PEOPLE DRIVE ON UNIVERSITY LAWNS

CAPTAIN BRIGGS HAS HARD TIME KEEPING THEM OFF—UNIVERSITY OF OREGON NOTES

The lawns at the University are having a difficult struggle for existence. Carriages, buggies, teams, dogs and people all seem natural enemies of the new beds which have been seeded this fall. Team after team, when they want to turn around, do it on the beds, and not alone teams, but fashionable Eugene dames are guilty.

The complaint is not made concerning the lawns alone, but also of the newly made walks. The ladies, especially, much prefer to drive on the footpaths instead of the roads, and do so much damage that Captain Briggs is having posts placed in the center of each new path. Small wire fences are also being placed around the lawns.

The street railway company has presented to the University the dirt which it took out in excavating for the track out University avenue. The ground men are removing a part of the dirt onto beds, and will leave the rest for the purpose of packing the north side of East Thirteenth street, along which the University borders.

Basketball. Robin Nelson, the manager of the basketball team, is trying to make arrangements for a trip through Washington. Today new baskets were put up for practice. Dick Hathaway, captain of the team, and Trainer Hayward will have charge of the men during practice.

Manager Nelson also says that an effort is to be made to get the University into the state basketball league. He is placing the matter before the faculty for consideration.

"Bulletin" Officers. The junior class last night elected the officers to manage its "Bulletin." Charles Mac Snow was elected managing editor; Miss Jessie Hurley literary editor, and Harold Merryman business manager. The associates will be appointed by the preceding officers acting as a committee. The election of these officers closes the college politics for the fall. James Cunniff was elected president of the senior class, the highest honor in college next to that of president of the student body.

Varsity Items. A rosters' rally was held last night in Villard hall to learn the new songs and yell. A good attendance was present.

Physical. Director Hayward believes in giving his men exercise outside in good weather. Most of his classes among the men go out to the track for gymnasium class work.

Last year the football squad used ten footballs. This year they may use more. At the University of California two a day are brought out. The ground is much harder on the ball there and it does not last so long. A ball costs in the neighborhood of \$5.

KENNERLY'S BIG APPLES AT PORTLAND

Four apples that run about eight to the yard were brought to the Journal office Saturday by G. H. Jessup, of Portland, who secured the monsters from the ranch of J. Kennerly, near Leaburg, Lane county. The apples were nearly in perfect condition despite the fact that they have never received any cultivation since Mr. Kennerly took over the ranch.

The largest apple, which measured 15 1/4 inches in circumference, came from a tree about eight years of age. It is a Gloria Mundi, and has never been cultivated.

The remaining apples came from a tree about 20 years of age and it also has been left to grow without attention. All the apples are remarkably free from disease, considering the fact that they have received no care, and Mr. Jessup may take up their culture next year for the purpose of exploiting them.—Portland Journal.

Growing Aches and Pains

Mrs. Josie Sumner, Bremont, Tex., writes April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frostbitten feet, with good success. It is the best liniment I ever used." 25c, 50c and \$1. Linn Drug Co.

TEACHERS' INSTITUTE HELD AT FLORENCE

The local teachers' institute opened at Florence Thursday morning, with County Superintendent Billard. Professor Traver, of Monmouth, and the following teachers of this vicinity in attendance: Misses Hamble, Spire, Gurney, Schreuder, Smith, Colter, Dablin, Mrs. Gurney, Mrs. Crayton, Messrs. Peter Schreuder, Winkle Yost, and E. W. Jordan. Quite a number of the pupils of the public school and several young people who expect to teach later on were also present.

The exercises opened at 10 a. m. with a number of songs by these present.

Professor Traver then gave an interesting address.

After a short recess Miss Elsie Raymond played an instrumental solo.

Professor Jordan then read a paper on the subject of "Child Study."

A reception was given at the school house last evening to which the visiting teachers, parents and friends of education were invited.

The program for the rest of the week includes a lecture at the Presbyterian church by Professor Traver on Friday evening, and one on Saturday evening by Professor Alderman.—West.

WHO USES HYOMEL?

The Best People in Eugene, Says Hull's Drug Store—Guaranteed in Catarrhal Troubles

No other remedy or treatment for catarrh has ever been as popular or made so many remarkable cures in Eugene as Hyomel.

The best people attest its curative virtues, says Hull's Drug Store, the local agent. The fair way in which Hyomel was sold, to refund the money unless it gave satisfaction, was the best proof when it was introduced that it possessed unusual curative powers. Hull's drug store took all the risk of the treatment giving satisfaction, and left it to the purchaser to be the judge.

Later, when Hyomel was used and recommended by our well-known physicians and business men and their wives as a treatment that absolutely cured catarrh, no matter how serious or long standing, the sales rapidly grew, and today there is no other remedy in Mr. Hull's stock that has such a large and stable sale.

The first breath of Hyomel's healing air kills all catarrhal poison. Try Hyomel today on Mr. Hull's offer to refund the money if the treatment does not give you satisfaction.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. H. Bruns, of Dublin, Georgia. "She has taken them for about two years and enjoys an excellent appetite, feels strong and spry well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, pale children, too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles by W. L. Delano's drug store, 50c.

