CONCERNING WOMEN AS WAGE EARNERS

The Journal of Political Economy in a recent issue presents some instructive figures bearing upon woman as engaged in the useful occupations. The figures were gathered by two women connected with the Chicago University. They reveal not only a remarkable "invasion" by the gentler sex, of new fields, but an equally remarkable shifting about, so to speak.

The basis of the showing is the tenth census, according to which there are 203 occupations. In two hundred and ninety-five of these women appear, and it is only in the United States army and navy, in fire departments and as helpers—unskilled assistants to roofers, slaters, steam boiler makers and brass workers that they are not represented.

In 1900 more than five million women were earning wages, and for the decade covered the number of the sex engaged in remunerative industry increased faster than the female population, while the rate of increase in respect to employment was greater than the corresponding rate for employment of men.

A peculiar exhibit is that in some of the occupations more usually associated with woman man outstripped the erstwhile "domestic slaves." For example, women milliners increased in ten years 46.5 per cent; men milliners, 34.0 per cent. Women dressmakers increased 17.8 per cent; men dressmakers, 15.0 per cent. Again, women seamstresses increased only .04 per cent, while men "seamstresses" increased 20.8 per cent, and it is also found that men have been crowding women out of the "saloon" business, the laundries, and in a certain measure the mills.

Women, however, increased in all departments of trade and transportation 120.3 to men's 37.6 per cent, and distanced the "sterner sex" in all but one of the five large groups classified in the census.

As a contemporary says, it is well known that certain sociologists and writers on political economy hold the theory that race suicide, the decreasing marriage rate, the increasing divorce rate, wife abandonment, the disappearance of the cook and various other domestic ills are ascribable to the tendency of the modern woman to struggle for financial independence outside the home.

However this may be, it is a fact that woman is becoming an important factor in the business world.

Lack of interest in public speaking on political subjects, which is just now being discussed by some of the editorial high muck-a-mucks, is not because of lack of interest in the subjects, but because the newspapers keep the people so well informed that they know the spellbinders have nothing new.

The legal catch-as-catch-can wrangle between Governor Glenn, of North Carolina, and Judge Pritchard, of the United States supreme court, is now being watched with more than ordinary interest, because of the state's right principle involved.

Jesse Grant was surely going some when he named Governor Campbell, of Texas, as the man he wanted for second place on the national Democratic ticket with him. Better put on the brakes, Jess, or you'll get away from yourself.

Louisiana seems to have struck the right idea of preventing lynchings by leaving no excuse for it. A negro in the state assaulted a white woman, on the 17th inst, was at once tried, found guilty, and was hung on the 19th.

Logging anchors of runaway ball-

loons have been added to the woe of luckless pedestrians. If this sort of thing is to keep up, it will not be safe to walk out of doors unless you wear a full football player's outfit.

After putting out a litching line of advertising, the official transmitters have hiked to the cool places for an extended vacation. The trusts will of course continue to rake in the coin right through the summer.

According to the latest thymometer statistics, the two best sellers are the Cannon jelly and the Fairbanks cocktail, though there is a steady demand for Roosevelt red lemonade, with a big stick in it.

Some of the businessmen who are kicking about people patronizing mail order houses never spend a cent advertising in their local papers soliciting the trade of those living in the field they occupy.

Governor Hoke Smith has started out to prove that railroad property in Georgia is grossly undervalued for state taxation, and he presents figures that strongly indicate his ability to make good.

Perhaps the 500,000 retail merchants of the West who have organized to get after the mail order houses would find liberal home advertising their most effective ammunition.

Next thing the Jingoists will be booming Congressman Richmond P. Hobson for president, on a get-ready-to-flight platform. Then what will the poor Japs do?

PLEASANT HILL ITEMS

(Special Correspondence.) Pleasant Hill, July 31.—Mrs. R. Bradford has sold her store and residence property to M. E. Farrow, who will take possession as soon as his commission as postmaster expires. Mrs. Bradford will move to Troutdale, where her son, William, is employed by the Swift Packing Company.

Mr. and Mrs. Tolliver, who have been spending several weeks visiting their aunt, Mrs. Mary Miller, and other relatives, will leave for their home in Illinois next week.

A. C. Sherwood and family returned Sunday from Crescent Lake, where they have been taking an outing. L. E. Parks has sold his Blacksmith shop and residence to A. S. Stator. Mrs. Emma Robinson has gone to Silver Lake to spend the summer with her son, William, and incidentally to accompany Grandma Robbette to Creswell, who goes to visit her son, who is not expected to live.

