WASHINGTON DEFEATED MULTNOMAH CLUB

Washington, 19.
Multnomah, 9.

This is the sad story of the opening of the football season in Portland. It is a sad beginning for the club men but it is a rare old time in this wayward career of fleeting time that one man's disappointment does not mean unmitigated joy to the other fellow. It is the other fellow, outlanders within our midst, that are rejoicing.

But let the students rejoice, for they won a clean-cut victory as any lot of pig-chasers that ever wore a nose guard.

The wearers of the winged M have no occasion to hang their heads in shame, for they met in the students of our sister state a football team that will bear watching this season. Coach Place has in that sturdy band of education seekers material for a great football eleven, unless all favorable signs fail. This is not said because of the decisive defeat administered to Multnomah yesterday, for the team that the club men sent to the field was far from being in fettle for such a grueling game. Multnomah needs no apology for defeat. There is only harsh criticism for the man who is responsible for fixing a game with such a strong team for the opening game. It wasn't fair to a lot of loyal members of the club who have to make all kinds of sacrifices, just to help uphold the time-hon-

al half hour, following which departmental conferences and business sessions will be the order of the day.

Many distinguished speakers will be in attendance, including Miss Lucy Broad, a prominent missionary, who received her training in British missionary work at home and has traveled 54,000 miles in four years. Miss Rose A. Davidson, a gifted national Y. W. C. A. lecturer and reader, will give readings from "Black Rock."

All preparations are being made to give the delegates to the convention a royal welcome. The Loyal Temperance Legion of Cottage Grove will have a class of graduates of special study course and all will receive diplomas.

A gold medal contest will be held in which contestants are entered from Umatilla, Multnomah, Polk, Lane and Douglas. Altogether one of the best programs ever presented by the organization has been arranged this year.

Growing Aches and Pains

Mrs. Josie Sumner, Bremont, Tex., writes April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frostbitten feet, with good success. It is the best liniment I ever used." 25c, 50c and \$1.

LUMBERMEN PLAN CAMPAIGN AGAINST RAILROAD

Cottage Grove, Or., Oct. 12.—The first meeting of the Western Oregon Lumber Manufacturers' Association was held in this city yesterday to start the work for the winter season. The meeting was attended by nearly all the members, besides a number of outside parties who are actively interested in the lumber business in the Willamette valley. The meeting was presided over by President J. H. Chambers.

Under a resolution adopted the committee appointed to take charge of the contest before the interstate commerce commission looking to the repeal of the \$3.19 rate to California lay points were instructed to begin active work at once, and the members present and others are pledged to unite in hearty co-operation.

A resolution was presented endorsing the action of the Oregon and Washington Lumber Manufacturers' Association looking to a change in the present interstate commerce laws whereby any tariff changes intended must be submitted to the interstate commerce commission before they can become effective, and endorsing the action of State Railroad Commissioner Atchafson in having the same matter acted favorably upon by the national meeting of railroad commissioners.

A resolution was adopted that the successor of Lane county be requested to raise the valuation on the roadbed of the Southern Pacific to \$30,000 a mile, this being the valuation in Douglas, Linn and Marion counties.

DOUGLAS COUNTY BUILDING ROADS TO BOHEMIA

Perbert Leigh, the well-known mining man, returned Saturday evening from a trip to the Bohemia mining district. He reports the district very lively, a lot of development work going on and a great many men employed at the different properties. He made a trip to the Douglas side of the mountain, a portion of the district which he never visited before. He says there is much work going on over there, and the Douglas county officials are having built trails leading from the nearest county road into the district, connecting the mines with Roseburg. These trails are fore-runners of roads which will be built in the near future and which will be the means of diverting some of the trade of the district to Roseburg.
