## MISS KELLY ON VERGE OF NERVOUS BREAKDOWN

Miss Winifred Kelly, who returned to Eugene yesterday afternoon, is reported ill in bed. She refused to tell why she suddenly left home, but it has been learned from the registrar that the girl has not been attending the University this year, as her family had supposed. Her uncle, Dr. W. L. Chesire, explains that Miss Kelly, believing that she had failed in her June examinations, was under the impression that she would not be able to take up her college work until the opening of the second semester.

Pearing to let her parents know that she had not re-entered the University, the girl went to the campus each day, but the strain of trying to keep the secret from her mother has been too much, and she is now on the verge of a nervous breakdown. Rather than face her mother with the truth, because she had been reproved for failure in previous years in high school work, she decided to leave on the impulse of the moment and to let the future take care of itself.

The family is again united and happy, but the saddest part of the whole affair is the fact that the young woman labored under a misapprehension regarding her standing in college, which in no way would have prevented her from taking up her studies when the University opened in September last.

## KUBELIK AND PARTY ARRIVE IN PRIVATE CAR

Jan Kubelik, the noted Bohemian violinist, arrived in Eugene this afternoon from Portland to fill his engagement at the Eugene theatre tonight. He came in his private car, "Oceanic," and is accompanied by Mrs. Bertha Roy, who will appear on the program as pianist, and Herr Ludwig Schwab, accompanist, Kubelik's personal representative, and a number of others. The party walked about the city during the afternoon for exercise, the slow ride up from Portland being very tiresome.

Kubelik was greeted on the street after his arrival this afternoon by V. Robovsky, who came from the place where Kubelik was born and knew the musician when he was a boy. When Mr. Robovsky made himself known the great violinist beamed with pleasure, and they chatted quite a while in their native tongue.

The advance sale of seats for the recital tonight has been very large, and there promises to be a crowded house.

## CAREY MARTIN WINS IN LEGAL BATTLE

Salem, Or., Jan. 9.—Carey F. Martin, the Salem attorney indicted on a charge of subornation of perjury, won a victory in the circuit court today and may go entirely clear. After the jury had been drawn and the introduction of evidence had begun, Judge Burnett rejected introduction of the documents upon which the charge of perjury was based, and in this situation District Attorney McNary could not proceed, so moved to dismiss the indictment. Attorney M. L. Pipes, for the defendant, insists that since a jury has been sworn Martin cannot be brought to trial again for the same offense.

The charge against Martin is that he procured L. J. Luper to swear that the allegations in the complaint of Luper's divorce suit were true, whereas they were not true. District Attorney McNary offered the complaint in evidence, and Pipes objected because it therein appeared that Luper merely swore that the complaint was true, "as I verily believe." The point is a new one, and it aroused much interest among the attorneys.

Judge Burnett held that since the indictment averred that Luper swore the complaint was true, whereas the document offered in evidence showed that he merely swore that he believed it true, the evidence could not be admitted. As this evidence was essential, the case ended at once and the jury was discharged.

## THUANT OFFICER BRISTOL VISITS PUBLIC SCHOOLS

J. O. Bristol, truant officer for Eugene, visited the Geary school this afternoon to investigate conditions in his line there. He was invited by Principal Parker to address the pupils in each room in regard to the truant law, and he told them what they were expected to do to obey the law. He found that six children in the school were playing truant, and he visited their parents and asked them to compel them to go to school. He had previously visited the Central school and found four truants. When their parents were seen it was found that two of the boys were thought to be in attendance at school, but that they came down town every day and went home at the regular hours, thereby deceiving their folks.

Mr. Bristol says the law will be enforced to the best of his ability and whenever he finds that children are idling their time away instead of being in school action will at once be taken to compel them to attend.

## PORTLAND WOMAN KILLED IN WRECK

San Jose, Cal., Jan. 9.—Southbound train No. 10, Sunset express, on the Southern Pacific railroad, was wrecked early this evening at Ruckler, 2 1/2 miles above here, and Mrs. A. P. Boyd and her little son, of Portland, Or., were killed. An unknown tramp, stealing a ride on a brake-train, was also killed. Twelve injured have been taken to the Gilroy hospital, where their injuries were treated.

## JUDGE DUNNE SAYS COURT WAS BIASED

San Francisco, Jan. 9.—Superior Judge Dunne, before whom Schmitz was convicted and Ruef pleaded guilty, did not hesitate to criticize the action of the court of appeals. He said:

"It is to be regretted that the hearing of this appeal came up before a court whose members have relatives and intimate friends against whom many indictments were returned by the grand jury that returned these true bills. In view of these facts, I do not believe that the court was in the proper frame of mind to give this matter an impartial consideration and decide it strictly upon its merits. I am satisfied that the evidence and the law sustained the judgment and the verdict.

"I will further say that the jury which returned this verdict in accordance with the evidence and the law, will be remembered with respect and honor in the community long after the court which set aside the verdict has been forgotten."

His counsel are M. L. Pipes, of Portland, and William H. Holmes, of Salem, and himself, he being a criminal lawyer of marked ability. The prosecution is in the hands of District Attorney McNary and promises some sensational developments.

## ABYSSINIA TAKES TOWN FROM ITALY

## SUPERINTENDENT HILL BLAMES MASTER WARDEN

Roseburg, Or., Jan. 9.—T. H. Hill, superintendent of the Umpqua fish hatchery, has resigned because, he says, the master fish warden has neglected or refused to visit the hatchery for four years, leaving the local superintendent the responsibility of doing all the work and managing the same. This responsibility he did not care to assume, realizing that it was unjust to him and unfair to the taxpayers of the state. He feels that the Umpqua hatchery is deserving of a good attention and care as any other. There are important matters requiring the attention of superior officers, and the delay in attending to them has impaired the efficiency of the hatchery that rather than take the blame of the delay he resigned.
