 The superintendent of the Insane Asylum at Salem has notified County Clerk Lee that Charles Whitman, admitted to that institution from Lane county on May 22, 1907, was discharged on November 19 on a six

months' leave of absence in the care of his brother.  
 The "Human Hearts" company arrived in Eugene this afternoon and will appear at the theatre tonight. This is one of the best companies on the road.  
 Two of the banks had their holiday signs down today and some thought the holidays were over, but they are not. The governor declared all this week a holiday.  
 A. Hunt, of this city, is having some of his household goods shipped to him at Los Angeles, where he has been during the fall and will remain there till spring and perhaps longer.  
 The Warren Construction Company's "burner" was at work on the gutters on Willamette street again today, melting the pavement so it could be leveled up where necessary.

 The crew of Japanese which were sent here several weeks ago, presumably to make the depot yards improvement and build new sidetracks, has been sent away again. All they did here was to level up the track in several places. They did nothing for some time and waited for orders. It is probable that they were sent here

to do the work mentioned, but the officials no doubt changed their minds about beginning so soon.  
 George H. Smith, the Ninth street commission merchant, took in 300 turkeys and 60 geese today for the Thanksgiving trade. He says the turkeys are in better condition this year than he has seen them for a long time, due, no doubt, to the fine weather this fall.  
 D. M. Purkerson has commenced the work of building a nice residence in Purkerson & Quimby addition. Already there are a number of houses in course of construction in the addition and several have been finished up during the fall.  The United Norwegian Lutherans will give a social at Frank's hall on Saturday night at 8 o'clock. Hope to see many of the respective ladies there with their baskets; that the many respective gentlemen that will be present may have the opportunity to get at least one basket each. A good program and a good "cake chase" will also be rendered.  
 A farm team hitched to a wagon loaded with potatoes became frightened at the street car on East Thirtieth street today and ran away, tipping the wagon over at the corner of East Thirtieth and Ferry streets, and badly wrecking it. The horses ran on with the front wheels of the vehicle. The driver jumped out before the wagon tipped over or else he was out of the wagon at the time the horses started. The outfit was owned by J. F. Miller.

**SAFURDAY'S GAME WILL BE IMPORTANT**  
 There are several reports out that both the Salem and Eugene teams will be materially crippled at the game Saturday. These are entirely mistaken. Both schools will have their full teams out. Mitchell will be back tomorrow, Jenkins is out again and Kuykendall will be out as a substitute.  
 The Eugene team is much stronger than it has ever been before this season.  
 Coach Hug said today: "Our boys are in the best of condition, have fine endurance and have their plays down to perfection."  
 The field, although it will have a great deal of water over it, is well packed and will not be heavy, as a great many think.  
 This is the most important inter-scholastic game this year, as it decides the W. O. I. A. championship. The school that wins this game gets the much-coveted pennant. This game might be considered parallel to the annual U. of O.-O. A. C. game, Salem being so near the same size as Eugene, and the rivalry so intense.  
 This afternoon the local team had a practice game with the U. of O. second team. This will be the last practice before the game Saturday, unless signals are practiced indoors tomorrow afternoon.  
 Tickets are on sale at Bingham & Smith's cigar store.  
 The following are the men that will constitute Salem's team: Perry Jones, Lawrence Hofer, Lawrence Keene, Lucas Smith, Allen Bellinger, Royal Niles, George Watson, Earl Kay, W. S. Richardson, George T. Krebs, Thomas Holman, Mark Lafky, Oudin Roberts, Charles Eyre.

No piece without this Trade Mark engraved upon it is genuine.

When you see a piece of glass a little whiter in color than any piece of cut glass you have ever seen, more perfect in cutting, more brilliant and sparkling, you will find the "Hawks Trade Mark" engraved in the glass.  
 Quality of cutting, finish and color are what make the glass so desirable, and in the features Hawks Cut Glass is the standard.

**WHY THE PEOPLE OF LANE COUNTY SHOULD Patronize the Eugene Loan and Savings Bank of Eugene**  
 Because its stockholders have large holdings in this city and county and their interests are mutual.  
 Because the strength of this bank lies not alone in its capital, surplus and undivided profits of over \$125,000, but in the character and financial responsibility of the men who conduct its affairs.  
 Because it is a safe and conservative bank and all its resources are "good as the wheat." Its loans are made in this county and a large proportion of them are secured by first mortgage on improved real estate. Not a dollar is invested in any stocks, and the only warrants or bonds held, are those of Eugene and Lane County.  
 Because intimately associated with all sound business is the sound bank. It combines the working capital of the community and applies it where it will do the most good, while its strength promotes the stability of business.  
 Because after two weeks of "holidays" it has steadily gained in strength and now holds a reserve of 38 per cent of available cash to demand deposits, while the state banking law requires only 15 per cent.