Mrs. J. D. Wilkinson and little grandson, of Woodburn, are visiting friends here for a few weeks.

Professor Shierwood has rented Aunt Mary Miller's residence for the coming school year.

John Stoner has farmed the P. L. Bristol farm for two years, has bought property on the Long Tom, and will move there early this fall.

If a suitable renter can be secured Mrs. Ellen Mitchell will rent her farm and move with her family to Eugene this fall.

Rev. Wilcox has been chosen as pastor of the Christian church at this place vice Emmons, resigned.

Harvesting is nearly finished and threshing will begin in about a week. REGULAR.

THE LIMIT OF LIFE

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of the race now possessed. The critical period, that determines its duration, seems to be between 50 and 60, the proper care of the body during this decade cannot be too strongly urged, carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by W. L. DeLano, druggist, 50c.

J. O. STOREY BUYS DEER-HORN-ON-McKENZIE

J. O. Storey, of the Storey-Bracher Lumber Company, has purchased N. J. Fitzhenry's Deerhorn-on-the-McKenzie, in the vicinity of the former postoffice of Leaburg, for the sum of \$12,500. The deal was made through the agency of Attorney Fred DeNeffe of this city. The tract consists of 1100 acres of fine land with a good hopyard on it and a good many improvements. Mr. Storey will erect a fine residence on the place, and will there raise stock on the time. He will raise stock on the time. Mr. Fitzhenry had intended to erect a fine clubhouse on the place and make a summer resort of the tract, but his plans have been changed. He will remain in this vicinity, however. He retains 40 acres of the place.

NEWS NOTES

Judge William B. Gilbert, of the United States circuit court, today received a letter from Judge John Curry, of Dixon, Cal., announcing the death of his home at Peekskill, N.Y., of Thomas Nelson, once chief justice of the federal territorial bench of Oregon. Judge Nelson died July 23, at the age of 88 years.—Portland Telegram.

Chas. Moore, ex-state treasurer, suffered from heat prostration shortly before noon today, and for a time his condition was quite serious. He was at work in the yards at the saw-mill, and when attacked suddenly became unconscious and fell over, striking his head on a timber and receiving quite a severe bruise. He remained unconscious for some time, but was rescued by his physician, Dr. Cartwright, and this afternoon was resting easy.—Klamath Falls Herald.

EUGENE GROCERY ADOPTS MCCASKEY SYSTEM

To Our Customers.—We are adopting the McCaskey One-Writing System for keeping our accounts. While this system is new to us it has been in successful operation for a number of years among the leading merchants of the country, who are unanimous in their endorsement of same. With this system we are enabled to give you an itemized bill with each purchase, which you will readily see, precludes the possibility of any difference between you and us as to the condition of your account at our store, for we have no record of which you have not an exact copy, inasmuch as all charges will be made in duplicate.

In order to secure your hearty cooperation we will furnish you with a sales slip holder to hold our sales slips. We beg to assure you that the appearance on each sales slip of your total indebtedness to us has no personal application to you or any other customer, but is merely a part of the successful operation of the system. We thank you for past favors and hope by careful attention to your wants and a strict adherence to honorable business methods to merit a continuance of your trade. Very truly yours, EUGENE GROCERY, 45 East Ninth Street. Phone Main 30.

Rossman, uncle of the bride, residing at Vancouver, Wash., officiating. Mr. and Mrs. Henderson will reside in Eugene and will make a trip to the coast before settling down to housekeeping.

A STEADY DRAIN

Sick Kidneys Weaken the Whole Body—Make You Ill, Languid and Depressed

Sick kidneys weaken the body through the continual drainage of the life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back and gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills. Great Eugene cures prove it.

Mrs. M. J. Drew, of 295 West 8th street, Eugene, Or., says: "I suffered from severe pains that seemed to run from the kidneys through the loins and down into the limbs. There was also a noticeable disorder in the action of the kidneys, and the presence of uric acid caused rheumatic twinges. Being induced to try Doan's Kidney Pills I was agreeably surprised at the prompt relief found. They helped me a great deal in just a few days and the improvement continued as long as I kept on with them. I cannot help but give Doan's Kidney Pills a strong recommendation."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

CHILDREN IN PAIN

Never cry as do children suffering from hunger. Such is the cause of all babies who cry and are treated for sickness when they really are suffering from hunger. This is caused by their food not being assimilated, but digested by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial.
