## SERIOUS FIRECRACKER FIRE AT HARRISBURG

Harrisburg, July 8.—Small boys while lighting fire crackers in L. G. Kelsay's barn Saturday afternoon started a blaze which consumed it in a few minutes. While the barn was burning some of the sparks from it ignited the residence of John Kelsay, situated just south of the barn, and it, together with a woodshed, were soon burned to the ground. Sparks from the residence were carried by the wind to Nate Windom's residence and barn and Mrs. S. S. Holt's residence. Windom's dwelling had several large holes burned in the roof, but no serious damage was done. The need of ample fire protection has again been emphasized.

## FEDERAL SUITS FILED AGAINST TOBACCO TRUST

(Continued from Page One.)

given a trial in a very short time. The issue of injunctions, followed by the appointment of receivers, is trust act, and it is expected it will be asked to take in dealing with the big combinations that have ignored the Sherman anti-trust law so far and have felt easy in the belief that fines would be all the punishment they might expect.

The policy was decided upon by Attorney-General Bonaparte and Milton D. Purdy, trust expert, after careful and mature deliberation, and there is every promise that it will shake the trusts as nothing done before has done. If the views of the attorney-general and his chief assistants are realized the smashing of trusts is a certainty in the future and there will be more alarm among the combinations than they have ever felt before.

It is the belief of the two lawyers that the injunction and receiver plan will do more to break up the trusts than anything that could be tried or any new law that could be put into the books. There are sixty-five actions against the trusts up to this time little has been accomplished. The payment of fines has no practical effect and the trusts have simply assessed these losses against the public and gone on doing business as in the past, throttling competition and fixing the prices to suit themselves.
