SPRINGFIELD SEWER IS PRACTICALLY DONE

The contractors on the Springfield sewer system have laid this pipe and are now filling in wherever they did not do so immediately after the pipe was laid. The sewer is ordinary piping for sewage purposes, and the system is an up-to-date one in every respect, no faults have been found in the construction. McArthur and McClain did the work.

Already a number of the residents are taking advantage of this city improvement and have made connections.

The sewer empties into the Willamette river at Springfield, and its construction was made possible by the water system recently installed.

JUDGE BRYAN AN OREGON MAN

Judge E. L. Bryan, of Idaho, was in the city this morning on his way to Philomath on a visit with his parents, after a short trip to Springfield to see his brother. Judge Bryan is the judicial officer in the district in Idaho, where the famous Haywood trial occurred, and it would have been his business to have presided at the trial, but he had been the attorney of Orchard previous to his election, so of course was incapacitated. He expects his former client to plead guilty, his only course, and place himself upon the mercy of the court.

Judge Bryan is a former Benton county school teacher, county school superintendent and attorney, going from there several years ago to Idaho, where he built up a good practice and a splendid reputation, so that when he was nominated for judge on the democratic ticket in a republican district the chances were against him, but the people wanted him.—Albany Democrat.
