

### PAVE AROUND COUNTY PARKS AND GROUNDS

A petition is being circulated asking the county commissioners' court to have the streets around the county parks and court house paved this summer while the Warren Construction Co.'s paving plant is here. The petition is being numerously signed and will be presented to the court at its present session.

A petition signed by a majority of the property owners in the district effected has also been circulated asking the paving of Ninth street from Olive to Pearl, a distance of three blocks. Before the summer is over other districts will probably ask for paving also. Besides those mentioned there have been petitions presented for paving Eighth and West Seventh streets from Olive to Willamette.

A gladsome smile will be depicted upon the features of everyone buying our clothing and gents' furnishings.

At the prices we ask it goes without saying that "you get your money's worth." Now's the time to jump at these offerings in

During the past week over a hundred Oregon furniture dealers, coming from nearly every town in the state, and representing about nine-tenths of the furniture dealers of Oregon, have appeared before the United States Federal Court and have been fined for operating a gigantic trust to raise the prices of furniture and other householding goods. The Campbell-Fellman Co., of Eugene, is the largest householding concern in the state not to join the trust and has operated independent of this big illegal combination.
