WASHINGTON

ORATOR SPOKE

BEST OF ALL

The fifth annual oratorical contest of the interstate association was won last night by J. E. Erickson, of the University of Washington, using as his subject "The Power of the Press." J. H. Frazier, of the University of Idaho, was awarded second, and H. E. McKinney, the Oregon representative, third. Each candidate did well, but Erickson won the popular approval by the power and virility with which he dealt with the intricacies of the so-called yellow journalism and the well known Associated Press. Probably neither evil, as he proved both, ever received such a fearful denunciation in the same length of time.

Mr. McKinney opened with his oration on "Precedent," Mr. Erickson following with his speech, and Mr. Frazier closing with a resume of the problem handled by the interstate debating league, under the title of "The Problem of the Twentieth Century."

Mr. McKinney's oration, being very abstract, was more difficult than either of the others in thought. In reality, however, it was little more than an exposition, and there was but little chance to show the speaker's power of persuasion. Mr. Erickson in his speech put forth pleading, warning arguments that could hardly help but win the decision. Mr. Frazier's language was the smoothest of all, but his thought seemed weak and his oration was too short, taking only ten minutes to deliver it.

Erickson received the highest average on delivery and composition, Frazier being given second on composition and third on delivery, and McKinney second on delivery and third on composition. McKinney's fault in composition was very hard to see, unless it was too many harsh combinations of sounds.

The judges on delivery were W. R. King, justice of the supreme court of Oregon; Hon. H. W. Thompson, and Rev. H. N. Mount, of Eugene. The judges on composition were the heads of the English departments of Minnesota, Stanford and California, an Oregon student.

Mr. Erickson is an Oregon boy, his home being in Astoria. He is also an old student of the university, as he attended Oregon in 1904-05. He has many friends here and will probably be here during commencement. He is now the guest of friends in the dormitory.

DISCUSS AFFAIRS OF WILLAMETTE VALLEY

Cottage Grove, Or., June 20.—The annual convention of the Willamette Valley Development League will be held at Cottage Grove, June 26. The programme follows in full:

SHORT TALKS BY L. T. COOPER.

INDIGESTION.

Show me a person who suffers from indigestion or dyspepsia and I will show you a person with the meanest disposition on earth. You can't blame them.

Nothing in the world takes all the cheer and brightness out of life like a balky stomach. People who suffer in this way feel out of humor, out of sorts and irritable all the time. They can't eat a meal without suffering intensely afterward. Their faces are usually covered with pimples and blotches. They always have headache, constipation, are tired and listless and as many whom I have talked to put it 'just feel mean and bad all over.' They are always dosing themselves on pills and pre-digested foods and the like until they have so weakened their stomachs that they can't eat anything. It's all nonsense. I have seen and talked with people who had lived for months on milk and toast, take a bottle or two of Cooper's New Discovery and inside of two weeks sit down and eat a big meal at night then go to bed and sleep as well as any one. Here is one case I have in mind.

Mrs. Ellen Keogh, 1907 Ogden Ave., Superior, Wis., recently wrote me: "No one knows what awful suffering I have endured from indigestion. My stomach would not digest the simplest foods and no matter what I ate I would be sure to suffer afterwards. I was also constipated and had queer dizzy spells and frightful headaches. Oft times I felt so badly that I could scarcely walk. I had taken Cooper's New Discovery but a short time when I noticed a decided improvement. Now I can truthfully say I feel greatly improved in every way and today for the first time in ten years I enjoyed a hearty meal. I am indeed very grateful to you."

The fact that Mr. Cooper's medicines enjoy larger sales than any others is proof of their great merit.

Hull's Red Cross Drug Store

Country store is booming. Egg market is as high as 22c today, although there seems no lack of arrivals. Eastern coming and being sold lower. General price of local candied goods between 21 and 22c today.

