## LEAGUE GAME AT RECREATION PARK SUNDAY

Tomorrow the fans of Eugene and vicinity will have the opportunity of seeing another league game at Recreation Park. The Coburgers are coming over greatly strengthened and are determined to pull the Colts down from their lofty perch at the top of the list with a percentage of 1000. On the other hand McCormick has been drilling his frisky ponies diligently and will endeavor to maintain the good lead his aggregation now enjoys. The game is going to be well worth seeing. The previous games between these two teams have been very close and Coburg defeated the locals before the league series began, and the game tomorrow promises to be hotly contested.

Tomorrow afternoon at 3 o'clock the Roseburg Models will battle with the Blues of Springfield on the grounds of the latter. At present Roseburg has a very strong team and is coming to Springfield confident of victory. "Doc" Mathews, the elongated slab artist, will occupy the mound for the visitors, while Hannan, the steady little backstop, will receive his curves. Hurd will pitch for the Blues and King will catch. "Red" Perot, an old time favorite, will also probably be in the Blues lineup. The Roseburg people, twenty in number, will reach Springfield tonight, where a dance is to be given them, music to be furnished by Svarverud & Dillard's orchestra. Eugene people are cordially invited to the dance. Don't forget the game, 3 p. m. Admission, 25 cents.

## POPULAR SUBSCRIPTION PASSES REQUIRED MARK

(Continued from Page One.)

the line to tidewater on the Siuslaw or to its mouth at Florence. The first ten miles or more will be constructed this summer and fall, and will probably be placed in operation before the work begins on the extension next spring.

Fifteen miles of steel rails, purchased by Mr. Caver who has bid in the Modoc-Crater Lake road, afterward losing it on a second sale, are due to arrive in Portland any day, and will be shipped here to be used on the Siuslaw road.

Negotiations will at once be opened to secure terminal grounds in Eugene. They will be in the western part of the city somewhere, the exact location not yet having been decided upon. The line will enter the city from the west in the vicinity of Fifth street.

**Publish List of Subscribers.**

It was intended to publish the list of subscribers to the fund today, but owing to the fact that F. L. Chambers, a member of the committee, has one or two of the subscription papers and as he is out of town, it is impossible to secure them. It will be published early next week and the public will know who the public spirited citizens of Eugene are.

The members of the committee, who have worked hard and faithfully for the success of the enterprise through thick and thin, are as follows: Alton Hamont, F. E. Dunn, J. W. Kays, F. J. Berger, H. F. Hollenbeck, D. E. Moran, F. L. Chambers, J. M. Shiley and Jack Rodman. Others have assisted materially in the work, but have not been members of the regular committee.

## PETER PAN SCORES ANOTHER VICTORY

New York, July 13.—Peter Pan, owned by James R. Keene, won the Brighton handicap, worth \$25,000, today at Brighton Beach.

## OREGON DRUGGISTS ELECT NEW OFFICERS

Seaside, Or., July 13.—The seventeenth annual session of the Oregon State Pharmaceutical Association closed Wednesday and the following were elected officers for the ensuing year:

President, C. G. Huntley, Oregon City; first vice president, M. E. Eytzinger, North Bend; second vice president, T. F. Laurin, Astoria; secretary, A. W. Allen, Portland; treasurer, Miss Agnes Plummer, Portland.

## NEWS NOTES

The hop yards about Woodburn, Marion county, look well and a large yield is promised.

A piece of a limb fourteen inches long from a Rieckreall cherry tree contained 92 fine Royal Ann cherries.

Oregon's only redwood forest lies in Curry county a few miles up Chetco river, and comprises about 60,000,000 feet and had, we understood, long since passed into private hands. But it seems that a portion of it yet belongs to the government, and will be set aside as a national park, a proposition that ought to be pleasing to everybody.

The vice president rescued a drowning waitress up in Montana—according to a story, but there is no use in her falling in love with him, and waitress can't vote. The incident shows, however, the value on some occasions, of long legs, remarks an exchange.

**May Sutton Wins.**

Newport, Wales, July 12.—In the semi-final round of the ladies' tennis singles today, Miss May Sutton, of California, who is defending her title to the world's championship, beat Miss Wilson by 6-2, 7-5.

