PORTLAND MARKET REPORT.

Portland, Ore., Jan. 1.—Very little business has been transacted in the wheat market this week. The holiday sentiment pervades the trade in general and everyone is waiting for the opening of the new year. Prices, but the undertow of the market continues quite firm. The farmers who still have possession of their crops have entire confidence in the future of the market and are making no sacrifices. In the trade a more or less bullish view is also taken. The over-aid condition of the American crop is relied upon to have its effect later. At the moment, the news from Argentina is the leading factor in the market. The harvest has not progressed far enough to make anything certain in that country, and even with normal exportable surplus, it is figured that with market conditions as they exist in other parts of the world, values must be remembered that while the harvest may have commenced in the extreme northern edge of the wheat belt, it will not be finished in the southern provinces before the middle of January. A great deal of the crop is still in the milk and will not be out of danger for some time. The situation in Argentina is just as it is in the country when Texas commences to harvest in June, and the remainder of the winter wheat belt has its most dangerous season before it.

Poultry and Eggs.

There was more movement in the poultry line yesterday than in any of the other produce markets. The supply did not come up to requirements and very firm prices resulted, in some cases fancy prices being paid for choice hens and turkeys. These extreme quotations are not likely to be realized when the market re-opens tomorrow.

Butter and Eggs.

Eggs are becoming weaker every day with increased arrivals and no one is now quoting over 32 1-2 for Oregon. Eastern eggs are hard to move even at concessions. Some of the local speculators in this class of goods have been hit hard by the slump.

The following quotations were current in the local market:

CATTLE—Best steers \$3.75 @ 4.25 medium \$3.25 @ 3.75; cows \$2.75 @ \$3; fat to medium cows \$2 @ \$2.25; bulls, \$1.50 @ \$2.25; calves \$3.50 @ \$4.
SHEEP—Good sheared \$4.25 @ \$4.75; full wool, \$4.50 @ \$5; lambs, \$4.50 @ \$5.25.
HOGS—Best \$5 @ \$5.25; lights and feeders, \$4.50 @ \$5.

MULTNOMAH OUTPLAYED ST. LOUIS ELEVEN

Portland, Jan. 1.—The Multnomah Athletic eleven outplayed St. Louis University at football today, winning by the score of 11 to 6. Multnomah had the game almost entirely its own way, the ball being in Missouri's territory nearly the whole time.

In the first half Multnomah by straight football drove the ball across the visitors' line for a touchdown, but failed to kick goal. In the second half St. Louis, by use of the forward pass and a fake end run, succeeded in making a touchdown and kicking a goal. Multnomah finally was stopped by the visitors with the ball 18 inches from the St. Louis goal. After vainly attempting to force the ball across the goal line Multnomah tried to kick a field goal and failed.

Within five minutes Multnomah was again within scoring distance and was again held. For the second time they attempted a field goal and this time successfully. An exchange of punts left the ball close to the St. Louis goal, and in trying to kick out of danger the ball bounced back across the visitors' line, and one of their players fell on it just in time to head off another touchdown.

MORAN AND ATTEL FIGHT RESULTS IN A DRAW

Colma, Cal., Jan. 1.—Owen Moran, featherweight champion of England, made a draw fight with Abe Attell, champion of America who, it was thought, was invincible at his weight. Moran was strong and aggressive, quick as a flash, and kept on top of his man all the time. Attel had plenty of chance to use his boasted cleverness in keeping away from rushes. Attel seemed to lack force in his punches, and found it extremely difficult to land a blow on a vital spot. Moran's eyes were blackened and his nose bled, but ripping blows to the stomach and swings to the jaw were missing. Moran's game was to lead with either right or left and then close in. In clinches he fought viciously, but did not do Attel much harm.
