**WILLIAMSON'S ACQUITTAL SEEMS ALMOST CERTAIN**

Portland, Jan. 7.—In the light of the supreme court's decision of yesterday Congressman Williamson's acquittal, when his case comes on again for retrial, seems almost certain.

The conviction and punishment of Dr. Van Gesner and Marion Biese, who were co-defendants with Williamson, seems, in the light of the decision, to have been unmarred. Dr. Van Gesner was but recently released from the county jail of Multnomah county, after undergoing a sentence of five months' imprisonment and paying a fine of \$1000. Marion B. Biese is still in the same jail, under sentence of ten months' imprisonment and \$500 fine.

**Sentenced by Hunt.** The conviction of Williamson, Biese and Van Gesner occurred September 27, 1905, on their third trial. They were sentenced by Judge Hunt October 14, 1905. Each of the earlier trials resulted in a hung jury. Francis J. Heney was the prosecutor and the defendants were represented by Judge Bennett, of the Dalles, and Judge Wilson.

The three defendants were accused of inducing various persons in Crook county to take up claims, which, it was charged, they afterward agreed before final proof to sell to Williamson and Van Gesner. Scores of witnesses were called from Crook county and other parts of the state, and an army of special agents was employed in watching the jury, the defendants, the attorneys and the witnesses.

The conclusion of the supreme court is that a contract of sale made by the entryman after he has filed his application for the entry, but before he has made his final proof, is not a violation of the federal land laws. In view of this ruling, a number of the land fraud cases now pending must probably be dismissed, as the same state of facts exists in them as in the Williamson case. It is possible also that the decision may affect the case of W. N. Jones and Thaddeus Potter, who were convicted, but whose cases are now on appeal.

**GIRL ATTEMPTS TO COMMIT SUICIDE**

Hattie Chapman, aged about 20 years and employed as a waitress in the Blue Front restaurant, attempted to suicide yesterday afternoon by swallowing about half an ounce of carbolic acid. She left the restaurant during the afternoon and went to her room in the Holden building across the street. An hour or two later she was wanted and some one went over to the room to call her, but found the door locked. Later the odor of carbolic acid was noticed in the room and entrance was made through a window. The girl was found lying on the bed in an unconscious condition with the bottle of acid half empty by her side. Dr. McDougall was called and he administered the usual remedies. Late in the night she regained consciousness and today she is much better, and will probably recover. She will say nothing as to the cause of her rash act and it is not known why she did it. Her mother, who lives at Elmira, is with her today.

**EUGENE PROPERTY WILL GROW VALUABLE**

Blair street addition property is sure to double in value within the next two years. Two electric railroads are coming up the valley from Portland and both of them must enter the city from the west, and the line that will tap the Siuslaw country can not go out in any other direction. As sure as water runs down hill, Eugene must build down the valley—because the business is there. There are both acreage tracts and large lots in this addition, only a mile from the business center and three blocks from the Geary public school.

Prices are very reasonable and you may make your own terms, a small payment down and monthly installments if you desire. See the Oregon Land Co. at 412 Willamette street, or write them for particulars and prices.