**Chicago Wheat Market.**

Chicago, July 13.—July, 9 13-8; September, 94 3-4.

## FAIRBANKS SPEAKS TO MONSTER CROWD

Vice President Fairbanks last night addressed a monster crowd at the convention tent on the subject, "Our Country." Mr. Fairbanks said, in part:

"The strength and honor and perpetuity of American institutions depend more upon the influence and teachings of the great Christian churches than upon all other influences combined and many times multiplied. This is and is to be a Christian nation. Its destiny is to be governed by Christian people. Our fathers walked by Christian faith and we are guided by the same faith. We are carrying it into business and into politics and the more we put into both the nobler will be our ideals and the more thoroughly we will be inspired by that spirit of righteousness and justice which tends to the welfare of the home, the exaltation of the community and the glory of the state.

"Take out of the republic the Christian church, blot out of the hearts of the people love for the Christian religion, tear down the sacred altars from sea to sea where the millions worship, uproot the Christian Endeavor Societies and their allied organizations engaged in Christian work—and night would come. The splendid temple erected by our fathers would totter to its fall and the battlefields made immortal by the blood of our heroes would quicken no generous impulse, would awaken no patriotic sentiment.

"Our nation's great leaders—we have no rulers—have been men of simple Christian faith and whenever storm and stress have come they have held to that faith as their sheet anchor."

## ROMANCE OF A PRINCESS.

Alexandra Victoria and Her Royal fiance, Prince August Wilhelm.

Princess Alexandra Victoria of Sleswick-Holstein, whose betrothal to Prince August Wilhelm, fourth son of the kaiser, was recently announced, is seventeen years old and a charming girl of simple, unpretentious manners. She has been brought up to know how to work in the kitchen, an excellent cook and understands many lines of housework which princesses are not supposed to bother themselves about.

PRINCESS ALEXANDRA VICTORIA.

She is the second daughter of Duke Frederick of Sleswick-Holstein and is a piece of the German empress, mother of her fiance. The latter is one of the most promising of the kaiser's sons. He is twenty years of age and has manifested much talent and originality. The emperor thought at one time of sending him to the United States, not for a visit of pomp and ceremony, but to study American institutions, become acquainted with typical American citizens and perhaps even take a course of study at Harvard university. The affair with the Princess Alexandra, culminating in their engagement, put an end to plans for this American trip.

## Had Seen Bigger Spouters.

"Wonderful geyser!" exclaimed the guide.

"Something of a fountain," languidly replied the visitor.

"Doesn't seem to impress you much," said the guide in disgust.

"Why, man, that is one of the greatest spouters in the world."

"Oh, well," said the visitor, "I have just been down watching congress."

A woman likes to see a man take exceedingly good care of his health—when he is paying her alimony.

It is always wise to keep your temper. For you never know when you may need to use it.

Nobody thinks much about freedom who has it.

Being gentle to an underling is a certificate of complete mastery.

When temptation and opportunity begin to flirt with each other, decorum would better look the other way.

## GARFIELD VISITS CITY OF PORTLAND

Portland, Or., July 13.—James R. Garfield, secretary of the interior, reached Portland at 7:30 o'clock this morning. He is accompanied by Judge R. A. Ballinger, Commissioner of the General Land Office, and Joseph A. Holmes, chief of the division for testing fuel and structural materials for the United States geological survey. Three other members of the secretary's party reached Portland yesterday and attended to the preliminary details relating to official business that will be reviewed by Secretary Garfield today. They were:

JAMES R. GARFIELD.

F. H. Newell, director of the United States reclamation service; Gifford Pinchot, chief forester, and W. J. McGee, secretary United States inland waterways commission. The party is scheduled to leave Portland at 8 o'clock tomorrow morning if the prominent men of the state are unable to induce the visitors to prolong their stay.

## No Discrimination.

"There has been no discrimination by the forestry department against Oregon," said Gifford Pinchot, chief forester under the federal government, who reached Portland yesterday in advance of Secretary of the Interior Garfield, of whose party he is a member. "Such complaints as exist I find on investigation are the result of a misunderstanding of the policy of the government by the settlers, who have not yet become acquainted with the system that has been adopted by the department for reforesting this important service, which has been pretty much without any intelligent system in the past."