Practically no demand at this time for spring ducks and prices are nominal and lower. Spring geese are hard to move and old ones can hardly be sold at any price. Chickens are easier with the warmer weather, but the rose show visitors are likely to keep the market from dropping temporarily.

Dressed meat market is easier, although prices are practically unchanged.

Brief Notes of the Trade. Movement of valley wool is very heavy. Demand good at 20@21c for best. Too much coarse stuff coming for high prices.

Present prospects are that the peel of chittim bark will be small this season on account of the shortage of labor and the low prices ruling for the bark. Flour market is quiet and nominal. Same in wheat. Millstuffs remain in a good position.

Hide market is dull, with the tone easier. Present prospects for a lower range of values owing to the congested condition of the eastern markets.

Local Livestock Markets. Receipts of livestock at the local yards today included the following: Cattle, 75; calves, 18; sheep, 365; lambs, 146. Cattle continue weak. The other markets are steady. Quotations for the day are:

Cattle—Best steers, \$4@4.25; medium, \$3.75@4.25; cows, \$3.00@3.25; fair to medium cows, \$2@2.50; bulls, \$2@2.50; calves, \$5@5.50. Sheep—Good sheared, \$4.25@4.50; lambs, \$3.75@6. Hogs—Best, \$6.75@6.85; lights, fats and feeders, \$6.25@6.50.

Portland Quotations. Creamery Butter—22 1/2 @ 25c. Eggs—21 @ 22c. Chickens—16 @ 17c per pound. Wheat—Valley, \$4; bluestem, \$9c. Oats—27 @ 28c. Barley—Per ton, \$22@22.50. Hay—Timothy, \$16@18; vetch, \$7.50; grain hay, \$7@8.50. Mohair—Choice, 29 @ 30c. Wool—Valley, coarse to medium, 19 @ 20c. Hops—Prime, 6 @ 7c. Potatoes—\$2 per cwt; new, 5c lb. onions—\$2.50 @ \$3 per cwt. Chittim bark—5c per pound.

GENEVA LITHIA WATER

"I have had occasion to prescribe your Geneva Lithia Water many times for the past six months and I esteem it very highly as a most excellent alterative and tonic, and useful in a variety of diseases. I have given it with good results in gastric affections, such as catarrh of the stomach, for rheumatic attacks, diabetes, and for lithaemia. I have used it myself as a table water, and I know of no other water so refreshing as Geneva Water."

THREE HURT IN RUNAWAY NEAR WOLF CREEK

Blair Hunter, of this city, accompanied by Misses Lily Lewis and Rose Crenshaw, while returning from the Sluslaw yesterday morning, near Wolf Creek, twenty-one miles from here, was thrown from the hack by his horses running away and dragged fifty yards, bruising and lacerating his whole right side from his face to his knees. One girl jumped out and was hurt on the head, while the other stayed with the vehicle, which finally stopped when the horses ran into a tree, and sustained injuries about her face.

The accident occurred on a narrow grade. One horse bit the other, which kicked its mate in the flank, both jumping and running. Young Hunter held on to the lines as long as he could, though thrown out, the wheel running over his face and right arm.

The injured parties arrived in Eugene about 5 o'clock last evening, starting at half past eleven.

GRADUATING RECITAL FRIDAY EVENING

..DENTISTRY..

We wish to call your attention to a few facts. We know of no other method as good as the newspaper. Many people allow their teeth to crumble and decay because the methods of dentistry heretofore have been so painful.

It is a fact, a proven fact, that the little wonder Pain Saver is a success when drilling out the cavities of teeth. How do we know? Because we demonstrate it every day.

Remember we place these methods at your door. You may take advantage of them if you wish. We do not have the exclusive right to these methods, but we do spend money, and great deal of it, to give to the public that which they so much demand.

We do not knock the methods of others or their work, but we do let you know all about the advanced methods in dentistry. We believe in progress and achievement. With our painless method of killing nerves, of extraction, and now of drilling, means we are in a position to ask your investigation and patronage.
