

THE FRIENDLY STORE JULY CLEARANCE SALE

OUR OWN STOCK SACRIFICED

Economize

By Taking Advantage of Opportunities

The keynote to success is economy. Here is a chance to practice it. You know the kind of weather we have had this spring—cold and unseasonable climate generally. Now all this has changed and the weather man says the next three months will be a long continued spell of sultry weather. We dealers, not only here but in all parts of the country, have been badly hit by loss of trade due to the backward season. Now that the change has come, it is too late to recoup, for our fall goods are ordered and must be made room for. The summer stocks must go, and go quickly. You all know the character of goods we carry at this store—only the best of the different lines—and you all know we never adopt half-way measures. We therefore inaugurate this "July Clearance Sale." Beginning next Monday, at which we shall offer everything in spring and summer merchandise and many staple articles at prices that represent only a fractional value of the goods. This is no catch. **WE MUST SELL THE GOODS.** Read every article advertised here, then come and inspect the values.
