

Still Slaughtering

We are determined to get rid of summer goods of all description. In fact, we are compelled to make a clean sweep in order to make room for large orders of goods that are now on the way. We are making reductions of 1/4 to 1/2 on a great many lines. We are handlers of good goods only, and when we advertise a reduction it means that you are positively in the way of securing a bargain.

TESTING STATION HAS FOUR MEN

The testing station at the university is doing more work now than at any previous time, for where they usually have only two men, they now have four, two university students being employed this summer to help Engineer Knapp and Assistant Geometer, The timber station is now working on car strainers, testing them in every conceivable way. The actual results are not given out by the experts, but are sent back to Washington, where the results are published in regular bulletins.

The station is a very important one to the university, for the reason that it adds to the equipment along that line. Regular courses are given in the work.

"REGULAR AS THE SUN"

is an expression as old as the race. No doubt the rising and setting of the sun is the most regular performance in the universe, unless it is the action of the liver and bowels when regulated by Dr. King's New Life Pills. Guaranteed by W. L. DeLano, druggist. 25c.

DIED.

At Harriaburg, Monday, August 19, after a short illness, Mrs. Douglas Wosson, in her 35th year. Funeral will be held in the M. E. church at Muddy station and interment will be made in the Odd Fellows cemetery near by. Services by Rev. D. E. Baker.

Portland Bank Fails

(Continued from Page 1.)

phone Company amounting to \$1,300,000 with him to New York to dispose of them, evidently with the idea of obtaining funds to place the bank on a better financial basis. Lytle is severe in his condemnation of the business methods of Cashier Morris.

Friends of the latter, however, say he acted within his rights and had the bank been allowed to do business a few more days he would have placed it upon its feet.

It is known that the bank owned valuable real estate and other securities.

There are a large number of depositors of the poor and middle class.

WHY FRET AND WORRY.

When your child has a severe cold? You need not fear pneumonia or other pulmonary diseases. COMET MAYBE SEEN BY EARLY RISERS

A few early risers in Eugene have lately been treated to a strangely beautiful sight. A comet with a fiery tail may be seen in the eastern heavens from 3 o'clock until daybreak. This marvel of the starry canopy may be plainly discerned by any beholder. There is but one tail to this comet, and that, as is the case with all such well-behaved heavenly voyagers, is turned from the sun. The length of the comet and its tail seems to be about that distance which lies between the two end stars of the bowl of the great dipper.

The comet is not one that comes in sight of the earth at regular intervals, but is what is known as a wanderer, coming within the range of earthly vision once and wandering off into the universe never to return.

CHILDREN IN PAIN

Never cry as do children suffering from hunger. Such is the cause of all babies who cry and are treated for sickness when they really are suffering from hunger. This is caused by their food not being assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. EUGENE HIGH WILL HAVE FAST FOOTBALL TEAM

The High School students expect to put out a winning football team this year, and Duval Quiser, the manager, who is now in Idaho, is trying to arrange a big trip as far away as Boise, Idaho. He expects to get games with various towns in the Willamette valley, Portland teams, such as Eastern Oregon towns as Baker City, La Grande, Pendleton, The Dalles, and will try to get a game with the crack team of Boise, Idaho.

The material for the team is excellent this year for there will be many of last year's veterans in school. Mitchell, the big lenthly center, who graduates this year, will captain the team, and expects to have considerable good raw material.

Herman Hurd, a former quarterback, will probably fill any place where ever the team at first appears to be weak, he being an all around man. Robert Kuykendall is likely to be at quarter, for Al Bean should make a good half back.

Harold Cockerline and Milt. Burton are two veterans who will undoubtedly retain their positions, while Elimaker is a reliable guard or tackle. Clyde Elspass is a crackerjack halfback who is expected to return from California when the High School opens in September, and Gerald Preston will make a good fullback. Will Bailey, the Junction City big boy, should hold down a guard position against any man.

Geo. Hug, principal of the High School, if he has time, will be able to help the boys on their plays, and with his knowledge of the game of football will make a wonderful difference in the team.

HEIR BORN TO GREAT KRUPP ESTATE

Berlin, Aug. 19.—The birth of an heir to the Krupp works and fortune was appropriately announced today by a salute of cannon at the Krupp factory.

gunmaker, was married on October 13, 1906, to Lieutenant Dr. Gustav von Hohen und Halbach, who was formerly first secretary of the Prussian legation at the Vatican. Under the terms of her father's will Bertha received property valued at upward of \$100,000,000. The husband was not rich.

The Farm Wagon

is the most important implement the farmer buys, and it is greatly to his interest to buy a good one. It is greatly to the dealer's interest to sell the farmer a wagon that pleases him. It makes a good customer for him and brings additional trade. That is what the Milburn wagon is doing for us. Buy a light-running Milburn and be happy. Just a word to those who wish to invest in Land

IN the first place, we ask the question why people buy cheap land when, from every point of view, good land is much more profitable? For instance, poor land which cannot be worked at a profit. You can't pay for it in a hundred years. But on the other hand, if you buy good land that you can work at a profit, it will eventually pay for itself, whatever the price may be; and again, good land is much easier worked.

If you want to raise stock, good land is the cheapest. If you want to raise grain, good land is the cheapest. If you want to raise fruit or vegetables, good land is the cheapest. Why? Because it takes no more to plow it; because it takes no more to harvest it. So it is clear to see that if it pays to work poor land, it surely pays to work good land.

So when you buy, buy good land, and then if you should want to sell it, you have no trouble in disposing of it.

So if you want good land at the right price, come and see us.

We have made arrangements to sub-divide some of the best large tracts in the country, to suit those who may wish to purchase their land. It is of the best grade, suitable to grow anything that grows in the West. Our prices are right, our land is A1 and location good.
