexander, of this city, his bid being the lowest. The bids were as follows: Will H. Alexander, \$13,536; L. W. Stewart, 13,550; W. G. Heckart, 13,680. The proposed building has been described before by the Guard, and the public is already acquainted with the details of the enterprise. The building will be built of wood and will be two stories high with full basement and attic. It will rest on a slightly eminence on the east slope of College Hill, facing east.

The Longer You Know Them The Better You Like Them.

Doan's Kidney Pills never fail you. Eugene people know this. Read this Eugene case. Read how Doan's stood the test for many years.

It's local testimony and it can be investigated: W. W. Gossett, of 558 Madison street, Eugene, Or., says: "I served during the war in the 77th Ohio regiment, under General Grant, and came through the battle of Shiloh without a scratch. For about four months last year I had a dull, persistent aching across the loins and kidneys. It hurt me if I stooped or made a sudden movement. When splitting some wood out in the yard a sharp twinge of pain caught me in my back and I could not move to save me. A little while afterward I happened to read about Doan's Kidney Pills and I got a box at W. L. DeLano's drug store. I began their use and they effected a permanent cure." (From statement made March 10, 1903.)

Cured to Stay Cured. On February 9th, 1906, Mr. Gossett confirmed the above, saying: "I have had no occasion to use any kidney medicine since 1903. The cure I described before is permanent." For sale by all dealers. Price, 50 cents. Foster-Milburn Company, Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

NEW HOME FOR THE TAU PI SORORITY

The Tau Pi sorority at the university will have a fine new home by the time school opens next fall. A contract for the lease of the house will probably be signed up this evening with the firm of Tirrell & Hunter, contractors, and work on the structure will soon commence. Architect Hunzicker is getting out the plans for the building, which will cost in the neighborhood of \$6000. It will be 32x52 feet in dimensions, two stories high, with basement and attic, and will contain eighteen rooms. It will be modern in every particular and will be the finest sorority house in the city. Tirrell & Hunter have secured the vacant lot on East Twelfth street, just west of the Patterson school, and a block and a half from the university campus, upon which to build the house.

The Inland Empire Magazine, a monthly publication, has been launched at Pendleton by H. C. Williams.

MAN'S NEGLIGENCE

Causes severe losses. A very common one is the loss of his teeth. Nature doesn't supply the second set—I DO. One reason it's easy to become accustomed to teeth—I FIT—most people don't return after a day or two with popular complaints. "Didn't know it could be done so easy", is what they say. Any reason why you shouldn't make a similar remark if I fit your second set of teeth?
