## CONSTRUCTION ON NATRON ROAD WILL BEGIN SOON

Klamath Falls, Or., June 28.—Charles Graves, of Odell, says the Klamath Falls Daily Herald, is authority for the following statement, receiving his information direct from Engineer Jerny, of the S. P. Co.'s engineering force:

Mr. Graves stated that work on the survey of the Oregon Eastern between the Klamath Falls-Natron line and the Oregon Short Line was practically completed, with the exception that the new survey had not been approved. The work now being done is on the third survey, the first two having proved unsatisfactory. The second survey shortened the distance some three miles over the first, while the third shows a gain of about 3000 feet over the second, and in these strenuous days of railroading every inch counts. Between Odell and Natron the surveyors are finding an easy grade over the divide, although it is necessary to make some wide curves and maintain the grade required. The engineering problem quite serious when it is necessary to build a road not only of an easy grade but also at the same time avoid all sharp curves. While Mr. Graves has no information concerning the time when actual construction work would be commenced, yet he believes that it will not be long before the crews are put to work.

### YOUNG LADY FELL INTO SUGAR BARREL

Billy Taylor has been in the candy business a great many years, and has had all sorts of sweets barreled up, but it was not until a few days ago sweets mixed in the same barrel. It happened thus wise: Miss Alda Cannon, who will have charge of the candy store in Mr. Taylor's absence, was so unfortunate as to be sitting on top of a sugar barrel when the head gave way, precipitating her into the cask in such a manner that only her head and feet were visible. It was necessary for Mr. Taylor to call assistance to extricate the young lady from her precarious position. Miss Cannon is none the worse for her experience, but does not care to repeat the performance.—Coos Bay Times.

## BUSINESS FOR SALE

For some time I have been conducting a general merchandise business in Moro, Oregon, with practically no competition. I have built up a trade of over \$90,000 a year, netting me a profit of over 15%. I have all been done with hired help as my time has been devoted to the real estate business. With little effort it can be made to pay over 20% on an investment of \$28,000. If I were going to remain in the mercantile business, I would stay right here. I have good reasons for selling.

Moro is the county seat of Sherman county; is surrounded by a rich wheat district and is in the midst of a population of over 2,500 people. It offers the best opportunity for a man of energy in the Northwest today.

PROPOSITION: My price is the actual invoice cost of the goods in stock at the time of sale. I will take either cash in full or part Portland or Willamette Valley real estate or secured notes. I will pay all the expenses of any man who investigates and does not find everything as I represent. This is a first class offer and I know it. It is better than 90% of the offers you read about. Investigate and find that I am right.