STRICT RULES FOR WILLAMETTE CO-EDS

DEAN KIRK, OF WOMEN'S DEPARTMENT, OUTLAYS GIRLS' LIBERTIES—SET OF RULES

Conservation reigns among the girls of Willamette University as the result of a mandate coming from Dean Kirk, of the women's department, regulating the hours when they should be seen upon the streets after nightfall, and curtailing the visits of the variety lads to Lussanne Hall, the girls' dormitory. The girls look askance at the rules. The young men are very wrath concerning the restrictions, as they strike at the prospective social life of the young people. The rules read, in part, as follows:

1. Girls are not supposed to be out on the street after 6 p. m.

2. Gentlemen may be received only once a week (Friday or Saturday) and must go at 10 o'clock.

3. Girls are not supposed to go any place without a chaperone.

4. Unless a young man takes a young lady to a place she shall not accept his company home.

5. On Sunday nights the young men will be required to leave at 9:15.

6. Girls are not supposed to linger on the campus talking to young men.

The fees of the girls look rather long when they see the theatre notices, as they know that the young men cannot get seats for two and a chaperone.

REASONABLE RULES FOR RHEUMATISM

Western Socialist Explains a Few Simple Rules for the Avoidance and Cure of Rheumatism, Kidney and Bladder Troubles.

Dr. George Edmund Flood states that rheumatism and the various forms of kidney and bladder troubles are among the most easily curable diseases—that is, when they are treated in a sensible way.

According to Dr. Flood those persons suffering from any of these ailments should exercise the greatest moderation in the consumption of rich foods. Dr. Flood has met with great success in his practice in the treatment of these complaints, and he has advised all of his patients to substitute for such a diet as we have just mentioned the simpler and more nourishing soups, broths, fresh milk, fresh vegetables and plenty of pure water—lots of water.

But, says Dr. Flood, observance of these will not suffice to effect a cure, although such observance is necessarily of the greatest assistance in the treatment. During all his practice, this eminent physician has employed one simple prescription which, he states, has proven itself of unrivaled curative power. Dr. Flood has kindly consented that we reproduce a copy of this famous prescription in this column for the benefit of our readers.

This is the prescription: Fluid extract Cassara Aromatic.

Concentrated Barkola Compound. Adult dose, one teaspoonful after meals and at bedtime; children, one-fourth to one-half teaspoonful after meals.

Dr. Flood says it is pleasant to take and may be filled by any druggist, anywhere, or better still you can get the ingredients yourself and mix them at home by shaking well in a bottle. Dr. Flood guarantees the success of this prescription if taken according to directions.

NAPOLEON BONAPARTE

showed, at the battle of Austerlitz, that he was the greatest leader in the world. Ballard's Snow Liniment has shown the public it is the best liniment in the world. A quick cure for rheumatism, sprains, burns, cuts, etc.

A. C. Pitt, Redwood, Cal., says: "I use Ballard's Snow Liniment in my family and find it unequalled for sore throat, headache, neuralgia, in fact for anything that can be reached by a liniment."

GIRL BABY'S AWFUL ECZEMA

Sight of Eye Destroyed by Disease—Tried Five Doctors but Grew Worse—In Agony Eight Months—Parents Discouraged, Until They Tried Cuticura Remedies

IN ONE WEEK ALL SORES DISAPPEARED

"Our little girl, one year and a half old, was taken with eczema or that was what the doctor said it was. We called in the family doctor and he gave some tablets and said she would be all right in a few days. The eczema grew worse and we called in doctor No. 2. He said she was teething, as soon as the teeth were through she would be all right. But she still grew worse. Doctor No. 3 said it was eczema. By this time she was nothing but a yellow greenish sore. Well, he said he could help her, so we let him try it about a week. One morning we discovered a little yellow pimple on one of her eyes. Of course we phoned for doctor No. 4. He came over and looked her over and said that he could not do anything more for her, that we had better take her to some eye specialist, since it was an ulcer. So we went to Oswego to doctor No. 5 and he said the eczema was gone, but that he could help it. We thought we would try doctor No. 5. Well, that proved the same, only he charged \$10 more than doctor No. 4. We were nearly discouraged. I saw one of the Cuticura advertisements in the paper and thought we would try the Cuticura Treatment, so I went and purchased a set of Cuticura Remedies, which cost me \$1, and in three days our daughter, who had been sick about eight months, showed great improvement, and in one week all sores had disappeared. Of course it could not restore the eyesight, but if we had used Cuticura in time I am confident that it would have saved the eye. We think there is no remedy so good for any skin trouble or impurity of the blood as Cuticura. Mr. and Mrs. Frank Abbott, R. F. D. No. 9, Fulton, Oswego Co., N. Y., August 17, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Ointment (25c) to Cleanse the Skin, Cuticura Tablets (50c) to Purify the Blood, and Cuticura Resolvent (50c), (in the form of Chocolate Coated Pills, 25c per box of 60) to Purify the Blood.
