FRUIT MEN RESOLVE FOR THE UNIVERSITY

The program for the horticultural meeting at the courthouse Saturday night was carried out as advertised and the addresses all proved very interesting. Another interesting feature was the question box. Numerous questions pertaining to the growing of fruit were asked and answers given by the speakers and others present.

Before the close of the meeting M. H. Harlow offered the following resolution, which was unanimously adopted:

Whereas, Efforts are being made to misrepresent the issue of the University of Oregon appropriation, which issue comes up before the people next June; and

Whereas, The amount appropriated for the State University, instead of being exorbitant, is decidedly small compared with the amounts spent for the same purposes in our sister states; therefore be it

Resolved, By the horticulturists of Lane county, assembled in mass meeting under the auspices of the Lane County Horticultural Association and the Eugene Commercial Club, this 4th day of January, 1908, at the county court house, Eugene, Lane county, Oregon, that we place ourselves on record as being heartily in favor of the appropriation; and be it further

Resolved, That we urgently request our fellow horticulturists throughout the state of Oregon to study the question impartially and then act for the best interests of the educational system of the state of Oregon.

S. P. BRIDGE NEAR COBURG COMPLETED

FINE STEEL STRUCTURE ON THE
WOODBURN-NATRON BRANCH
REPLACES OLD WOODEN
BRIDGE

The Southern Pacific bridge across the McKenzie river near Coburg has been entirely completed and the crew and outfit were in Eugene today on their way to Portland. The Eugene-Coburg train brought the work cars and other paraphernalia over to the main line and the first freight train going north took them on toward Portland. The bridge is a splendid structure and replaced an old wooden one that did service for many years. When the recent financial flurry came on the company ordered work on the bridge stopped, along with the curtailment of a great deal of other work, but in a week or two afterward the crew was ordered back to finish the bridge, as it was very near completion.

NEWS OF LOWER SUSLAW COUNTRY

Miss Grace Smith arrived last week for a short stay on her homestead on Maple Creek. She is teaching near Walla Walla, and left Monday on her way back to resume work.

Mrs. George Montgomery and Mrs. Fred Hewitt returned home Tuesday from Salem, where they went to consult a specialist concerning Mrs. Hewitt's little girl's eye. The child has had three surgical operations and is getting along nicely, with excellent prospects that the eye will be saved.

R. H. Bernhardt and son Paul returned home the first of the week from a trip to Portland. They brought back a team of horses, a new wagon and a gasoline engine which they had purchased. On the road in from Eugene Paul had charge of the steering apparatus and his father attended to throwing out and securing the bow line when they wanted to make a landing.

The Degree of Honor held their regular election of officers to serve for the coming term, at their meeting last Thursday evening. The following are those chosen to fill the various chairs: Mrs. W. O. Sutton, chief of honor; Mrs. Alfred Finke, lady of honor; Mrs. E. H. Anderson, chief of ceremonies; Mrs. D. E. Severy, recorder; Mrs. Geo. E. Gibbs, financier; Mrs. A. Ready, inside watch; Mrs. T. C. Saubert, outside watch.

Glenda item: Georchart Steinhauer was coming in from Eugene Monday with a double team and when nearing his brother Herman's place near Lake Creek a stub came down across his team. It was so rotten that it broke up and covered Steinhauer and his wagon with debris, but it struck the horses over the haunches with so much force as to crush them flat to the ground. Strangely, no bones were broken and the animals sprang to their feet and went on at a speed they had never aspired to before. — Florence West.

A CURE FOR MISERY

"I have found a cure for the misery malaria produces," says R. M.

James, of London, S. C. "It's called Electric Bitters and comes in 50 cent bottles. It breaks up a case of chills or a bilious attack in no time and it puts yellow jaundice clear out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints, and the misery of lame back. Sold under guarantee at W. A. Kuykendall's drug store.
